has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated May 11, 1988; and
has submitted Proof of Beneficial Use on August 25, 1989. An examination indicates
that the works have a diversion capacity of .020 cfs of water from:

POLE CREEK

tributary to HORNET CREEK

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
DOMESTIC	01/01 to 12/31	0.02 CFS	1.2 AF

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Use of water under this water right is subject to control by the watermaster of State Water District No. 67
6. This water right is limited to in-house use only during periods when there is insufficient flow in Hornet Creek to satisfy all prior water rights.

Boise, ID 83709

Dear Mr. Davies:

I have reviewed your letter of 2/28/91 requesting that the license to be issued on the above referenced permit be changed to reflect the original filing for 0.04 cfs.

When our field examiner conducted his inspection of your system, he found that your "Waterbug" pump pulled 6.06 gallons of water per minute from Pole Creek. 6.06 gpm is the equivalent of 0.01 cfs. A water right license can only be issued for the actual development and use of water occurring at the time of the field examination.

If you have evidence to show that your actual diversion from the creek is at a higher rate than shown on the draft license, please submit this to my attention within 15 days. If I do not hear from you within this period, I will assume you have no further objections to issuance of the license as originally proposed.

If you have any questions, give me a call.

Sincerely,

Dear Sirs:

I just received your notification dated Feb. 26, 1991 in regard to our water right application No. 67-07736.

Although we requested .04 cfs. which is the amount allowed for a domestic water right, your notification limits us to .01 cfs. This amount is less than our requirements & we respectfully request that this be increased to the .04 cfs. originally applied for.

If another inspection is required please call me at 323-1993 here in Boise so that the appropriate arrangements can be made.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 67-07736

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the WESTERN Regional Office in Boise at (208)334-2190.

Sincerely,

Rita Fleck
Secretary/Records Manager

RE: PERMIT NO. 67-07736 PROOF DUE NOTICE

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before October 1, 1989. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager

RE: PERMIT NO. 67-07736

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of Beneficial Use" that must be submitted to the Department when your project is completed.

Sincerely,

Gary Spackman
