NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 2nd day of July, 1954, at Salmon, County of Lemhi, State of Idaho, before C. Walker Lyon, Notary Public, proof will be submitted of the application to beneficial use of four (4) cubic feet per second of the waters of Boulder creek in accordance with the terms and conditions of Permit No. 24373 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Roy C. Cope, Shoup, Idaho.

The use to which said water has been applied is power and domestic.

The amount applied to beneficial use is four (4) cubic feet.

The place where said water is used North 83° 32' East 891.9 feet from the No. 3 Corner, U. S. Lot 38-B (Patented Mill Site) in unsurveyed Section 30, Township 24 North Range 19 East B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Cope Line.

The right to take water from such works is based upon Permit No. 24373.

The source of supply from which such water is diverted is Boulder Creek, which is a tributary of Salmon River.

The date of priority which said user is prepared to establish is August 24, 1953.

MARK R. KULP
State Reclamation Engineer

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

75-2122

APPLICATION No. 32169
 PERMIT No. 24373
 DISTRICT No.

Allen C. Merritt
 619 Grove St.
 Boise, Idaho

1. Name of Applicant: ROY C. COPE

Postoffice address: Shoup

County: Lemhi

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: Four (4)

cubic feet per second.

3. Source of water supply: Boulder Creek

which is a tributary of Salmon River

4. Location of point of diversion: S. 82° 08' E., 420
 U.S. Lot 38-B (Patented Mill Site)

feet distant from the No. 3

corner of ~~Section 30~~ ~~U.S. Lot 38-B~~, and is in the unsurveyed

of Section 25, T. 24 N., R. 18 E., B.M., County of Lemhi

5. Water is to be used for Power for lighting and for domestic water supply.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: N. 83° 32' E. / ^{891.9} feet distant from No. 3 corner of ~~Section~~ U.S. Lot 38-B
 (Patented Mill Site)

~~Ex~~, ~~Bx~~, ~~B.M.~~, in the unsurveyed of Section 30, T. 24 N., R. 19 E., B.M.

(b) Amount of power generated: 14 H.P., under 38.5 feet head.

(c) Water is to be returned to Boulder Creek at a point of use feet

distant from the corner of Section, T., R., B.M., in the

of Section, T., R., B.M.

7. Estimated cost of works: \$ 2,000.00

8. Kind of works: diversion dam, pipe

9. Height of dam 3.5 feet; length of dam at top 18 feet; length of dam at bottom 10 feet

~~mat~~; material used in dam: timber, rock and earth

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

430 ft. 11 inches

Diameter of pipe 70 ft. 15 inches; length of conduit 500 ft. miles.

Average grade per mile total drop 39.35 feet.

12. The time required for the completion of such work is now fully com-^{pleted} years.

13. The time required for the complete application of the water to the proposed use is three additional years.

14. The land to be irrigated is described in the following tabulation: See remarks. No irrigation

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Re: License No. 24373 - Roy C. Cope
" " 21983 - Montana Coal & Iron Co.

Sherman F. Furey, Jr.
Attorney at Law
Salmon, Idaho

Dear Mr. Furey:

Enclosed is a copy of License No. 24373 you requested in your letter of May 16, 1960, and form for transfer of water right. The fee for the copy is \$1.00 which you may remit to this office.

Water License No. 24373 is one of two valid water rights of record in this office out of Boulder Creek. The license was issued to Roy C. Cope, November 5, 1954, for 4.0 c.f.s., priority August 17, 1953 for 3.98 c.f.s. for power purposes and 0.02 c.f.s. for domestic use in unsurveyed Section 30, T. 24 N., R. 19 E.

Water License No. 21983 was issued to Montana Coal and Iron Co. for 5.0 c.f.s., priority March 3, 1951, for power development for mining and milling in approximate Section 25, T. 24 N., R. 18 E.

Both of these rights are for non-consumptive use or practically so as the 0.02 c.f.s. in the Cope license would not be sufficient water. Transfer of licensed water from non-consumptive to consumptive use is not ordinarily permissible except the date of priority would be advanced to the date the request of transfer is received in this office, being the same date allowed in case of an application for permit.

The transfer of a Licensed Water Right to new ownership is by deed. Then the town of Shoup would have to request a transfer of point of use and possibly in point of diversion, and a change in use from power to domestic or municipal. Possibly an application for permit would be the simple method.

We have no record of any decree of the waters of that Boulder Creek.

Very truly yours,

GEO. W. CARTER
State Reclamation Engineer

SALMON, IDAHO

Department of Reclamation
State House
Boise, Idaho

Attention Mr. Roy W. Thompson

Dear Roy:

I'm working on a proceeding under the Townsite Act to have the town of Shoup, Idaho, declared a townsite so that the residents can get their ground patented. In connection with this proceeding, we have to show a water supply source. Roy Cope, an old timer in the town, says that he obtained, in his own name, a decreed right from Boulder Creek for 4 cubic feet per second of water for use for domestic and power purposes. I checked with the Recorder today to get a copy of the Decree, but they don't find it in their records, and I suspect that the right is a permitted right rather than a decreed right.

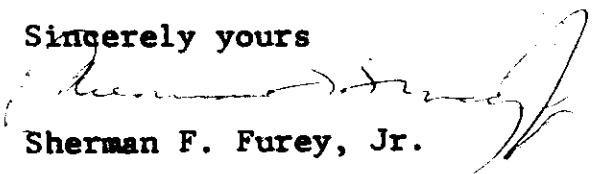

As you probably know, the town of Shoup, Idaho, is approximately 18 miles down river from North Fork, Idaho, in a northwesterly direction. The town is located on the Salmon River, and Boulder Creek flows adjacent to the town on the westerly side.

I need to obtain a copy of the Decree or Permit (whichever it is) covering this right to attach to my Townsite application.

I'd appreciate it if you would send me a copy of whatever you have on this. Would you also let me know what will be necessary in order for Mr. Cope to transfer his interest in this water right to the town of Shoup if and whenever it is declared to be a townsite.

With best regards, and thanks for any help you can give me on this.

Sincerely yours

Sherman F. Furey, Jr.

Dear Mr. Cope:

The report of our field engineer on examination for beneficial use on your Permit No. 24373 shows that you have used 4 second feet of water from Boulder Creek for power and domestic purposes on your patented mill site, in unsurveyed Section 30, Township 24 North, Range 19 East B.M.

Therefore upon receipt of the statutory fee of \$5.00 a license can be issued for 3.98 second feet for power and .02 second foot for domestic purposes.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 24373

Mr. Roy C. Cope
Shoup
Idaho

Dear Mr. Cope:

An inspection is required by law in connection with any Permit for the use of water being brought to license in Idaho.

I will make an inspection in connection with your Permit No. 24373 on Thursday, October 14. Please be prepared to accompany me on this inspection or have someone who is familiar with the works do so.

I probably will not arrive in Shoup until toward evening as I intend to inspect for Mr. Henry H. Kurry at Carmen in the afternoon before coming to your place.

Yours truly,

MARK R. KILP
State Reclamation Engineer

RE: Permit No. 24373

Mr. Roy C. Cope
Shoup
Idaho

Dear Mr. Cope:

We have received from Mr. C. Walker Lyon, the depositions of yourself and two witnesses also affidavit of publication in the Salmon Recorder-Herald, all in proof of beneficial use on your Permit No. 24373.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP

Permit No. 24373

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Roy C. Cope, Shoup, Idaho, merchant and mail carrier, Shoup, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 24373, August 24, 1953, August 24, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Boulder Creek, a tributary of Salmon River; S. 82° 08' E. 420 feet distant from the No. 3 corner of U.S. Lot 38-B (Patented Mill Site) unsurveyed Section 25, T. 24 N.R. 18 E.B.M., County of Lemhi.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Diversion dam, 3.5 feet high, 18 feet at top, 10 feet at bottom, timber, rock and earth; 70 feet 15" pipe, 430 feet 11" pipe; 4 cubic feet per second;

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Power for lighting and for domestic water supply.

PLACE OF USE: N. 83° 32' E. 891.9 feet distant from No. 3 corner of U.S. Lot 38-B (Patented Mill Site) in the unsurveyed Section 30, T. 24 N., R. 19 E.B.M.

24373

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Operates four foot Pelton wheel.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Four cubic feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was first used in 1942 but formal application was not filed until August 24, 1953; for power and domestic water supply, in the amount of four cubic feet per second.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

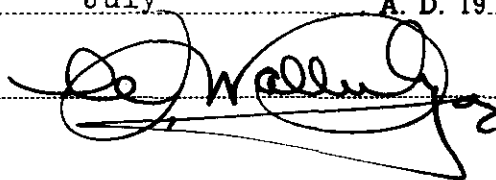

Ans.

PERMIT NO. 24373

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Charles A. Stauffenberg, fifty-three (53) years, Shoup, Idaho,
mining, Shoup, Idaho.

Ques. 2. Are you acquainted with Roy C. Cope, the
holder of Permit No. 24373? How long have you known him and where does
he reside?

Ans. I have known him over twelve years and he resides at Shoup,
Idaho.

Ques. 3. Have you read or heard read said Permit No. 24373, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Boulder Creek, a tributary of Salmon River; S. 82° 08' E. 420 feet
distant from the No. 3 corner of U.S. Lot 38-B (Patented Mill Site) un-
surveyed Section 25, T. 24 N. R. 18 E.B.M., County of Lemhi; diversion
dam, 70 feet 15" pipe; 430 feet 11" pipe.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Four cubic feet per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Power for lighting and for domestic water supply.
PLACE OF USE: N. 83° 32' E. 891.9 feet distant from No. 3 corner of
U.S. Lot 38-B (Patented Mill Site) in the unsurveyed Section 30, T.
24 N., R. 19 E.B.M.

24373

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Operates four foot Pelton wheel 4 cubic feet per second of
water used.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Garden and lawn.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since August 24, 1953, the date of the permit, by personal
inspection.

(Signed) Charles A. Stauffenberg.

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Salmon,

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 2nd day of July, 1954, at Salmon, County of Lemhi, State of Idaho, before C. Walker Lyon, Notary Public, proof will be submitted of the application to beneficial use of four (4) cubic feet per second of the waters of Boulder creek in accordance with the terms and conditions of Permit No. 24373 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Roy C. Cope, Shoup, Idaho.

The use to which said water has been applied is power and domestic.

The amount applied to beneficial use is four (4) cubic feet.

The place where said water is used North 83° 32' East 891.9 feet from the No. 3 Corner, U. S. Lot 38-B (Patented Mill Site) in unsurveyed Section 30, Township 24 North Range 19 East B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Cope Line.

The right to take water from such works is based upon Permit No. 24373.

The source of supply from which such water is diverted is Boulder Creek, which is a tributary of Salmon River.

The date of priority which said user is prepared to establish is August 24, 1953.

Re: Permits Nos. 24373, 20096

Mr. William Parsons
4714 45th South
Seattle, Washington

Dear Mr. Parsons:

Reference is made to your letter of June 23 regarding Permit No. 24373. In as much as Permit No. 20096 has a higher priority than Permit No. 24373, there should be no conflict of interest in these two Permits, since the State of Idaho recognizes prior rights.

However, at the time inspection is made, we will keep in mind your letter regarding this matter.

Yours truly,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Lyon:

We have your letter of June 4 enclosing duplicate copies of notice for beneficial use proof on Permit No. 24373 of Roy C. Cope to be made July 2, 1954.

We have changed the notice in one particular, giving the place of use as described in the permit, rather than "Village of Shoup, Lemhi County".

A copy of the notice is being sent to the Recorder Herald, by this same mail, with instructions to publish it once a week for four weeks prior to July 2, 1954 and to send Mr. Cope the affidavit of publication together with statement of costs.

If the place of use, as given above is not correct, it will be necessary to amend the application. In this case, in order to save time, please contact the Recorder Herald as to the correct place. An amendment can be recorded before the time set for proof.

We enclose the necessary forms of deposition to be executed by Mr. Cope and two witnesses in making this proof.

RE: Permit No. 24373

Mr. C. Walker Lyon
Viel Building
Salmon, Idaho

Dear Mr. Lyon:

On February 19th, we sent you the forms for making proof of Completion of Works and Beneficial Use on Permit No. 24373 in the name of Roy C. Cope, but these forms have not been returned to this Department.

Time for making these proofs is past due and the permit is subject to cancellation unless the matter is taken care of promptly.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 24373

Mr. C. Walker Lyon
Viel Building
Salmon, Idaho

Dear Mr. Lyon:

We have your letter of February 17 in regard to proofs on Permit No. 24373 in the name of Roy C. Cope.

We enclose forms of deposition to be executed by Mr. Cope and two witnesses, describing the works. These should state definitely that the works were completed prior to November 24, 1953, and they should be accompanied by the statutory fee of \$5.00.

Proof of beneficial use requires notice of publication once a week for four weeks prior to making the proof. This notice should be made in duplicate on forms 10 enclosed and both copies returned to this department together with form 11.

We shall then send a copy of the notice to the designated newspaper with instructions in regard to publishing same.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Kulp:

Re: Permit No. 24373
Roy C. Cope, Shoup, Idaho

A letter from your office, dated February 5th to Mr. Allen C. Merritt, Engineer, for Roy C. Cope, was handed to me by Mr. Cope for answer.

The work was completed under Mr. Cope's permit but it appears that the proof thereof was overlooked as I did not have the forms in my office to make proof. Please do not cancel the permit but send me the required forms to make proof as of November 24, 1953.

Very truly yours,

CWL:li

RE: Permit No. 24373

Dear Roy:

Enclosed is a letter received from the State Reclamation Engineer regarding your water permit.

I suggest that you contact Mr. Lyon and have him notify the Reclamation Department when you are in a position to make the required proof.

It appears that an extension of time in which to make the required proofs should be requested.

Very truly yours,

Allen C. Merritt

RE: Permit No. 24373

Mr. Allan C. Merritt
619 Grove Street
Boise, Idaho

Dear Mr. Merritt:

In checking our permit records on which proof of Completion of Works is past due, we find permit No. 24373 in the name of Ray C. Cope of Shoup, Idaho.

This application was filed by you and is for 4 second feet of water from Boulder Creek with point of diversion in unsurveyed Sec. 25, Twp. 24 N., R. 18 E., B. M.

The application stated that the works were completed and we allowed three months or until November 24, 1953, within which to make the statutory proofs required to complete the water right.

We think this may have been over-looked and before sending formal notice that the permit is held for cancellation we are writing you. An extension can be allowed if necessary or proofs of the permit holder and two witnesses can be furnished showing that the works were completed within the time set.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 11:00 A. M. on the 2nd day of July, 1954, at Salmon, County of Lemhi, State of Idaho, before C. Walker Lyon, Notary Public, proof will be submitted of the application to beneficial use of four (4) cubic feet per second of the waters of Boulder creek in accordance with the terms and conditions of Permit No. 24373 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Roy C. Cope, Shoup, Idaho.

The use to which said water has been applied is power and domestic.

The amount applied to beneficial use is four (4) cubic feet.

The place where said water is used North 83° 32' East 891.9 feet from the No. 3 Corner, U. S. Lot 38-B (Patented Mill Site) in unsurveyed Section 30, Township 24 North Range 19 East B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is **Cope Line.**

The right to take water from

such works is based upon Permit No. 24373.

The source of supply from which such water is diverted is Boulder Creek, which is a tributary of Salmon River.

The date of priority which said user is prepared to establish is August 24, 1953.
