**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE.**

Notice is hereby given that at 10:00 a. m. on the 20th day of July, 1953, at Salmon, County of Lemhi, State of Idaho, before Charles Herndon, Notary Public, proof will be submitted of the application to beneficial use of .0022 cubic feet per second of the waters of Deep Creek Spring tributary to Panther Creek in accordance with the terms and conditions of Permit No. 22086 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are United States of America, Forest Service, Ogden, Utah.

The use to which said water has been applied is domestic.

The amount applied to beneficial use is .0022 CFS.

The place where said water is used: This water is used by the public for domestic purposes at the Deep Creek Forest Camp which is located in the NW ¼ NW ¼, Sec. 27, T. 21N., R. 19E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Deep Creek Camp water system.

The right to take water from such works is based upon Permit No. 22086.

The source of supply from which such water is diverted is Deep Creek Spring, NW ¼ NW ¼, Sec. 27, T. 21N., R. 19E., B. M., and is N. 16° 55' E., 2190.8 ft. from the E ¼ corner of Sec. 28, T. 21N., R. 19E. B. M.

The date of priority which said user is prepared to establish is April 25, 1951.

Gentlemen:

You have thirteen permits ready to be licensed. As you know, under Idaho Law, an inspection is required by an engineer from this department before license can be issued.

I am wondering if we could not better make this inspection by having someone from your department that is familiar with these various permits to accompany me on a tour of inspection and make them all at one time rather than for me to try to contact a ranger at each station to make the inspection during the busy season.

Due to the extremely heavy load of well inspections that must be made during the irrigation season, I would like to arrange with you to make this inspection sometime before the irrigation season opens or after it has closed in the fall.

Please let me hear from you regarding this.

Dear Mr. Olsen:

We acknowledge receipt of your letter of August 10, 1953, enclosing depositions of the holder and two witnesses in proof of Beneficial Use of the above numbered permits.

Since the affidavits of publication were previously received, this completes the proof, but before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact someone on the premises at the time he makes the examination in order that arrangements may be made to show him over the ground.
