Dear Mr. Guest:

On August 4, 1992, the Department returned the proof of beneficial use form you submitted in connection with the above referenced permit. At that time, the Department requested that you sign the form and enclose the necessary \$50 license exam fee. I received the signed form and fee today.

However, a further review of the file indicates that you had already submitted the fee. Therefore, you have overpaid the Department \$50. I have begun the process to refund the second payment of \$50. The process takes between two and four weeks and will arrive under separate cover.

I apologize for the inconvenience that this has caused.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Re: Permit No. 69-07099

Dear Permit Holder:

Returned is the proof of beneficial use you submitted in connection with the above referenced permit. Unfortunately, it is unacceptable as filed.

The Department has determined, from pertinent sections of the Idaho Code, that the permit holder must meet two requirements in order to be exempt from the license exam fee. They are:

1. The water right must use a groundwater source.
2. The rate of diversion must be .04 cfs or less.

As you can see, you do not meet requirement #1 since you use an unnamed stream or spring (surface) for your source. Therefore, a license examination fee of \$50 applies to your permit. I have enclosed a copy of the Instructions for the Proof of Beneficial Use for your convenience.

Also, you failed to sign and date the bottom of the form. I have highlighted the applicable area.

Please sign, date, and return the proof and fee within 30 days of the date of this mailing.

If you have any questions or if I can be of any further assistance, please feel to contact me.

Sincerely,

Karen L. Gustafson

PROOF DUE NOTICE

RE: PERMIT NO. 69-07099

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1992.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

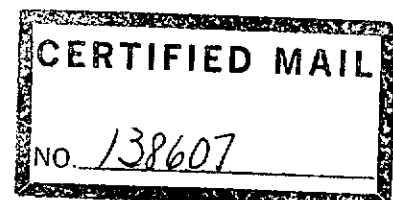

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.
