One of the conditions of approval of your water Permit No. 74-7115 was that evidence of the extent of development must be submitted to this office on or before April 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

Dear Mr. Finlayson:

Recently we received seven applications for permit to appropriate the public waters of various springs for purposes of watering livestock and wildlife. These applications were receipted by our State Office in Boise and then, subsequently, forwarded to our Eastern Regional Office. Upon reviewing the applications, I determined that several additions and minor alterations were necessary.

I have taken the liberty of having new applications typed for your review and signature. If you have no objections to the alterations and additions I have made, please return the new applications to our regional office and we will begin processing immediately.

On the application to appropriate water from Gary Spring, tributary to Geertson Creek, the description of the location of the point of diversion is inconsistent with its location on the map you have drawn. Please confirm the accuracy of this description.

If you have any further questions, please feel free to contact me.

Very truly yours,

ANTHONY R. KOZLOWSKI
Water Resource Agent
