concern. Many of our children do not use nice words like "please", "thank you" or "I'm sorry." Most squabbles between students occur because somebody bumped somebody else and did not take the time to indicate that it was an accident. If someone knocks you down and doesn't stop to help you up and say "I'm sorry," it is natural for you to think that it was a purposeful act. Many times, a student's reaction will be to get up and try to knock down the first rude student. Of course, then both students are in the wrong.

The second cause leading to many referrals is indiscriminate aggression. Aggression as a form of play is not a new thing. Many can recall from their childhood playing cowboys and Indians, or playing Army. We ran around and shot at our "enemies" from behind the rock or around the corner of the house. The "enemies" did not always die when we shot them and an argument might ensue. Today, aggressive play is no longer the "shoot from a distance" kind of aggression. Today, many children pretend to be "Ninja" fighters or "Power Rangers" or other super heroes. Their play involves the well placed Karate chop or kick which must be timed to miss by as small a distance possible. Their shirts say "No Fear" and other macho things. Fists are a big part of everyday interaction. Many children's language is also of an aggressive nature. The problem we often have is that the kick is mistimed or somebody moves into the fist. Suddenly, two students are in a fight. There is really no issue that they are

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license shall be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Domestic use is for 1 home.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 28TH day of FEBRUARY, 1998.

RE: WATER RIGHT NO. 67-07997

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5248(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

MICROFILMED

MAY 18 1998

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

If you have any questions, please call me at 208-327-7946.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 67-07997

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the department's WESTERN Regional Office in Boise at (208) 334-2190.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary, Water Allocation Bureau

PROOF DUE NOTICE

RE: PERMIT NO. 67-07997

Dear Permit Hçlder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before November 1, 1997.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 67-07997

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "Conditions of Approval and Remarks" listing on the permit.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed, you should complete and submit this form immediately.

Also, please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address to the department. If you have acquired a water right or have changed your mailing address PRIOR TO July 1, 1996, you have until July 30, 1998, to notify the department. If you acquire a water right or change your mailing address AFTER July 1, 1996, you must notify the department within 120 days of the change.

Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department to obtain the proper reporting form.

Sincerely,

A handwritten signature in cursive script that reads "Shelley W. Keen".

NOTICES OF PUBLIC INFORMATION

Editor:

I'd like to thank the Idaho Farm Bureau for its Times-News article about some of the raging through the rest of the United States. The article about the fire threatening the Ski Area...the quoted Ranger was saying that the fire has actually violated the fire. Then the next Times-News again the statement on the Page...urging of public-lands take note of the observations. The Farm Bureau we wisest use of lands...whether led by Idaho or the Federal Government. I believe "good" should be the for determining and what is not. I believe that all lands should be and do we believe grazing should be "good science" does it either extreme the grazing on is not an "evil" and those that you believe it is you the truth. For example, a recent the Nature magazine, which 40 acres of land north of Utah in an to save the flow Buttercup. It is found in the locations. It is completely land because it cattle were the to the flower.

concern. Many of our children do not use nice words like "please", "thank you" or "I'm sorry." Most squabbles between students occur because somebody bumped somebody else and did not take the time to indicate that it was an accident. If someone knocks you down and doesn't stop to help you up and say "I'm sorry," it is natural for you to think that it was a purposeful act. Many times, a student's reaction will be to get up and try to knock down the first rude student. Of course, then both students are in the wrong.

The second cause leading to many referrals is indiscriminate aggression. Aggression as a form of play is not a new thing. Many can recall from their childhood playing cowboys and Indians, or playing Army. We ran around and shot at our "enemies" from behind the rock or around the corner of the house. The "enemies" did not always die when we shot them and an argument might ensue. Today, aggressive play is no longer the "shoot from a distance" kind of aggression. Today, many children pretend to be "Ninja" fighters or "Power Rangers" or other super heroes. Their play involves the well placed Karate chop or kick which must be timed to miss by as small a distance possible. Their shirts say "No Fear" and other macho things. Fists are a big part of everyday interaction. Many children's language is also of an aggressive nature. The problem we often have is that the kick is mistimed or somebody moves into the fist. Suddenly, two students are in a fight. There is really no issue that they are
