Spring No. 1, located to the west of home, supplies water through approximately 1/4 mile of 2" PVC to (3) small troughs in canals. First Trough overflows into second Trough and second Trough overflows into third Trough. A fourth Trough is used for calving only. The water is for 25 cattle and 30 draft horses. Spring No. 2 located north of home supplies water to lawn and garden areas. The water is collected in a 3' diameter by 7' deep CMP box and is pumped to lawn area. In fall, water is piped through a 6" PVC line to a dug out area in pasture. ☐ See Remarks on page 4 for continuation E.S.

H. REMARKS AND OVERLAP REVIEW ANALYSIS

Overlaps - f/u - Same area but different P/D.

Primary source of irrigation is from Hornet Creek Reservoir which is shut off at the end of August. Thus the request for only 0.02 cfs is justified. The established allotment for the 55 head of horses and cattle is 0.03 cfs, not 0.06 cfs as requested on the permit. Recommend Licensing for 0.02 cfs for domestic, as requested, but only 0.03 cfs for stockwater.

Remarks - DOM/IRR 12 Acres, STOCK/25 Cattle + 30 draft Horses

PROOF DUE NOTICE

RE: PERMIT NO. 67-07780

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before January 1, 1991. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager

RE: PERMIT NO. P67-07780

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of Beneficial Use" that must be submitted to the Department when your project is completed. If development is complete, you may submit proof of beneficial use immediately.

Sincerely,
