RECORDER HERALD, a newspaper published weekly at Salmon, Lemhi County, Idaho, and of general circulation therein.

NOTICE FOR PUBLICATION

Notice of Proof Application of Water to Beneficial Use.

Notice is hereby given that at 10 a. m. on the 14th day of October, 1930, at Leadore, County of Lemhi, State of Idaho, before W. F. Stone, notary public, proof will be submitted of the application to beneficial use of 2.0 cubic feet per second of the waters of Dairy Creek, in accordance with the terms and conditions of Permit No. R-415 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are William Hill, Leadore, Idaho.

The use to which said water has been applied is irrigation and domestic use.

The amount applied to beneficial use is 2.0 second feet.

The place where said water is used is S $\frac{1}{2}$ SW $\frac{1}{4}$ and W $\frac{1}{2}$ SE $\frac{1}{4}$ of Sec. 4, T. 15 N., R. 25 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Dairy Creek and Eight Mile Creek and Devance division ditch.

works is based upon Permit No. R-415.

The source of supply from which such water is diverted is Dairy Creek Lakes.

The date of the priority which said user is prepared to establish is Supt. 27, 1927.

APPLICATION FOR PERMIT

To Construct a Reservoir and Store and Appropriate
The Public Waters of the State of Idaho

Application No. R 23698
Permit No. R 415

1. Name of Applicant: William Hill,

Postoffice address: Leadore,

County Lemhi,

State Idaho.

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of Capital Stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the corporation are:

(a) Cash on hand: \$

(b) Treasury Stock: \$

(c) Bonds to be issued: \$

(d) Other resources:

2. Quantity of water to be stored: 160

acre feet per annum.

3. Source of water supply is Dairy (Creek) (River) (Spring), a tributary of Big Eight Mile Creek. River.

4. The outlet of the proposed reservoir is located on unsurveyed land. No. 2
(bearing) feet distant from the No. 1 corner of Section Township

Range B. M. and is in the SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 22, Township 15 N., Range 24 E., B. M. County of Lemhi.

5. Fill out either (a) or (b).

(a) The reservoir is located in the channel of Dairy Creek, and No. 1 in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 22, T. 15 N., R. 24 E. (Creek) (River).

(b) The reservoir is to be filled through a feeder canal, the point of diversion for which is located (bearing) feet distant from the corner of Section Township Range B. M. and is in the NW $\frac{1}{4}$ of SW $\frac{1}{4}$ of

Section 22, Township 15 N., Range 24 E., B. M.; width at bottom 2 feet, width at top 3

feet, depth of water $1\frac{1}{2}$ feet; average grade per mile 50 feet; Capacity 4 cubic feet per second.

6. (a) The area of the high water line of the reservoir is No. 2, 10 acres; No. 1, 6 acres. Acres.

(b) The reservoir capacity is No. 1-100 Acre feet. acre feet.

7. Height of reservoir dam 10 feet, length at top 50 feet, length at bottom 40 feet, size of outlet 2 $\frac{1}{2}$ feet

by 2 feet. The dam is to be constructed of materials as follows: timber, earth and rock.

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

8. (a) Will water stored in reservoir be diverted to canal or aqueduct, thence to land to be irrigated without commingling with natural flow of

Dairy (Creek) (River)? No.

(b) Water stored in reservoir will be carried in the channel of Dairy (Creek) (River) a distance thence down Big Eight Mile Creek of 3 miles to point of diversion located (bearing) feet distant from the corner of Section

Township Range B. M. and in the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 8, Township 15 N., Range 25 E. B. M.

9. Amount of water claimed from Dairy (Creek) (River) (Spring) in addition to that stored in reservoir is two (2) cubic feet per second.

10. Water is to be used for irrigation purposes.

11. If for mining, milling, power or manufacturing purposes give:

(a) Point of use of water (bearing) feet, distant from Corner of Section Township Range B. M. and is in the $\frac{1}{4}$ of $\frac{1}{4}$ of Section Township Range B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to (Creek) (River) (Spring) at a point (bearing) feet distant from the corner of Section Township Range B. M. in the $\frac{1}{4}$ of $\frac{1}{4}$ of Section Township Range B. M.

12. Water stored in accordance with this Permit will be carried to place of use through a canal heretofore constructed under the terms of Permit No.

11485, which is hereby referred to and made a part hereof.

(decreed at now)

13. Kind of diversion works: deep cut and ditch.

(Dam, canal, flume, pipe, etc.)

14. Height of diversion dam: feet, length at top feet, length at bottom feet. The dam is to be constructed of materials as follows:

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

15. Size of headgate: Width 1 1/2 feet, Height 1 feet.

16. Diversion Canal:	Width at bottom	$1\frac{1}{2}$	feet, width at water line	3	feet, depth of water	$\frac{1}{2}$	feet, Dimensions of Flume
	Diameter of Pipe		inches; Length of Conduit	1	miles. Average grade per mile	20	feet.

17. Estimated cost of Works: Storage Works: \$ 500.00 Diversion Works: \$

18. Time required for completion of work three years.

19. Time required for complete application of water to proposed beneficial use is no years.

20. The land to be irrigated is described in the following tabulation:

(Give Irrigable acreage in each 40-acre subdivision.)

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$

LICENSE ISSUED FOR 0.86 SEC. FT.

Volume 7, Page 3702

September 26, 1966

RE: License No. R-415

D. R. Anderson
Box 95
Leadore, Idaho

Dear Mr. Anderson:

Our records indicate that a license has been issued for a reservoir on Dairy Creek. The license was issued to William Hill for the withdrawal of .86 c.f.s. from a reservoir in Sec. 22, T. 15 N., R. 24 E., B.M. to irrigate the SW $\frac{1}{4}$ SW $\frac{1}{4}$ - 10A; SE $\frac{1}{4}$ SW $\frac{1}{4}$ - 2A; NW $\frac{1}{4}$ SE $\frac{1}{4}$ - 3A; SW $\frac{1}{4}$ SE $\frac{1}{4}$ - 10A, all in Sec. 4, T. 15 N., R. 25 E., B.M. if this is not the reservoir you use we have no record of your usage.

The state has no requirements for the construction of dams under 10 feet high, however, dams over 10 feet high must have plans submitted to this office for approval prior to the commencement of work.

The Lemhi County Office of the U. S. Soil Conservation Service could probably assist you in the construction planning for your dam.

Enclosed find forms for permit application, with instructions.

Very truly yours,

Donald J. Watts
Engineer

RECEIVED
SEP 23 1966

Department of Reclamation

Dear Sirs;

I am writing to you to request some information about The Dairy Creek Reservoir on Dairy Creek, a tributary of Big Eight Mile Creek about eight miles west of Leadore in Latah County. I bought a ranch in 1949 on which the water from this reservoir has been used for years and I have continued this use since that time. I would like to know if the lake has been proved up on.

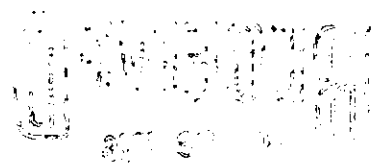

I am going to raise the dam on this reservoir from 6 ft to 9 ft and I would like to know the specifications for an earth filled dam on this reservoir, which is 4 acres at the maximum size. I would like to know how wide the dam must be at the top and how high above the water level when the reservoir is full.

R 415

Re: PERMIT NO. R-415

MR. WILLIAM HILL
Leadore, Idaho

Dear Sir:

The Engineer's report shows that your point of diversion from Big Eight Mile Creek is in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 5, Twp. 15 North, Range 25 E. B. M; whereas the point of diversion on your permit is described as being in the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 8 Twp. 15 N., Range 25 E. It is suggested that you change your point of diversion to correspond with the engineer's report by making application on the enclosed affidavit.

Your license has been issued for 0.86 second feet.

Re: Permit No.R-415

Mr. William Hill
Leadore, Idaho.

Dear Sir:-

Enclosed you will find certificate of completion of works issued under the above permit, with receipt for fees paid.

As to proof of beneficial use of water would say that final action will not be taken until the report of our field engineer has been made, at which time you will be further advised.

The affidavit of publication should be obtained from the publisher of the Recorder-Herald and mailed to us to be filed with the rest of the papers in this proof.

Very truly yours,
GEO. N. CARTER
Commissioner of Reclamation.

Ans. Dairy Creek & Big Eight Mill. SE 1/4 NW 1/4 Sec 8 T15 N R 25 PBM

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. This a Reservoir, from which water is taken down Dairy Creek to Big Eight Mill, ~~about~~ about 3 miles to point of diversion. Thence by a ditch 1/2 mile to place of use. This is known as DeVane Ditch. The ditch is diverted from creek by a small dam of earth & stone.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of SW 1/4 & SE 1/4 NW 1/4 & SW 1/4 Sec 4, T15 NR 24, 30 acs 10 acs 10 = more
All cultivated land. All cleared and seeded to hay and grain

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

R-415

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. an inch for an acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the irrigation season of 1928, 1929 & 1930, to the full extent of permit

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I get a short run of high water and the Delancee decree out of Eight Mile.

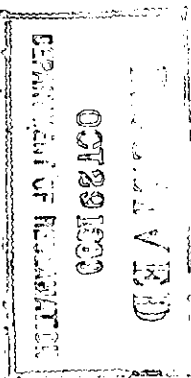

(Sign) William Hill

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Leadore, County of Lemhi, State of Idaho, on this 14th day of October, A. D. 1930.

PERMIT NO. R-415

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John Petersen. Age 40 Rancher. Leadore Idaho

Ques. 2. Are you acquainted with William Hill, the holder of Permit No. R-415? How long have you known him and where does he reside?

Ans. Yes. Have known him 9 years
He lives 8 mi west of Leadore

Ques. 3. Have you read or heard read said Permit No. R-415, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. A Reservoir at head of Darry Creek. A cut or ditch
from Reservoir to Darry Creek, thence down Darry and 8 mi
about 3 miles to DeVane diversion, thence by 1/2 mile
ditch to the land where it is used

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 175 minus inches. Have seen that much in use

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of SW 1/4 & SE 1/4 NW 1/4 & SW 1/4 Sec 4
T15 NR 24 EBM 30 acres 10 acres 10 acres more
all cultivated. None of said land is Natural meadow
It is planted to hay and grain

R-415

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. All is granely soil and requires at least
an inch per acre

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

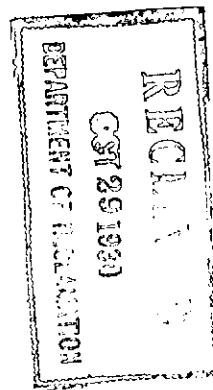

Ans. Every year since 1928. Have seen at least
175 million inches being used

(Signed) John Petersen

William Hill

William Hill, being first duly sworn, upon his oath deposes and says:
First: That he is the holder and owner of Permit to appropriate the Public Waters of the
state of Idaho, No. R-415, and that his postoffice address is Leadore
State of Idaho

Second: That the name of the stream from which said water is to be diverted is Daisy Creek Reservoir

Third: That the point of diversion of said water is after being brought from
Reservoir through Dam & Farm Creek - N 64 Sec 8, T 15 N R 24 E B M

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Oct 14th, 1930.

Fifth: That the use for which said water is intended is irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were ~~not~~ fully completed and consisted of the following:

I. Kind of works: Reservoir and ditch & Cut
(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work: *Removal 160 acre park*

(a) Height of dam 8 feet, length of dam at top 25 feet, length of dam at bottom 6 feet. Material used in construction timber earth & rock.

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir 160 acre feet.

(c) Size of headgate: Width 2 feet, height 2 1/2 feet.

(d) Conduit ditch width at bottom 2 feet, width at water line 3
(State whether ditch, flume or pipe.)

Seventh: That said works are capable of conducting to the place of intended use.....

4 second feet of water.

Eighth: That water appropriated under said permit is available for 160 acres
of land described as follows: SW 1/4 & SE 1/4, NW 1/4, SW 1/4 Sec 4 T 15
N R 24 E B M

Ninth: Remarks: That I have used the water through the above described works during the irrigation seasons of 1928 1929 & 1930

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, October 7, 1930.

Wm. Hill

c/o W. F. STONE
Leadore, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. R-415

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On October 14, 1930, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Leadore before W. F. Stone, notary public.

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

GEO. N. CARTER

Commissioner of Reclamation.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Date Sept. 4, 1930.

Publisher, The Recorder-Herald

Salmon, Idaho

DEAR SIR:

Enclosed you will find notice for publication once a week for four consecutive weeks prior to October 14, 1930, the date set for proof, the expense of the publication to be paid by the applicant, William Hill, of Leadore

to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice and furnish this office with a copy of the first publication.

Very truly yours,

GEO. N. CARTER

Commissioner of Reclamation

R-415

August 16, 1930

Re: Permit R-415.

Mr. William Hill
Leadore, Idaho

Dear Sir:

Referring to your letter of the 12th instant, would say that your above numbered permit has been corrected in accordance with your request and the same is herewith returned to you.

As to notice of proof of beneficial use of water, would say that this would be for the number of second feet diverted from the stream rather than the storage. The amount has therefore been changed to read "two second feet per second", instead of 160 acre feet.

A copy of the notice will be mailed to the Recorder Herald at Salmon in time for the required four weeks' publication prior to October 14, and deposition blanks will be mailed to W. F. Stone, the Notary Public at Leadore, in time for proof to be made on the date set.

Very truly yours,

GEO. N. CARTER
Commissioner of Reclamation

Gentlemen

I find a small mistake
in my filing papers
on the no 1 Reservoir
& no 2 Reservoir.
no 1 Reservoir should
be for 100 A.F. & no no
2 for 60 A.F. If this
should make any
difference would like
it changed. And my
papers returned.

Yours truly
Wm Hill

(P. O.) _____

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Recorder Herald of Salmon Idaho, published in
the county in which the works are situated.

William Hill

(In case of canals or other works designed to divert and carry more than 50 cubic feet
of water per second, the following certificate must be signed by a well-known and compe-
tent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

R-415

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a. m. on the 14th day of October, 1930,
at Leadore, County of Lemhi, State of Idaho,
before W. F. Stone, notary public, proof will be submitted
of the application to beneficial use of 2.0 cubic feet per second of the
waters of Dairy Creek in accordance with the terms and conditions of
Permit No. R-415 heretofore issued by the Commissioner of Reclamation
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
William Hill, Leadore, Idaho

The use to which said water has been applied is irrigation and domestic use

The amount applied to beneficial use is 2.0 second feet

The place where said water is used (if for irrigation, give full and accurate description of the lands
irrigated) S $\frac{1}{2}$ SW $\frac{1}{4}$ and W $\frac{1}{2}$ SE $\frac{1}{4}$ of Sec. 4, T. 15 N., R. 25 E., B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use
is Dairy Creek to Eight Mile creek and DeVance diversion ditch

The right to take water from such works is based upon Permit No. R-415

The source of supply from which such water is diverted is Dairy Creek lakes

The date of the priority which said user is prepared to establish is Sept. 27, 1927

Geo. N. Carter,

Commissioner of Reclamation.

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

July 7, 1930
Boise, Idaho,

William Hill
Leadore, Idaho

Dear Sir:—

Under the terms of your permit No. R-415 you are required to complete your diversion works on or before Oct. 14, 1930. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

GEO. N. CARTER
Commissioner of Reclamation.
