**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL
USE.**

Notice is hereby given that at 6 p. m. on the 31st day of March, 1955, at Gibbonsville, County of Lemhi, State of Idaho, before Lena

Heidt, Notary Public, proof will be submitted of the application to beneficial use of .05 cubic feet per second of the waters of Unnamed Spring in accordance with the terms and conditions of Permit No. 25270 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the persons holding said permit are Sidney C. Smith and Grace H. Smith, Gibbonsville, Idaho.

The use to which said water has been applied is Domestic Purposes.

The amount applied to beneficial use is .05 cubic feet per second.

The place where said water is used Point of use of water: S. 34° 158 E. 154.5 feet distant from No. 10 corner of Mineral Survey No. 3303, High Tariff Placer, patented mining claim at claimants dwelling.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Unnamed.

The right to take water from such works is based upon Permit No. 25270.

The source of supply from which such water is diverted is Unnamed spring.

The date of priority which said user is prepared to establish is November 13, 1954.

MARK R. KULP,
State Reclamation Engineer.

License and Certificate of Water Right

Water License No. 25270

Amount 0.05 second foot

Water District No.

Priority November 13, 1954

THIS IS TO CERTIFY that SIDNEY C. & GRACE H. SMITH
 of Gibbonsville, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated November 13, 1954; that Permit No. 25270
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
 0.05 second foot, was issued thereunder on October 28, 1955, showing that said works
 were completed on the 31st day of March, 1955; and that on the 31st
 day of March, 1955,

SIDNEY C. & GRACE H. SMITH

of Gibbonsville, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of an un-named spring
 a tributary of North fork Salmon River, for the purpose of domestic uses
 under Use Permit No. 25270 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
 9 of Licenses at page 5570, on the 28th day of October, 1955;

The right hereby confirmed dates from November 13, 1954;

The Point of Diversion is located N. 89°15' W. 429 ft. from Corner # 10 of Mineral Survey
 No. 3303, High Tarriff Placer patented mining claim in unsurveyed
~~Section~~ ~~22~~ Sec. 22, Tp. 27 N. R. 21 E., B. M. Lemhi County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 0.05 cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Dwelling of the applicants located S. 34° 158' E. 154.5 feet from Corner # 10 of Mineral Survey No. 3303, High Tarriff Placer patented mining claim, in Unsurveyed Section 22, Township 27 North, Range 21 East, B.M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
 of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
 28th day of October, 1955.

Permit No. 25270/

Dear Mr. Kulp:

I have yours of the 18th and noted. Herewith inclosed check No. 73 in the sum of \$5.00 for license for the use of water as per above permit.

that
In letter you state/## spring is located in NW $\frac{1}{4}$ of Section 22, etc. Unless you have this information from some one I am not sure that the spring is in NW $\frac{1}{4}$ of Section 22. It is not so stated in the Map of the layout n r is it stated in ~~###~~ the Application for Permit. Neither was it so stated as to the Patent as far as I recall.

Just speak of this that you may be sure in the wording of the license.

We are glad to hear that this permit is about concluded. Thank you for your care and all.

Very truly yours,

RE: Permit No. 25270

Mr. Sidney C. Smith
Gold Nugget Mine
Gibbonsville, Idaho

Dear Mr. Smith:

Your letter of September 25 in regard to the above numbered Permit reached the office this morning during Mr. Kulp's absence.

You are quite right and we do have your check for \$5.00 on the Compton National Bank of California in payment of the fee for completion of works on Permit No. 25270.

Our letter of January 18 to which you refer was evidently misfiled which was the reason Mr. Kulp could not locate it when you were in the office last month.

You will hear from us again upon Mr. Kulp's return in regard to the engineer's report on this Permit and the amount of the License fee.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

GRACE H. SMITH
SIDNEY SMITH

ON U.S. HIGHWAY NO. 93
GIBBONSVILLE, IDAHO

Mr. Mark R. Kulp,
State Reclamation Engineer,
Boise Idaho.

RE: Permit No. 25270

Dear Mr. Kulp:

We have just returned from our trip. You will recall that was in your office on 25 August with Allen Merritt. I asked regarding a check we had sent you and you seemed to have no record of it or the letter. I looked up in our files and find:

Letter of January 12th, 1955 as follows: Dear Mr. Kulp: Herewith are the papers filled out as you requested in your letter of January 8, 1955.

Also is included check in the sum of \$5.00 No. 970.

We believe that the papers are filled out properly, if not will do again if you wish.

As to the date and the Notary Public, at times Mrs. Heidt has been gone from Gibbonsville account of health and other reasons and should she nbe gone may have to wait or something else. Penta

As you will note, the spring box is made of Treated Wood instead of Concrete, a minor matter.

Signed Sidney C. Smith. And copy of your reply: January 18, 1955.

Dear Mr. Smith:

We acknowledge receipt of your letter of January 12 enclosing affidavit in proof of completion of works on Permit No. 25270 accompanied by the statutory fee of \$5.00; also notice for proof of beneficial ~~work~~ use to be made on this Permit March 31, 1955.

A copy of the notice will will be sent to the Recorder Herald of Salmon, Idaho, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

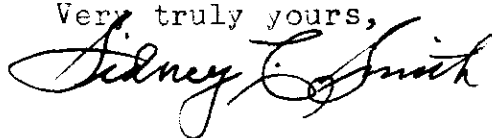

At the time you should appear before Mrs. Heidt, Notary Public, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the inclosed depositions.

Another paragraph and a P. S. follows. Signed Jeanne L. Anderson,
Chief Clerk.

It would seem that these or part have been misplaced in your office. The order for printing would not have been given without the fee and deposition, it seems.

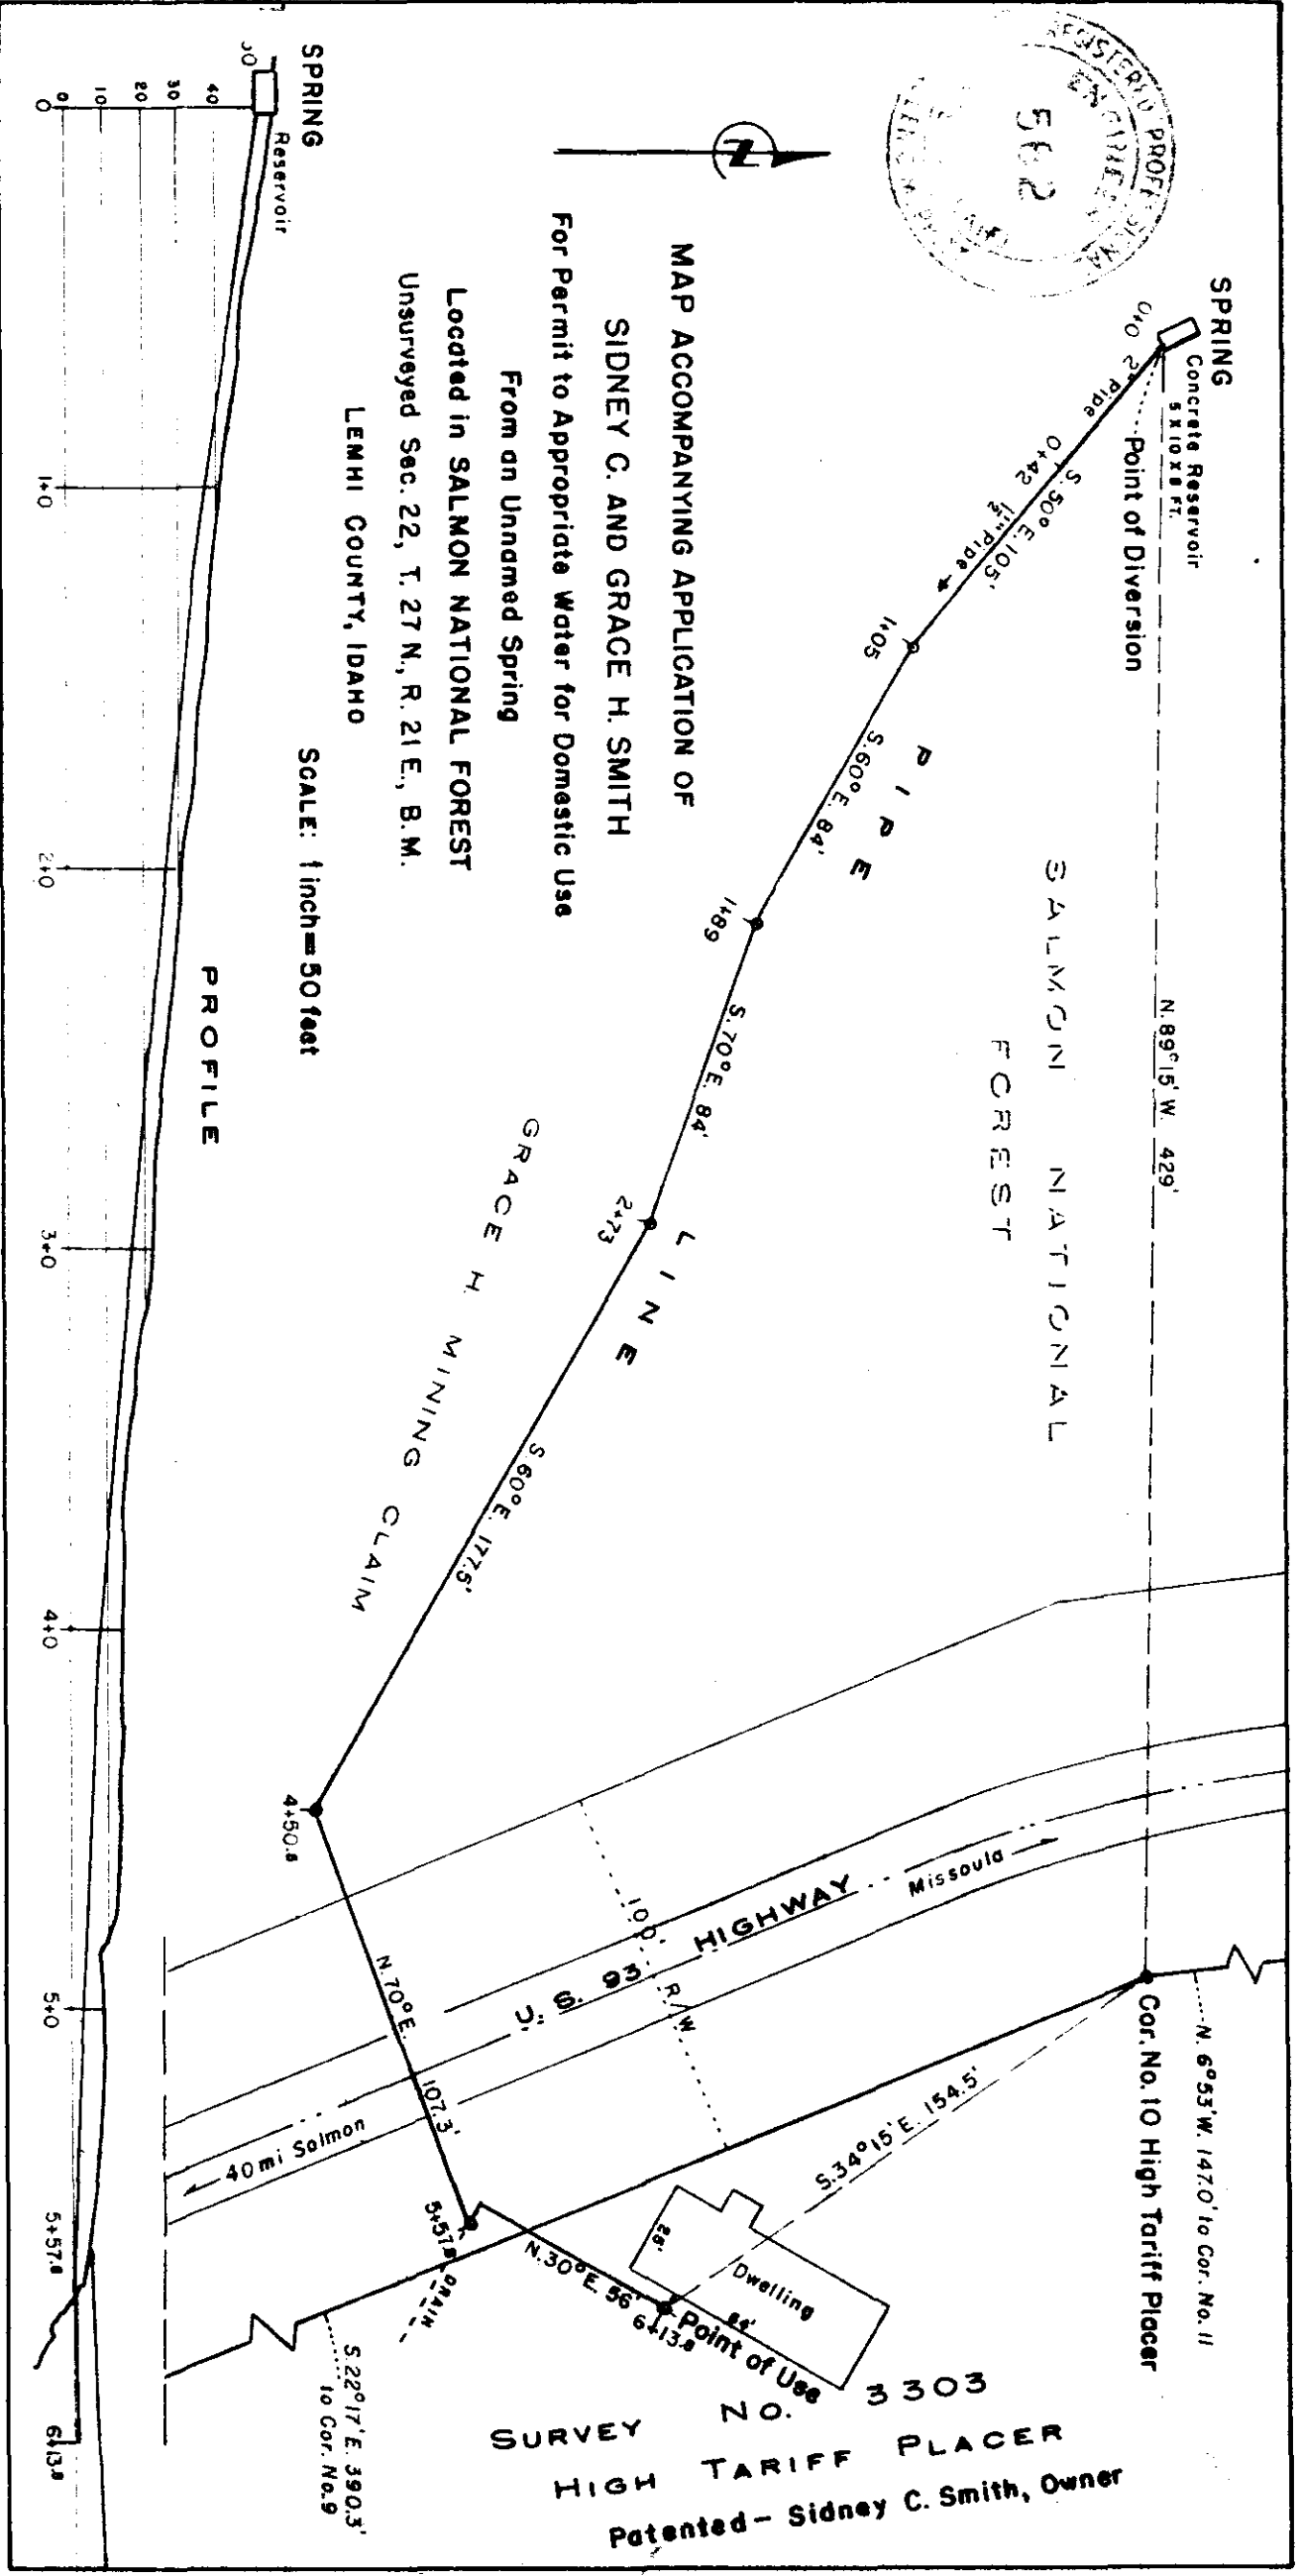

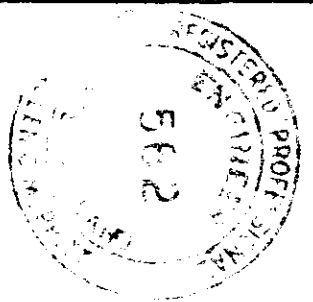

We will be home now so will watch for letter from the examining engineer. I hope that you locate these.

Very truly yours,

3. Location of point of diversion: Is in the unsurveyed NW $\frac{1}{4}$ of Section 22
T. 27 N. R. 21 E. B.M., County of Lemhi
4. Describe works as they exist, giving dimensions and capacities of same:
Covered collecting reservoir 5 by 10 ft. by 8 ft. deep, constructed of treated
wood plank (later to be reconstructed of concrete); capacity 350 cu.ft. = 2,600
gal. Pipe line consisting of 42 ft. 2-inch and 571.8 ft. 1 $\frac{1}{2}$ -inch standard screw
joint galvanized iron pipe, to point of use at dwelling of applicant. Total head
50 ft. Approximate maximum discharge capacity of pipe with loss of head of 25 ft.
= 10 to 12 psi at discharge. Approximate beneficial use 250 gpd = 0.02 cfs.
5. Water is used for: Domestic purposes.
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Place of use is at dwelling of applicants, for domestic water supply.Accompanying map represents location of point of diversion, route of pipe
line and location of terminal at point of use. Located in Salmon National
Forest on US 93 Highway about 40 miles north of Salmon, Lemhi County.Map prepared by undersigned from compass survey and measurement on the ground
Sept 27, 1954, at which time all works were completed and in use. As location is
on unsurveyed land, ties were made to corners of U. S. Mineral Survey No. 3303,
High Tariff Placer, patented mining claim belonging to applicants.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? North Fork of Salmon.
- Remarks: See 7. above.

I hereby certify that the foregoing is a true and correct report on the
Completion of Works and Beneficial Use under Permit No. 25270 made by me

Prior to filing Application for Permit

This examination was made on the 27th day of September, 1954.

(Signed)

Ruben C. Merritt
Examiner.

619 Grove St., Boise, Idaho

25270

Permit No. 25270.....

Examination for Completion of Works and
Beneficial Use

County Lehi.....

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
 6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 25270

Dear Mr. Kulp:

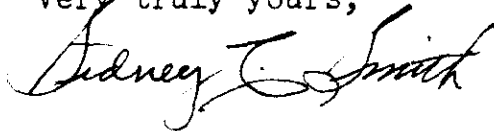

So far the field examination has not
been taken on above.

We plan to be away from here begining the 20th of this
month for perhaps up to 3 or 4 weeks.

Perhaps before then your engineer will be here but if
he does not I believe that it will not be diffucult
for him to look the installation over. It crosses the
Highway below the mail box and then angles up to the
spring box through a rather well defined opening.

I trust that this will be satisfactory to you. We will
be glad to have this completed.

Very truly yours,

RE: Permit No. 25270

Mr. Sidney C. Smith
Gold Nugget Mine
Gibbonsville, Idaho

Dear Mr. Smith:

We now have the Affidavit of Publication in the
Salmon Recorder Herald which completes proof of Beneficial
Use on Permit No. 25270.

Before final action is taken the law requires that
a field examination be made by an engineer from this Department.

We cannot say just when this examination will be
made, but our field engineer will contact you at the time he
makes the examination in order that you may arrange to show him
over the ground.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE FOR PUBLICATION
NOTICE OF PROPOSED APPLI-
CATION OF WATER TO BENEFICIAL
USE**

Notice is hereby given that at 6
p. m. on the 31st day of March,
1955, at Obboonsville, County of
Lemhi, State of Idaho, before Lemhi

Heldt, Notary Public, proof will be
submitted of the application to
beneficial use of 65 cubic feet per
second of the waters of Unnamed
Spring in accordance with the
terms and conditions of Permit No.
25270 heretofore issued by the
State Reclamation Engineer of the
State of Idaho.

The name and postoffice address
of the persons holding said permit
are Sidney C. Smith and Grace H.
Smith, Obboonsville, Idaho.

The use to which said water
has been applied is Domestic Pur-
poses.

The amount applied to beneficial
use is 65 cubic feet per second.

The place where said water is
used Point of use of water: S. 34°
E. 104.5 feet distant from No.
10 corner of Mineral Survey No.
3000, High Tarriff Placer, patented
mining claim at claimants dwell-
ing.

The name of the canal or ditch
or other works by which said water
is conducted to such place of use is
Unnamed.

The right to take water from
such works is based upon Permit
No. 25270.

The source of supply from which
such water is diverted is Unnamed
spring.

The date of priority which said
user is prepared to establish is
November 13, 1954.

MARK R. KULP,
State Reclamation Engineer.

Mark R. Kulp,
State Reclamation Engineer,
State Capitol Building
Boise, Idaho.

Dear Mr. Kulp:

Inclosed are the affidavits of the witnesses and ourselves.

We were in Mrs. Heigt's office for over an hour and signed the papers well after 6 P. M. No one entered any protest as to these proceedings.

I noted where you are to send an engineer to look over the works. That being the case, I would suggest that he not come until he is sure the snow is well off. Right now from three to four feet cover things.

I trust that we have now fulfilled your requirements.

Very truly yours,

Permit No. _____

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Sidney J. Smith and Grace H. Smith, residing on our mining property on U.S. Highway No. 93 about 9 miles N. of Giltonville. Retired on same mining property. Gibbonsville, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not so acting.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 25270. November 13, 1954. Priority: - November 13, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Unnamed spring. Point of diversion, location of spring: 89° 15' W-- 429 feet from Corner No. 10 of Mineral Survey No. 3303 High-Tariff Placer, patented mining claim in unsurveyed Section 22, T27, R21 E. B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Spring Box about 5' x 10' x 6' Penta treated wood. 42 feet of 2" and 571.8 feet of 1½" galv. iron pipe. About 25 gals. per minute, or .05 cu. ft. Gravity, about 50' head. per second.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic use in and about our home. We have in mind an accumulating reservoir and using the water for several outlets, buildings.

25270

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. See ques. No. 6.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. At present in and about our home.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Same persons, original applicants.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since summer of 1949 have used in preparation for and building of ~~and building of~~ our home. We have lived in dwelling since September, 1952.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have used no other water about this dwelling.

REMARKS: We developed this spring from what seemed to be only a damp spot in the woods.

PERMIT NO. 25270

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

James Ford, Gibbonsville, Idaho; age 41; maintenance foreman, Idaho
Ans. State Highway Department, U. S. Highway No. 93.

Ques. 2. Are you acquainted with Sidney C. and Grace H. Smith, the
holder of Permit No. 25270? How long have you known him and where does ^{they} ~~he~~ reside?

Ans. About 15 years. They reside about 9 miles north of Gibbonsville,
Idaho on U. S. Highway No. 93 and south of West Fork of the North
Fork of the Salmon River.

Ques. 3. Have you read or heard read said Permit No. 25270, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Unname^d Spring. Location of point of diversion: 89° 15' W. 429 feet
from Corner No. 10 of Mineral Survey No. 3303, High Tariff Placer, pat-
ented mining claim in unsurveyed Section 22, T27, R21 E., S. 4. Spring
Box and 42 feet of 2 inch and 571.8 feet 1½ inch galv. pipe. to their
home.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Engineer's estimate .05 cu.ft. per second. 5/8" hose full.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Domestic purposes at home of Sidney C. Smith and Grace H. Smith.

25270

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Domestic purposes.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not so used.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. From time to time as passing or visiting the Smiths.-Domestic purposes or sprinkling about their home.

(Signed)

James Ford.

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Gibbonsville, County of Lemhi, State of Idaho, on this 24th day of March, A. RE: Permit No.25270.

Dear Mr. Kulp:

In regard to the filing of the Form 16 by our two witnesses, is there any good reason why they cannot appear before Mrs. Heidt, Notary at Gibbonsville prior to March 31st at 6 P. M.?

The reason why I ask this is that the men I am asking are working on the highway and at this time of the year there is no predicting when it is stormy and necessary that they work at keeping it open for traffic. Quite often they are out at all hours of the night in doing this.

I am sure it will be easier for them if this is possible, and of course, for us.

We were in Salmon yesterday and the first notice was printed in the paper Thursday, the 3rd. The Editor said it was received very close to deadline.

Thanking you,
Very truly yours,

Sidney C. Smith

RE: Permit No. 25270

Mr. Sidney C. Smith
Gibbonsville
Idaho

Dear Mr. Smith:

Reference is made to your letter of January 5 inquiring as to what is necessary to complete your water right under Permit No. 25270.

This permit will require, in order to complete the water right and obtain a license, the following proofs. As you will note from the conditions given on the fourth page of the Permit, these proofs are due on or before November 13, 1955. But since the work is complete and the water is being beneficially used, the proof may be made at any time prior to the due date.

Proof of completion of works should be made on Form 6 enclosed, executed before a Notary Public and returned to this department with the statutory fee of \$5.00.

Before making proof of beneficial use, the law requires publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made. The time must be set far enough ahead to allow for the four weeks publication and the proof may be made at Gibbonsville or any place convenient for you and your two witnesses.

Both copies of Form 10 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used by yourself and two witnesses in making the proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

GOLD NUGGET MINE

ON NO. 93 U. S. HIGHWAY
GIBBONSVILLE, IDAHO

GRACE H. SMITH
SIDNEY C. SMITH

5 January 1955

Mr. Mark R. Kulp
State Reclamation Engineer
Boise Idaho.

RE: Permit No. 25270
(Water) Approved Nov. 13, 1954.

Dear Mr. Kulp:

The above application was handled by Mr. Allen C. Merritt,
Civil and Mining Engineer, Boise.

As it now stands is this complete or is there other things to do about
it? I gathered that there were some papers to be sent by you, if sent
we have not received them.

If there is anything else to be done we will appreciate it if you
will outline them for us. We will then get at it.

It may be of help for you to know that the land on which this spring
is located is on a mining claim held by me for over 20 years. This
claim is bounded on the east by the Right of Way of U. S. Highway
No. 93 and we are bounded on the west ~~by~~ the R.O.W. as to our patented
land. The rest of the mining claim is bounded by the Salmon Na-
tional Forest. In the foreseeable future there is not apt to be any
other land holders in this area.

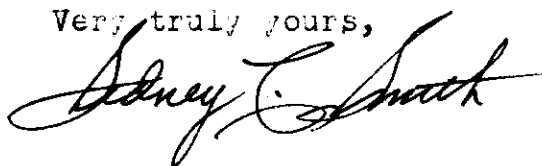

Before piping the water for our use I got a permit from the State
Highway Department to bring the water across the highway.

The work is completed and the water is being used so any other pro-
ceedings should be carried on with that in mind.

We developed the spring from a wet spot.

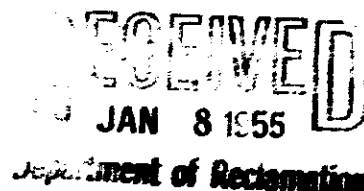

We appreciate your approval of our use of this water and for any other
information.

Very truly yours,

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL
USE.**

Notice is hereby given that at 6 p. m. on the 31st day of March, 1955, at Gibbonsville, County of Lemhi, State of Idaho, before Lena Heidt, Notary Public, proof will be submitted of the application to beneficial use of .05 cubic feet per second of the waters of Unnamed Spring in accordance with the terms and conditions of Permit No. 25270 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the persons holding said permit are Sidney C. Smith and Grace H. Smith, Gibbonsville, Idaho.

The use to which said water has been applied is Domestic Purposes.

The amount applied to beneficial use is .05 cubic feet per second.

The place where said water is used Point of use of water: S. 34° 158 E. 154.5 feet distant from No. 10 corner of Mineral Survey No. 3303, High Tariff Placer, patented mining claim at claimants dwelling.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

Unnamed.

The right to take water from such works is based upon Permit No. 25270.

The source of supply from which such water is diverted is Unnamed spring.

The date of priority which said user is prepared to establish is November 13, 1954.

MARK R. KULP,
State Reclamation Engineer.
