MEMORANDUM

DATE: July 18, 1995
TO: File No. 67-07862
FROM: Cindy Zimmerman
SUBJECT: Adjustments to Beneficial Use Exam

=====

The examiner found irrigation use on 1 acre and domestic use for 1 home in his examination of August 2, 1994.

The examiner recommended for licensing of this permit the irrigation of $\frac{1}{2}$ acre only because he assumed that the other $\frac{1}{2}$ acre of irrigation would be recognized under the domestic use claimed in the SRBA under claim A67-10065.

Because the SRBA has not yet addressed Basin 67 and may not address it for several years, the entire 1 acre of irrigation should be recognized as being developed under right 67-07862.

To correct the examiner's recommendation, the following adjustments were made on the field exam to reflect the irrigation use developed under this permit.

1. Rate of Diversion
 - a. Irrigation = 1.0 acre x 0.03 cfs/acre = 0.03 cfs.
2. Annual Volume
 - a. Irrigation = 1.0 acre x 4.0 AF/acre = 4.0 AFA.

WANNIA BELLE IRRIGATES BY USING HOSES ATTACHED TO SPIGOTS. SHE THEN CAN IRRIGATE BY ATTACHING THESE HOSES TO RAIN BIRDS.

UNDER A67-10065 THE CORIELLS WERE PERMITTED WITH .04CFS FOR A DOMESTIC WITH LAWN (½ ACRE) AND STOCKWATER OF 60 HEAD OF DAIRY; 700 HEAD OF SHEEP. ALSO, BECAUSE SYSTEM CAPACITY AT ^{THE} TIME OF THE EXAM WAS FOUND TO BE .09CFS, THE SYSTEM SHALL BE LIMITED ON TOTAL FLOW TO THIS CAPACITY. A67-10065 IN COMBINATION WITH 67-07862 SHALL NOT EXCEED .09CFS. (NEW SYSTEM CAPACITY)

MEMORANDUM

To: Karen
From: Glen *MS*
RE: PERMIT 61-7439
Date: December 2, 1991

Wanna Belle Coriell called in connection with your letter of November 26, 1991. She provided some information which allowed me to do some research. To make a long story short, I determined the following:

1. Western region for some reason has been in the process of assisting Ms. Coriell file a proof in connection with a permit in her name. The permit no. is 67-7862 which is a far cry from the permit number 61-07439 shown on the proof.

2. I asked Ms. Coriell where she obtained the 61-07439 number and she advised it was shown on the proof form together with all the other information except the contact person and the signature block.

3. Lorie White of Western region who apparently filled out the proof for Ms. Coriell had been working with some basin 61 adjudication files. Hence, it is my guess that the wrong number was inadvertently shown on the proof form.

I asked Ms. Coriell to return the proof form and to send it to my attention. Once we receive it, we need to change the identification number, file it in the correct file together with appropriate correspondence and/or receipts.

Re: Permit No. 61-07439

Dear Permit Holder:

Returned is the proof of beneficial use you submitted to this office on November 22, 1991. During my research, I have discovered that this permit is not in your name. You do have several permits and adjudication claims. Is it possible that you have used the wrong permit number?

If this is the correct number, and the current permit holder is assigning these rights to you, it will be necessary for the current permit holder to complete the enclosed form. Please note however, that the current permit holder has already filed the proof of beneficial use on this water right, and it is not necessary for you to do so.

Therefore, it is necessary for you to either provide me with the correct permit number or have the current permit holder complete this form and return it to this office. I will hold this proof for 15 days from the date of this mailing before I take further action. Please reply to this office before that date.

I realize that this can be confusing, so if you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 67-07862

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed you should complete and submit this form immediately.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

Sincerely,

JIM JOHNSON
Water Rights Supervisor
