STATE OF IDAHO,
County of Washington } ss.

Department of Reclamation

Harold A. Smith, being duly sworn,
deposes and says:That he is the clerk of THE
WEISER AMERICAN, a weekly newspaper published at
Weiser, in the County of Washington and State of Idaho; that
said paper has been and is in general circulation in the coun-
ty aforesaid, and in the vicinity of Weiser; that the adver-
tisement, a copy of which is attached hereto, was publishedin said newspaper once a week for 3 consecutive
weeks in the regular and entire issue of said paper during the
period and time of publication, and was published in the
newspaper proper and not in a supplement; that said paper
has been established and regularly published for more than
seventy-eight consecutive weeks prior to the date of first
publication of said advertisement.Such notice was published in the issue beginning with
August 29, 1967, and endingwith the issue of September 12, 1967Harold A. SmithFees, \$ 25.41Subscribed and sworn to before me this 11thday of December, 1967John R. Lloyd
Notary Public, Residing at Weiser, Idaho.My Commission Expires 4-1-, 1970Notice of Proof of Completion of
Works and Application of Water
to Beneficial Use.

Notice is hereby given that at 2 p. m. on the 15th day of October, 1907, at Cuprum, county of Washington, State of Idaho, before J. R. Sears, proof will be submitted of the completion of works for the diversion of 15 cubic feet per second of the waters of Indian creek and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 2336, also, to the application to beneficial use of one fifth of one cubic foot per second of the waters of a spring tributary of Indian creek in Washington county, Idaho, in accordance with the terms of Permit No. 928 heretofore issued by the state engineer of the State of Idaho.

1. The name and postoffice and dress of the persons holding said permits are A. O. Huntley, Cuprum, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for Permit No. 2336, is 15 cubic feet per second, and of Permit No. 928, one-fifth of one cubic foot per second.

3. The use to which such water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use under Permit No. 2336 is 15 cubic feet per second and under Permit 928 is one-fifth of one cubic foot per second.

4. The place where the water under Permit No. 2336 is used is SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 9, and NE $\frac{1}{4}$ NE $\frac{1}{4}$ section 17, Tp. 20 N., R. 3 W. B. M. and under Permit No. 928 is SE $\frac{1}{4}$ SE $\frac{1}{4}$ section 8, Tp. 20 N., R. 3 W. B. M.

5. The date of priority of Permit No. 2336 is October 18, 1906. The date of priority of Permit No. 928 is October 13, 1904.

COUNTY OF WASHINGTON.

Notice of Publication.

Notice is hereby given that at 11 a. m. on the 30th day of October, 1905, at Cuprum, County of Washington, State of Idaho, before Jos. R. Sears proof will be submitted of the completion of works for the diversion of one-fifth cubic feet per second of the waters of an unnamed tributary of Indian Creek in accordance with the terms and conditions of a certain permit heretofore issued by the state engineer of the State of Idaho.

1. The name of the person holding said permit is A. O. Huntley.

2. The postoffice address of such person is Cuprum, County of Washington, State of Idaho.

3. The number of such permit is 928, and the date set for the completion of such work is November 12, 1905.

4. Said water is to be used for irrigation and domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is one-fifth cubic foot per second.

6. The amount of land for which said water is available is ten acres, particularly described as follows: SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 8, Tp. 20 N., R. 3 W. B. M.

Advertising Fee, \$

908

Boise, Idaho, November 2, 1905.

Mr. A. O. Huntley,

Cuprum, Washington Co., Idaho.

Dear Sir:-

I am in receipt of depositions in the matter of proof of completion of works under your Permit No. 928. To complete the proof I should have fee of \$5.00 and affidavit of publication of notice, which latter you can procure from the Weiser Signal.

I notice in your deposition you state the point of diversion is location near the N. W. corner of SE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 8, while the rest of the papers give it as near the N. E. corner, etc.

Kindly advise me which is correct.

Yours truly,

State Engineer.

Boise, Idaho, August 12, 1905.

Mr. Craig Watt,

Cuprum, Idaho.

Dear Sir:-

Will you kindly arrange with Mr. A. O. Huntley of Cuprum for an examination of works constructed under his permit No. 928. I enclose copy of notice of publication, which will give you date of proof, location of works, etc.

Will you kindly make a map showing the course of stream, point of diversion, route of ditch and land to be irrigated. In your report give the width of ditch at bottom, width at bottom, depth, grade per mile and legal description of land to be irrigated.

You should arrange with Mr. Huntley for the fee for your services.

Kindly acknowledge receipt of this, stating whether you will be able to attend to this matter on or before October 30, 1905.

Yours truly,

State Engineer.

State of Idaho
Department of Water Resources

WATER RIGHT LICENSE

License of Water Right No. 928/69-2003 Priority Oct. 13, 1904 Amount 0.05 cfs

THIS IS TO CERTIFY, that A. O. HUNTLEY
of Cuprum, Idaho, has complied with the terms and conditions of Permit
No. 928/69-2003 issued pursuant to Application for Permit dated October 13, 1904,
and has submitted proof to the Department of Water Resources on October 15, 1907,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.05 cfs of water from an unnamed spring,
tributary to Indian Creek, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u>	from <u>Jan. 1</u> to <u>Dec. 31</u>	at <u>0.01</u> cfs and	<u>0.6 acre feet</u>
<u>Irrigation</u>	from <u>March 15</u> to <u>Nov. 15</u>	at <u>0.04</u> cfs and	<u>8.0 acre feet or</u>
	from _____ to _____	at _____ cfs and	<u>4.0 af per acre</u>
(both dates inclusive)			

Subject, however, to the condition that no more than 0.05 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
8.6 acre feet per year, said waters to be diverted within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 8,
Twp. 20 N, Rge. 3 W, B.M. in the County of Adams

Description and location of place of use:

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
20 N	3 W	8																X	Two

Total number of acres irrigated Two

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 21 day of
October, 19 75.

Director

A P P L I C A T I O N F O R P E R M I T

No. 1249.

To appropriate the Public Waters of the State of Idaho.

1. Name of applicant - A. O. HUNTLEY

Postoffice address: P. O. - Cuprum

County - Washington.

2. The quantity of water claimed is one-fifth cubic feet per second.

3. Source of water supply - a spring tributary of Indian Creek, Wash. Co.

4. Location of point of diversion - Near N. E. cor. SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 8, T. 20 N., R. 3 W. B. M.

5. To be used for:

1. Irrigation and domestic use: Yes

(a) Number of acres to be irrigated ten acres.

(b) In the following legal subdivisions - SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 8, T. 20 N., R. 3 W.

6. Estimated cost of works - \$250

7. Description of Works for Diversion:

1. Kind of works - ditch for irrigating & to tank, & pipe line 2 $\frac{1}{2}$ to 1 in pipe from tank to house, a distance of 1/4 mile & grade of 800 ft. to mile for domestic purposes.

II. Dimensions of Works:

(b) Capacity of Tank 2000 gallons.

(d) Ditch (flume of pipe) width at bottom $\frac{1}{2}$ feet, width at water line 1 foot, depth of water $\frac{1}{2}$ foot. Average grade per mile is 25 feet. Length of ditch is 1/8 mile, and is mostly upon SE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 8, Tp. 20 N., R. 3 W. B. M., which is the point of intended use.

8. Time required for the completion of the construction of such work is one year.

9. Time required for the complete application of the water to the proposed use is four years.

-----o-----
Approval of State Engineer.

The number of this permit is 928.

Date of first receipt of application 8 a.m., October 13, 1904.

Returned to applicant for correction October 13, 1904.

Corrected application received November 9, 1904.

Recorded in Book 4, Page 928. Approved November 12, 1904.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

One-fifth of the work above specified to be completed on or before May 12, 1905.

The whole of said work to be completed on or before Nov. 12, 1905.

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to November 12, 1907.

Witness my hand this twelfth day of November, 1904.

Jas. Stephenson, Jr.

State Engineer.

Form 103, Notice of Proof of Completion of Works mailed applicant August 8, 1905.

Notice of Proof of Completion of Works received August 17, 1905, fixing October 30, 1905, as the date and Cuprum, Idaho, as the place of proof.

Notice for publication mailed Weiser Signal, Weiser, Idaho, September 26, 1905, and deposition blanks mailed applicant same date.

Mr. Craig Watt of Cuprum, Idaho, authorized October 12, 1905, to make examination of works and report to the office of State Engineer.

Depositions of permit holder and two witnesses received November 2, 1905.

Fee of \$5.00 received November 10, 1905.

Affidavit of publication of notice received December 1, 1905.

Report of Mr. Craig Watt received November 12, 1905.

Depositions and report show that works have been completed to comply with the terms of the permit and are of sufficient capacity to divert and convey to the place of intended use the amount of water for which application was made.

Certificate of Completion of Works issued December 1, 1905.

Permit No. 928.

C E R T I F I C A T E O F C O M P L E T I O N O F W O R K S

To All Whom It May Concern:

This is to certify that A. O. Huntley of Cuprum, County of Washington, and State of Idaho, the holder of Permit No. 928, issued upon Application No. 1249, bearing date of priority of October 13, 1904, authorizing the diversion of one-fifth second-feet of the waters of a spring, County of Washington, State of Idaho, at a point near Northeast Corner of Southeast Quarter of Southeast Quarter of Section Eight, Township 20 North, Range 3 W. B. M., for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use one-fifth second-feet of water; and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Southeast Quarter of Southeast Quarter of Section Eight, Township Twenty North, Range Three West of Boise Meridian.

Witness my hand this first day of December, A. D. 1905.

BOISE, IDAHO
REPORT OF EXAMINER

Permit No. 928/69-2003

This proof is for Beneficial Use In Water District No.

1. Name of applicant A. O. Huntley

2. Source of water supply: a spring, tributary of Indian Creek, Adams County

3. Location of point of diversion: Is in the NW 1/4 SE 1/4 of Section 8

T. 20 N. R. 3 W. County of Adams

4. Describe works as they exist, giving dimensions and capacities of same: Rack lined box at spring (buried), piped to place of use by 2" steel pipe. 1450' of pipe (210'-2" steel - the rest is 1 1/2" pvc pipe to holding tank). Holding tank is buried, holding 500 gal. water is used for one domestic. Irrigation water is applied by hose and sprinkler.

5. Water is used for: irrigation and domestic

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE 1/4 SE 1/4, sec. 8, T. 20 N, R. 3 W, B.M.

2 acres irrigated - lawn around the house and pasture. Also orchard (pears & apples).

2a in SE 1/4 SE 1/4, Section 8 } see aerial photo

~~1a in NE 1/4 NE 1/4, Section 8~~

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Indian Creek

Remarks: PD has been moved to NW 1/4 SE 1/4, Section 8, T. 20, R. 3W, B.M. PD is now on U.S. Forest Service Ground, but the spring is the same spring from original permit. Remains of old wooden holding tank are in SE 1/4 SE 1/4, Section 8, T. 20N, R. 3W, B.M. (the old tank is no longer used).

This examination was made on the 9 day of Oct., 1975

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

A. O. Huntley

The Weiser American
Weiser, Idaho 83672

Gentlemen:

In August and September of 1907, a notice of proof of application of water to beneficial use was run in your paper for the above referenced permit. A copy of your letter of acknowledgement is enclosed.

In reviewing our records, we find that our department has never received an affidavit of publication. Before this permit can be licensed, we need this affidavit. Is there any chance that your newspaper can supply us with it?

Very truly yours,

Donald W. McEldowney

 House*

Boise, Idaho, Nov.29, 1907.

Permit 928.

Mr. A. H. Wilkie,
Council, Idaho.

Sir:--

I return you herewith report as insufficient.
The report does not ~~give~~ the amount of acres in
each 40 acre tract to which water has been actually
applied, nor does he give the sizes of the ditch
or the pipe line, hence we are unable to tell in
this office the conditions of the works.

Kindly give us the desired information.

Very truly yours,

State Engineer.

, By _____

Enc. P&P.

S/G.

Boise, Idaho, November 8, 1907Mr. A. H. WilkieCouncil, Idaho

DEAR SIR:

The holder of Permit No. 928, A.O. Huntley, residing at Cuprum, Idaho, which permit authorizes the diversion of 1/5 second-feet of the waters of Spring at _____, desire to make proof of the completion of works of diversion, at _____, on October 15, 1907.

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

Your report should be of sufficient detail to enable me to figure out the amount of water the works are capable of diverting and conveying to the place of use; giving also the description of the location of the point of diversion, and, in case of irrigation, the legal description of the land to be irrigated. Also the amount of land in each 40 acre tract to which water has been actually beneficially applied.

Will you also make a map on the enclosed plat, giving all the essential features of the works, such as point of diversion, route of ditch, place of use, etc.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested.

Yours truly,

Kindly make this examination at your earliest convenience as the other papers are all in.

JAS. STEPHENSON, JR.,

State Engineer.

PERMIT No.

Proof of Application of Water to Beneficial Use.**Deposition of Witness:**

Question 1. State your name, age, residence, occupation and postoffice address.

Answer.

Joe Warner 31 Cuprum rancher

Ques. 2. Are you acquainted with

the holder of Permit No. 928? How long have you known him, and where does he reside?

Ans.

Yes 12 yrs Cuprum

Ques. 3. Have you read or heard read said Permit No. 928, and are you familiar with its provisions and conditions?

Ans.

Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans.

Spring trib. to Ind. C. about 1/4 mi north of Huntley residence. Tank & pipe line.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans.

1/3 of one cubic ft second

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.)

Ans.

Irrigating S E 1/4 S E 1/4 Sec 8 T 20 N R 3 W near residence on Ind Creek about 1 1/2 acres

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

for Household use

Ques. 8. (If for irrigation) State character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Sandy loam 1/3 cu ft second

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans.

No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of the water diverted under said permit.

Ans. During 1906 & 1907 about 1/3-cu. ft. sec.
to irrigate about 1 1/2 acres & for
household use

Mr. A. O. Huntley,

Cuprum, Idaho.

Dear Sir:-

I have your letter of 23rd inst., and enclose herewith blank notice of proof of application of water to beneficial use. It will probably be too late to return the notice to me and then advertise the proof the required length of time before October 10th.

It might be just as well for you to postpone the proof until next year. It is possible that there will be some change in the manner of taking these proofs by that time that will be beneficial to you.

Yours truly,

State Engineer.

State Engineer.

Cuprum Idaho
Oct 16 1905

State Engineer
Boise Ida

Dear Sir: One of the parties
I named as witnesses for
Completion of water works has
left here. Will it be necessary
to drag him back or will any
two witnesses do. I believe
I named Jas Hamilton & D. A. Miln.
Is it necessary to post any
notices on the ground.

Have mislaid your letter on that
head. I have your last however
with blanks for proving com-
pletion of works

Yours truly
C. B. Huntington

Boise, Idaho, August 12, 1905.

Mr. Craig Watt,
Cuprum, Idaho.

Dear Sir:-

Will you kindly arrange with Mr. A. O. Huntley of Cuprum for an examination of works constructed under his permit No. 928. I enclose copy of notice of publication, which will give you date of proof, location of works, etc.

Will you kindly make a map showing the course of stream, point of diversion, route of ditch and land to be irrigated. In your report give the width of ditch at bottom, width at bottom, depth, grade per mile and legal description of land to be irrigated.

You should arrange with Mr. Huntley for the fee for your services.

Kindly acknowledge receipt of this, stating whether you will be able to attend to this matter on or before October 30, 1905.

Yours truly,

State Engineer.

P.S. I would
request that
your name as a
substitute not
in case Mr. Hesse
Craig lives here
who would
be fully
a regular
engineer.
I do not
understand
there is simply
a short ditch
+ a reservoir
+ nothing to
survive to
Aosh

Mr. Eayleson;

Oct 8 1903

Replying to your favor
of recent date with regard to
Engineer to prove completion of works
on my water system, ⁹²⁸ will say: There
is no engineer in this neighborhood
Mr. E. St. Hesse is the nearest I believe. But
there is nothing about my work but what
any person of common intelligence could
see. It does not need an engineer
I am sorry I did not ^{prove} application
of water at the same time as it is
applied now as far as the household
part is concerned & would waive the
irrigating part as there is not water
enough to amount to any thing on that
head. Perhaps it is not yet so late if
not please include. I had no idea
there was so much red tape

928

Yours truly Aosh

INSTRUCTIONS.

PROOF OF COMPLETION OF WORKS.

September 26, 1905

DEAR SIR:

I enclose herewith the following forms to be used in connection with Proof of Completion of Works under your Permit No. 928

~~NOTICE OF PROOF OF COMPLETION OF WORKS.~~

DEPOSITION OF PERMIT HOLDER.

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out; since failure to do so may result in the loss of your rights.

1. Fill out the Notice of Proof of Completion of Works and mail to the State Engineer's office at least sixty days before the date upon which you wish to submit proof, which proof must be on or before _____ Upon receipt of this form, notice for publication will be sent to the paper direct from this office.

2. On October 30, 05, the date set for the proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Casper, before someone authorized to administer oaths. (The proof may be at a place most convenient to permit holder and witnesses.)

3. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of such a name I will authorize him to do the work. The examination should be made on or before the date set for the proof.

4. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice and fee of \$_____. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

JAS. STEPHENSON, JR.,

State Engineer.

P.S. I am today mailing the Weiser Signal the notice for publication.

Boise, Idaho, September 26, 1905.

Weiser Signal,

Weiser, Idaho.

Gentlemen: -

Enclosed find Notice of Publication of Proof of Completion of Works under Permit No. 928, which please publish once a week for four consecutive weeks in your paper, in accordance with provisions of Section 4, House Bill No. 146, laws of the Seventh Session of the Legislature. The expense of this publication will be paid by

Mr. A. O. Huntley of Cuprum, Idaho, to whom you will please furnish proof of publication of this notice on or before October 30th, 1905.

Please promptly acknowledge receipt of this notice, and kindly mail me your first issue containing its publication that I may compare it with my records.

Yours truly,

State Engineer.

Notice of Proof of Completion of Works.

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P. O.) Cuprum Idaho

(Date) Aug 14 1905

To the State Engineer of the State of Idaho, Boise, Idaho.

Dear Sir:

Notice is hereby given that at 11 A.M. on the 30th day of Sept 1905, at Cuprum County of Washington State of Idaho, before Jos R. Dearo proof will be submitted of the completion of works for the diversion of 1/5 of one cubic feet per second of the waters of a tributary of Indian Creek in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is 928

A. O. Huntley

2. The postoffice address of such person or the place of business of such corporation is

Cuprum, County of Washington, State of Idaho.

3. The number of such permit is 928, and the date set for the completion of such work is November 12, 1905

4. Said water is to be used for irrigation household purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 1/5 of one cubic feet per second.

6. The amount of lands for which said water is available is five 10

acres, particularly described as follows:

Situated in S. E. 1/4 S. E. 1/4 Sec. 8
T. 20 N, R. 3 W. B. M.

(In case of all canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Engineer.

I desire that the above notice be published, according to law, in the Weiser Signal of Weiser, published in the county in which said works are situated; the expense of which publication will be borne by me

STATE OF IDAHO

ENGINEERING DEPARTMENT

BOISE

JAS. STEPHENSON, JR.,
STATE ENGINEER

Boise, Idaho, August 17, 1905.

Mr. A. O. Huntley,

Cuprum, Idaho.

Dear Sir:-

I return herewith your notice of proof of completion of works under permit #928. You have fixed the date of proof as September 10, 1905. This is not time in which to publish the notice the required number of times before the date of proof. The law requires that the notice be published once a week for four weeks. Will you kindly change the date of proof to some date on or before November 12, 1905, that will allow me to send the notice to the Weiser Signal to be published four weeks.

I notice you state the number of acres to be irrigated as five, while your permit states ten. Of course you may submit proof on but five acres if you wish. You understand you are required to submit two proofs, proof of completion of works and proof of application of water to beneficial use. I would suggest that you submit both proofs at the same time, provided your works are complete and all the land under cultivation which you intend to put under cultivation under the terms of your permit. If you desire to submit both proofs at the same time kindly let me know and I will mail you another blank to be filled out.

Yours truly,

Jas. Stephenson, Jr.
State Engineer.

928

Boise, Idaho, August 17, 1905.

Mr. A. O. Huntley,

Cuprum, Idaho.

State Engineer.

Cuprum Ida

Aug 14/1900

State Engineer: If I have made
any mistakes in filling out
enclosed blank you may please
rectify them. I am not sure
as to amt. of water in application
also if advertisement had to
be in any particular paper.
Suppose I can make proof
before any notary or dist.
recorder so named nearest
How many witnesses do I
require? Suppose you will
send me blank for proof?

Yours Truly
A. O. Gentry.

Boise, Idaho, August 8, 1905.

Mr. A. O. Huntley,

Cuprum, Idaho.

Dear Sir:-

I enclose herewith blank upon which to notify this office of completion of works under your Permit #928. Kindly fill out the blank and mail to me at least 60 days before the date upon which you wish to submit proof, which proof must be on or before November 12, 1905.

Yours truly,

State Engineer.
