Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

MICROFILMED
JAN 31 2000

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of, or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Dear Ms. Yarbrough

Enclosed is a "Proof of Beneficial Use" and an "Application for Amendment of a Permit" for Permit Number 74-07384. This water development was completed this summer, but the troughs were installed in different locations from the locations shown on the "Application for Permit", thus we are sending an amendment for this application. The enclosed check for \$150, includes \$50 for the Proof of Beneficial Use and \$50 for the Amended Application.

Also enclosed is a "Request for Extension of Time" for Permit #74-07385. This water development was only partially completed this year, so we are requesting a time extension for this development. The enclosed check for \$150, includes the \$50 fee for the "Request for Extension of Time".

A Proof of Beneficial Use was also due by November 1, 1999 for Permit #75-07660. This water development was completed but the spring has dried up and we are not able to demonstrate Proof of Beneficial Use at this time. To date a headbox and pipeline have been installed but no trough has been installed. Since there is no longer a viable water source at this site we are not requesting an extension of time for this development.

A check for \$150 is enclosed to cover the three \$50 filing fees. A receipt for the filing fee needs to be sent to Betsy Rieffenberger at the address above, or faxed to her at 208-756-5151.

If you have any questions about these permits or their status, please call Betsy Rieffenberger at 208-756-5108.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 74-07384

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **EASTERN** Regional Office of the department in Idaho Falls at (208)525-7161

Sincerely,

JULIE L. YARBROUGH, Administrative Assistant

Dear Ms. Yarbrough

Enclosed is a "Proof of Beneficial Use" and an "Application for Amendment of a Permit" for Permit Number 74-07384. This water development was completed this summer, but the troughs were installed in different locations from the locations shown on the "Application for Permit", thus we are sending an amendment for this application. The enclosed check for \$150, includes \$50 for the Proof of Beneficial Use and \$50 for the Amended Application.

Also enclosed is a "Request for Extension of Time" for Permit #74-07385. This water development was only partially completed this year, so we are requesting a time extension for this development. The enclosed check for \$150, includes the \$50 fee for the "Request for Extension of Time".

A Proof of Beneficial Use was also due by November 1, 1999 for Permit #75-07660. This water development was completed but the spring has dried up and we are not able to demonstrate Proof of Beneficial Use at this time. To date a headbox and pipeline have been installed but no trough has been installed. Since there is no longer a viable water source at this site we are not requesting an extension of time for this development.

A check for \$150 is enclosed to cover the three \$50 filing fees. A receipt for the filing fee needs to be sent to Betsy Rieffenberger at the address above, or faxed to her at 208-756-5151.

If you have any questions about these permits or their status, please call Betsy Rieffenberger at 208-756-5108.

Sincerely,

Robert A. Russell

MEMORANDUM

Date: November 4, 1999

To: WR File Nos. 74-07390, 74-07384, 74-07385, and 75-07660

From: Jeff Peppersack

Re: Wilderness Moratorium

Betsy Rieffenberger of U.S. Forest Service in Salmon called to discuss proof of beneficial use requirements on four permits. Permit 74-07390 has proof due 7/1/2000. She said the project is complete. After discussing the options in the moratorium order, she decided that they would send in the proof of beneficial use form with the fee.

Proof was submitted for Permit 74-07384 at the end of October along with an application for amendment of the permit (apparently the place of use as developed does not match the permitted place of use). Since proof was submitted, no further action is required at this time with regards to the moratorium order.

Permit 74-07385 had proof due 11/1/99. An extension request and fee were submitted at the end of October because the permit is only about half way developed. After discussing the options in the moratorium order, she decided that they would submit a request for a stay in the development period. I explained that we would need a letter requesting the stay and describing the extent of development and use of water prior to the moratorium order.

The development under Permit 75-07660 was completed prior to the moratorium order, but no water is available nor has been applied to beneficial use. An extension request has not been submitted (proof was due 11/1/99) and will probably not be pursued since they don't expect that water will become available for use at the site.

PROOF DUE NOTICE

RE: PERMIT NO. 74-07384

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before November 1, 1999.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH

PERMIT APPROVAL NOTICE

RE: PERMITS 74-07384/74-07385

Dear Permit Holder:

The Department of Water Resources (IDWR) has issued the enclosed permits authorizing you to establish new water rights. Please be sure to thoroughly review the conditions of approval and remarks listed on your permits.

The permits are preliminary orders issued by IDWR pursuant to section 67-5243, Idaho Code. They can and will become final orders without further action by IDWR unless a party petitions for reconsideration or files an exception and/or brief as described in the enclosed information sheet.

Enclosed are forms entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop these permits into licensed water rights. Also enclosed are forms entitled "Proof of Beneficial Use". If your project is already completed, you should complete and submit these forms immediately.

Also, please note that water right owners are required to report any change of water right ownership and/or change of mailing address to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department or visit the department's homepage on the Internet to obtain the proper reporting form.

If you have any questions, please call me at 208-327-7946.

Responding to Preliminary Orders Issued by the Idaho Department of Water Resources

The Idaho Department of Water Resources (Department) issues water right permits, licenses, and transfers as preliminary orders pursuant to section 67-5243, Idaho Code. A preliminary order can and will become a final order without further action of the department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of the order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from a preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, a preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to a preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review a preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with a preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.
