Dear Ms. Lorton:

One of the conditions of approval of your water Permit No. 67-7258 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

RE: Application for Permit

Dear Ms. Lorton:

We will need additional information on your application for permit to appropriate public waters before it can be processed. We have typed a new application and ask that you complete the following:

3 a. The township is shown as 15 and we assume it is north. The range is shown as 1 and we need to know whether that it is east or west.

7 a. If the well is already in operation possibly 1 year will be ample time in which to make your Proof of Beneficial Use proof. Once the water is used for the purpose for which it was appropriated an additional form will need to be filled out.

8 a. 1. Complete the township and range as in 3 a.

9 a., b. need to be completed and 9 c. if the land is owned by another person.

On the map on page 3, please show the complete information as to township and range.

Please review the re-typed form and make any corrections that are necessary. Then sign the application and return it to us along with a \$10.00 filing fee, and we will process your application.

Sincerely,

Robert W. Hamilton
