CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right limited to the amount that can actually be beneficially use used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 4.5 afa per acre for the lands above.
6. Two points of diversion are located within SESE, S05, T10N, R05W.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 67-07724

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the WESTERN Regional Office in Boise at (208)334-2190.

Sincerely,

Rita Fleck

ACTION OF DEPARTMENT OF WATER RESOURCES

This Permit is Approved Date 5-3-90

If approved, this permit authorizes the construction of a well subject to the following conditions. READ CAREFULLY!

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from the above approval date for the start of construction and is valid for one (1) year from the approval date for completion of the well unless an extension has been granted.
3. This permit does not constitute the approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Approval of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85°F or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.
9. If this permit is for a replacement well, the well being replaced must be abandoned in accordance with Department Rules and Regulations.

Dear Mrs. Dawson,

On January 17, 1989 the Department of Water Resources sent you a letter requesting additional fees in the amount of \$300.00 be submitted for 3 unpermitted irrigation wells you had drilled on your property in Weiser, Idaho in February 1988. According to a conversation you had with John Mitchell of our Groundwater Protection Section on February 3, 1989 you had drilled 4 wells but had plugged two wells stating that they were 'test' holes. Since there were two actual water wells drilled and the Department has only received the required \$100.00 fee on one of these wells (Drilling Permit No. 67-88-z-006) you must remit the outstanding drilling permit fee to the Department so that we can issue a permit on the remaining well.

The Department has been very patient in this matter. Please remit the above amount within 30 days of receipt of this letter to avoid jeopardizing your existing water right. If you have already remitted the above amount please call or write me and provide me with verification of payment or a payment date. Your cooperation is truly appreciated.

Sincerely,

Mark S. Slifka

RE: DRILLING PERMIT FEE
DATE: 03-FEB-89

MRS. GENEVA DAWSON WAS IN TO SEE ME AND WAS VERY DISTURBED AT THE COST OF THE DRILLING PERMITS. HER INTENT ORIGINALLY, WAS TO DRILL ONE WELL, BUT ENDED UP DRILLING FOUR WELLS. TWO WERE EXPLORATION WELLS FOR WHICH NO FEE SHOULD BE REQUIRED. THESE HOLES WERE LATER FILLED WITH BENTONITE, THE CASING CUT OFF BELOW GROUND LEVEL, THE WELLS CAPPED AND ABANDONED. TWO OTHER WELLS WERE EQUIPPED WITH PUMPS, THO THEY STILL DO NOT PRODUCE THE REQUIRED AMOUNT OF WATER. MAKEUP WATER WILL BE PUMPED FROM A SLOUGH UNDER AN EXISTING WATER RIGHT.

IT IS MY FEELING THAT \$300 PERMIT FEE FOR THREE WELLS IS TOO MUCH EVEN THO FOUR WELLS WERE DRILLED. THE TOTAL FEE FOR DRILLING THE WELLS SHOULD BE ONLY \$200 IN MY OPINION. MRS. DAWSON STATED THAT SHE SENT IN CHECKS AMOUNTING TO \$245. THIS WOULD BE FOR THE WATER RIGHT APPLICATION = \$45, THE ORIGINAL DRILLING PERMIT FEE = \$100, AND THE WATER RIGHT EXAMINATION FEE = \$100. SO SHE STILL OWES THE STATE \$100 FOR THE SECOND DRILLING PERMIT INSTEAD OF THE \$300 THAT BEAL INDICATED IN HIS 17-JAN-87 LETTER TO MRS. DAWSON.

RE: 67-7724

Dear Permit Holder:

The enclosed letter dated October 27, 1988 was sent to John Goff. As the letter states, you were issued only one drilling permit but you have drilled four wells.

You have the option of backfilling and abandoning 3 wells or submitting 3 drilling permit applications and \$300 permit fees.

Please submit the permits and fees or contact me if you wish to backfill the wells. If you refuse to take the action, your water right permit may be in jeopardy.

I will plan to hear from you within 30 days.

Sincerely,

A handwritten signature in cursive script that reads 'John E. Beal'.

RE: Higby

Solterbeck
Geneva Dawson - 4 wells

Dear Ms. Mocaby:

If you want me to refer any of the following items to the well owners, please let me know. Also, for your information, Lee Sisco does not work for the Department at this time.

Higby Well

No drilling permit was approved for the well drilled in February. Sign and return the enclosed application and \$10 fee.

Campbell Well (67-88-Z-01)

The surface seal of 13 feet is approved.

Solterbeck Well (65-88-Z-108)

The surface seal of 14 feet is allowed. Due to the shallow depth of this well, Mr. Solterbeck should have the water quality tested regularly.

Dawson Wells (4)

Only one of these wells has a drilling permit. The other three are not permitted.

One irrigation well is permitted by 67-88-Z-006 and water permit 67-7724. You or the Dawsons must file an additional application and \$100 fee for the second irrigation well. Also, water right permit 67-7724 must be amended if two wells are used. This may be done at a later date. Also, applications for drilling permits must be filed on the domestic and "test" wells. What is the test well to be used for? Is it properly capped?

Re: Application for Permit No. 67-7724

Dear Water Right Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned identification no. 67-7724. Please refer to this number in all further correspondence.

This office is currently in the process of advertising the application in The Weiser Signal on 12/17 & 12/24/87. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A processing time for an unprotested application is about eight weeks.

Enclosed please find your receipt no. 46023 for the amount of \$45.00.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

DAVID R. TUTHILL, JR., P.E.
Manager, Western Regional Office

Dear Ms. Dawson:

We have received the well drilling permit submitted for a well to be drilled in the SE1/4SE1/4, Sec. 5, Twp. 10N, Rge. 5W, for irrigation purposes. However, before this drilling permit can be approved an application for permit must be submitted.

The application for permit is required prior to approval of a well drilling permit and gives you the water right to divert water once the well is drilled. This permit, once proven up on, will remain with the well as long as the water is used. Enclosed is an application for permit which will need to be completed and returned to our office along with the required filing fee(see instruction sheet also enclosed).

If you have any questions concerning completion of this form, please feel free to contact this office. We will hold processing of the well drilling permit until this application is received and processed.

Sincerely,

JAN SHURTE
