ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, R. Keith Higginson, of the Department of Water Resources hereby approve the
above Application for Amendment for Permit No. 73-07044 with the following;

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to reflect cropping patterns or acceptable standards of water delivery efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
- ✓5. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 3.0 afa per acre for the lands above.
6. Use of water under this water right is subject to control by the watermaster of State Water District No. 73
7. The maximum combined rate of diversion under this right & Rights 73-2002, 73-7076 & 73-7093 shall not exceed 6.55 cfs.

Dear Mr. and Mrs. Rembelski

We acknowledge receipt of the proof of beneficial use card submitted for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our eastern regional office.

Very truly yours,

Dear Wateruser:

The enclosed Order removes the measuring device requirement as a condition of approval from your permit.

If you have installed the measuring device, the field examination can be more expediently conducted by the Department's field examiner. In addition you will derive benefit from water management information which may be obtained from the installed meter.

If you have questions regarding this matter, please contact this office or one of our Regional Offices.

Sincerely,

L. GLEN SAXTON

Re: Permit No. 73-7044

Dear Mr. Johnson:

In reference to our phone conversation of last week, I have enclosed a letter from the Pahrump water master relating to the proposed measuring device on Permit No. 73-7044 which you thought should be waived due to our special circumstances.

As we discussed on the phone, since we are the only users of all the waters of Doublesprings (in conjunction with all of the rights) it would be inappropriate for us to install a measuring device.

Also, since we are seven miles above the Pahrump River and our closest neighbor, the water master has never had to regulate the water to this ranch since it is all decreed to the ranch.

I hope this will satisfy your conditions for amending the Permit and look forward to your reply.

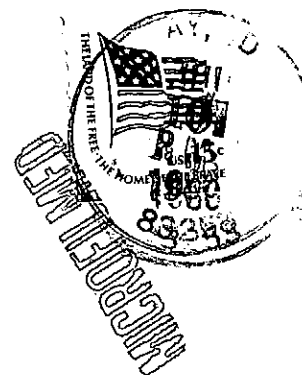

Very truly yours,

Ronald Rembelski
