There is a difference in location of P.D.
in the proofs. It is difficult to say with
certainty where the line is.

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 9:30 a. m. on the 23rd day of October, 1952, at Cobalt, County of Lemhi, State of Idaho, before James W. Caples, Notary Public, proof will be submitted of the application to beneficial use of 0.11 cubic foot per second of the waters of Meadow Creek in accordance with the terms and conditions of Permit No. 22353 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Calera Mining Company - Blackbird Division - Cobalt, Idaho.

The use to which said water has been applied is Mining Operations.

The amount applied to beneficial use is 0.11 cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Approximately 2,900 feet distant from Southwest corner of Section 21, Twp. 21 north, Range 18 East, B. M., in the SE¼ SW¼ of Section 21, Twp. 21 North, Range 18 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is 7400 Partal Water Supply for Calera Mining Company - Blackbird Mine.

The right to take water from such works is based upon Permit No. 22353.

The source of supply from which such water is diverted is Meadow Creek, a tributary of Blackbird Creek.

The date of priority which said user is prepared to establish is September 1, 1951.

MARK R. KULP

State Reclamation Engineer

Water License No. 22353

Amount 0.11 second foot

Water District No.

Priority September 1, 1951

THIS IS TO CERTIFY that CALERA MINING COMPANY
of Cobalt, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 1, 1951; that Permit No. 22353
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.11 second foot, was issued thereunder on September 15, 1952, showing that said works
were completed on the 12th day of September, 1952; and that on the 23rd
day of October, 1952,

CALERA MINING COMPANY

of Cobalt, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Meadow Creek
~~and Meadow Creek~~, for the purpose of mining
under Use Permit No. 22353 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5174, on the 29th day of October, 1953;

The right hereby confirmed dates from September 1, 1951;

The Point of Diversion is located
in the SW 1/4 SW 1/4, Sec. 21, Tp. 21 N., R. 18 E., B. M. Lemhi County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.11 cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			SE 1/4 SW 1/4 Section 21, Range 18 East, B.M.	Township 21 North,	

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
29th day of October, 1953.

E. N. HUMPHREY
Deputy State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

75-2117

APPLICATION No. 30087
 PERMIT No. 22353
 DISTRICT No.

1. Name of Applicant: CALEBA MINING COMPANY, Blackbird Division

Postoffice address: Cobalt

County: Lemhi

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: 1902(April 3), Jersey City, Hudson County, N. J.

(b) Amount of capital stock: \$200,000.00

(c) Amount paid in: \$200,000.00

(d) Names and addresses of directors: E. B. Schley, H. H. Sharp, Reeve Schley, Reeve Schley, Jr., H. M. Durning, C. E. Dunlap, P. D. Wagoner, E. Richter, G. H. Howard- 730 Fifth Avenue, New York City, N. Y.

II. The financial resources of the applicant are:

(a) Cash on hand: Fully owned subsidiary Howe Sound Company

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. Quantity of water claimed: 0.11

cubic feet per second.

3. Source of water supply: Meadow Creek

which is a tributary of Blackbird Creek

4. Location of point of diversion: Approx. 1900

feet distant from the Southwest

corner of Section 21, T. 21 N., R. 18 E., B. M., and is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$

of Section 21, T. 21 N., R. 18 E., B. M., County of Lemhi

5. Water is to be used for Mining.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: Approx. 2900 feet distant from S. W. corner of Section 21

T. 21 N., R. 18 E., B. M., in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 21, T. 21 N., R. 18 E., B. M.

(b) Amount of power generated:

H.P., under

feet head.

(c) Water is to be returned to Blackbird Creek

at a point Approx. 2900

feet

distant from the S. E. corner of Section 28, T. 21 N., R. 18 E., B. M., in the SW $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 28, T. 21 N., R. 18 E., B. M.

7. Estimated cost of works: \$3,000.00

8. Kind of works: Small concrete settling dam and pipe.

9. Height of dam 7 feet; length of dam at top 15 feet; length of dam at bottom 12

feet; material used in dam: Concrete

10. Size of headgate: Width

feet; height

feet.

11. Ditch: Width at bottom

feet; width at water line

feet; depth of water

feet;

dimensions of flume:

Diameter of pipe 4

inches; length of conduit 0.2

miles.

Average grade per mile 11.0

feet.

12. The time required for the completion of such work is One (1) years.

13. The time required for the complete application of the water to the proposed use is

None

additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

By LEN JORDAN

Governor.

Secretary of State.

REMARKS: A small concrete dam is constructed across Meadow Creek at the point of diversion. This reservoir, capable of holding 6,000 gallons of water, will act as a settling pond. The water will then be carried into the mine by 1,000 feet of 4-inch pipe. This water will be used as required in the mining operation; thence will flow from the mine at the 6850 portal; and thence the water will be carried into Blackbird Creek by approximately 250 feet of open ditch.

RE: License No. 18514, 22031, 22353 and R-924

Idaho Mining Company
J. D. McAuliffe, Manager
P. O. Box 514
Cobalt, Idaho 83229

Dear Mr. McAuliffe:

The licensed rights mentioned in your letter of December 6, 1968 are still on file in our office and in good standing. They have been re-numbered but otherwise they are still appurtenant to the place of use and for the purpose licensed. Once a license has been issued then they pass from one owner to another in legal transactions such as deeds, contracts, etc. None of the licenses have been changed to the Machinery Center or the Idaho Mining Company. The first license, 18514 (75-2034) is in the name of Howard Sims and J. G. Sims; all the others are in the name of Calera Mining Company.

We have filed a copy of your letter in each of the folders showing you are the present owners of the licenses.

It is not our office policy to decide abandonment. This would have to be done through the courts. Since we have not been so advised, the present licenses could be used by your company without further modification.

Very truly yours,

M. RUSSELL BOSCH
Administrative Assistant

COBALT, IDAHO - 83229

December 16, 1968

Idaho State Reclamation Service
Boise
Idaho

Gentlemen:

We have been reviewing licenses and certifications of water rights which were formerly held by Calera Mining Company at the Blackbird Mine in Cobalt, Idaho. We note that there were the following:

- (1) License No. 18514 - dated March 20, 1950 ⁷⁵⁻²⁰⁹⁴
Blackbird Creek *Howard Sims and J.G. Sims*
Maximum useage 0.5 cubic feet per second
For mining, milling and domestic use
- (2) License No. 22031 - dated October 29, 1953 ⁷⁵⁻²¹⁰⁶
Westfork Creek *Calera Mining Company*
Maximum useage 0.69 cubic feet per second
For mining and milling
- (3) License No. 22353 - dated October 29, 1953 ⁷⁵⁻²¹¹⁷
Meadow Creek *Calera Mining Company*
Maximum useage 0.11 cubic feet per second
For mining
- (4) License No. R-924 - dated May 13, 1954 *Calera Mining Company*
Blackbird Creek
Maximum capacity of 10 acre feet per annum
For settling pond for mill tailings

At the present time we are conducting a development program to determine if and when we might reactivate the mill and mine. We also are curious to know if these licenses were transferred to Machinery Center, from whom we have purchased a 51% interest. We would also like to know what steps we must take to get them transferred from Machinery Center to us or what we should do to renew them in the name of Idaho Mining Company. Please indicate what fee, if any, there is.

Yours very truly,

IDAHO MINING COMPANY

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 22353This proof is for Beneficial use In Water District No. _____1. Name of applicant Calera Mining Co., Blackbird Division, E.B. Douglas, Manager, Cobalt, Idaho2. Source of water supply: Meadow Creek3. Location of point of diversion: Is in the SE¹ SW¹ of Section 21T. 21 N. R. 18 E. County of Lemhi

4. Describe works as they exist, giving dimensions and capacities of same: Source of water in this case is Meadow Creek at about 7450' elevation, approx. 1000 feet West of the 7400' level portal. There is a concrete head wall across the draw approximately 36' long by 9' high by 12"

think backed by earth fill ^{forms} from a pond approximately 12' by 12' surface and from this a 6" steel pipe, later reduced to a 4" pipe leads to the mine tunnels. This water is used in the underground drills and supplies domestic water for the whole mine. There are 5 drills, 40 stopes, 10 to 15 heads.

5. Water is used for: Mining6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Place of Use: SE¹ SW¹ Section 21, Twp. 21 North, Range 18 East, B. M.See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

This examination was made on the 12 day of Sept, 19 53(Signed) E. A. Humphrey Examiner.22353

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 9:30 a. m. on the 23rd day of October, 1952, at Cobalt, County of Lemhi, State of Idaho, before James W. Caples, Notary Public, proof will be submitted of the application to beneficial use of 0.11 cubic foot per second of the waters of Meadow Creek in accordance with the terms and conditions of Permit No. 22353 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Calera Mining Company - Blackbird Division - Cobalt, Idaho.

The use to which said water has been applied is Mining Operations.

The amount applied to beneficial use is 0.11 cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Approximately 2,900 feet distant from Southwest corner of Section 21, Twp. 21 north, Range 18 East, B. M., in the SE 1/4 SW 1/4 of Section 21, Twp. 21 North, Range 18 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is 7400 Partial Water Supply for Calera Mining Company - Blackbird Mine.

The right to take water from such works is based upon Permit No. 22353.

The source of supply from which such water is diverted is Meadow Creek, a tributary of Blackbird Creek.

The date of priority which said user is prepared to establish is September 1, 1951.

Permit No. 22353

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. E. B. Douglas, Manager Calera Mining Company, Blackbird Division, Cobalt, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Calera Mining Company, Blackbird Division, Cobalt, Idaho, as Manager.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 22353, Dated September 6, 1951, Priority as of September 1, 1951.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Meadow Creek, approximately 1,900 feet distant from the S.W. corner of section 21T21N-R18E BM. in the SE $\frac{1}{4}$ - SW $\frac{1}{4}$ of section 21T21N-R18E BM.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Small concrete dam 7 feet high 15 feet long at top and 12 feet long at bottom. Reservoir capacity 6000 gallons. 4 inch pipe line from dam to 7400 level portal of Calera Mining Company.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Mining - Blackbird Mine of Calera Mining Company

22353

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For Mining purposes - No power generated.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Full normal flow of Meadow Creek

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the representative of the Corporation to whom the above mentioned permit was originally issued.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All that can be obtained

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Blackbird Creek Water License No. 18514 for .5 Sec. Foot. Blackbird Creek

Permit No. 20693 for 4.5 Sec. Foot. West Fork of Blackbird Creek Permit

No. 22031 for 1 Sec. Foot.

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Cecil J. Whitley, 41, Cobalt, Idaho
Engineer.

Ques. 2. Are you acquainted with E.B. Douglas, Manager Calera Mining Company, the holder of Permit No. 22353 Blackbird Division? How long have you known him and where does he reside?

Ans. 12 years, He resides at Cobalt, Idaho

Ques. 3. Have you read or heard read said Permit No. 22353, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Meadow Creek. Approximately 900 feet distant from 7400 level Portal of
Blackbird Mine. Small dam and Pipe Line.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. .5 Sec. Feet. Enter flow of Meadow Creek

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Mining

22353

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For use in drilling and other mine purposes

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. No irrigation

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have observed the dam, pipe line and several points of use during the summer of 1952, and full flow of Meadow Creek was used.

(Signed) Cecil J. Whitley

RE: Permit No. 22353

Celera Mining Company
Cobalt
Idaho

ATT: Mr. R. Richardson

Dear Mr. Richardson:

We have completed notice of beneficial use proof to be made on Permit No. 22353 on October 23, 1952, and as you failed to give the name of the Notary Public before whom proof is to be made, we have assumed that it would be made before Mr. James W. Caples, who acknowledged your proof of completion of works, and have inserted his name in the notice.

Copy of the notice has been sent to the Recorder Herald at Salmon, Idaho, with instructions to publish it once a week for four consecutive weeks prior to October 23, 1952, and to send you the affidavit of publication together with statement of costs.

At the time set, you should appear before Mr. Caples together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the depositions.

These forms, when completed, are to be returned to this department together with the affidavit of publication from the Recorder Herald.

Very truly yours,

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 9:30 A. M. on the 23rd day of October, 1952, at Cobalt, County of Lemhi, State of Idaho, before James W. Caples, H. P., proof will be submitted of the application to beneficial use of .11 cubic feet per second of the waters of Meadow Creek in accordance with the terms and conditions of Permit No. 22353 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Calera Mining Company - Blackbird Division - Cobalt, Idaho

The use to which said water has been applied is Mining Operations

The amount applied to beneficial use is .11 Cubic Feet Per Second

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Approximately 2,900 feet distant from S.W. Corner of Section 21, T.21N, R18E. B.M.
in the S.E. $\frac{1}{4}$ - S. W. $\frac{1}{4}$ of section 21, T.21N, R18E. B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is 7400 Partal Water Supply for Calera Mining Company - Blackbird Mine

The right to take water from such works is based upon Permit No. 22353

The source of supply from which such water is diverted is Meadow Creek a tributary of
Blackbird Creek

The date of priority which said user is prepared to establish is Sept. 1 - 1951
November 1, 1952

September 15, 1952

RE: Permit No. 22353

Calera Mining Company
Cobalt
Idaho

ATT: Mr. R. Richardson

Dear Mr. Richardson:

We acknowledge receipt of your letter of September 12, 1952, enclosing proof of completion of works under Permit No. 22353, together with your check for the \$5.00 fee in connection therewith. Certificate of Completion of Works will be issued and sent you within a few days.

Meanwhile, we call attention to the fact that your notice for proof of beneficial use sets September 12, 1952, as the date for making this proof. Obviously, this is an error as your letter is dated September 12, and the statutes require the notice to be published once a week for four weeks prior to making proof.

Please set another date, sufficiently far ahead to allow for four weeks' publication, and upon receipt we shall complete the notice and send a copy to the Recorder-Herald of Salmon, Idaho, with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

BOISE

July 1, 1952

Calera Mining Co.

Cobalt, Idaho

Dear Sir:

Under the terms of your permit No. 22353 you are required to complete your diversion works and make proof of beneficial use on or before September 6, 1952.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is September 6, 1952, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

(a) Point of use of water: Approx. 2,900 feet distant from SW corner of Section 21T. 21N, R. 18E, B. M., in the SE 1/4 SW 1/4 of Section 21, T. 21N, R. 18E, B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to Blackbird Creek at a point Approx. 2,900 feet
distant from the SE corner of Section 28, T. 21N, R. 18E, B. M., in the
SW 1/4 SE 1/4 of Section 28, T. 21N, R. 18E, B. M.7. Estimated cost of works: \$ 3,0008. Kind of works: Small Concrete Settling Dam and Pipe

(Reservoir, dam, ditch, flume, pipe, etc.)

9. Height of dam 7 feet; length of dam at top 15 feet; length of dam at bottom 12
(If height of dam will exceed 10 feet or will store more than 100 acre feet of water, send to Department of Reclamation for Regulations.)
feet; material used in dam Concrete

10. Size of headgate: Width feet; Height feet.

11. Ditch: Width at bottom feet; Width at water line feet; Depth of water feet;

Dimensions of flume; Diameter of pipe 4 inches;Length of conduit 0.2 miles. Average grade per mile 140 feet.

22353

12. The time required for the completion of such work is one years.

13. The time required for the complete application of the water to the proposed use is additional years.

14. The land to be irrigated is described in the following tabulation:

(Give irrigable acreage in each 40-acre subdivision)

[illegible]

Total Number of Acres to be Irrigated.....

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:.....

22352

16. (a) Is reservoir to be used?(If so, fill in (b) and (c) below.)

(b) Name of reservoir and number of Storage Permit:

(c) Date of filing of Application for Storage Permit and Name of Applicant:

Remarks: A small concrete dam is constructed across Meadow Creek at the point of diversion. This reservoir, capable of holding 6,000 gallons of water, will act as a settling pond. The water will then be carried into the mine by 1,000 feet of 4-inch pipe. This water will be used as required in the mining operation; thence will flow from the mine at the 6850 portal; and thence the water will be carried into Blackbird Creek by approximately 250 feet of open ditch.

BE IT KNOWN That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Cabela Mining Co.
Applicant.

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 9:30 a. m. on the 23rd day of October, 1952, at Cobalt, County of Lemhi, State of Idaho, before James W. Caples, Notary Public, proof will be submitted of the application to beneficial use of 0.11 cubic foot per second of the waters of Meadow Creek in accordance with the terms and conditions of Permit No. 22353 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Calera Mining Company - Blackbird Division - Cobalt, Idaho.

The use to which said water has been applied is Mining Operations.

The amount applied to beneficial use is 0.11 cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Approximately 2,900 feet distant from Southwest corner of Section 21, Twp. 21 north, Range 18 East, B. M., in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 21, Twp. 21 North, Range 18 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is 7400 Partal Water Supply for Calera Mining Company - Blackbird Mine.

The right to take water from such works is based upon Permit No. 22353.

The source of supply from which such water is diverted is Meadow Creek, a tributary of Blackbird Creek.

The date of priority which said user is prepared to establish is September 1, 1951.

MARK R. KULP

State Reclamation Engineer
