Dear Mr. & Mrs. Patrick,

RE: Permit No. 67-7506

Enclosed is a copy of your approved Application for Permit. We direct your attention to the conditions of approval on the fourth page.

Please be advised that there is insufficient natural flow available in the unnamed stream and Weiser River and tributaries to provide water for a new appropriation throughout the entire season of use. During the spring run-off each year, there may be a period of time in which the prior rights to the use of the natural flow and storage are filled leaving water available for your permit. As the natural flow diminishes, however, there may be no water available for your right unless you arrange for an additional source of water as a supplemental supply.

We have enclosed a form entitled "Making Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a license.

Sincerely,

DAVID R. TUTHILL, JR., P.E.
