Gentlemen:

One of the conditions of approval of your water Permit No. 67-7225 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

NOTICE OF CONFERENCE

AND/OR HEARING

On September 12, 1974, Champion Home Builders filed with the Department of Water Resources an application to appropriate the public waters of the State of Idaho. On December 2, 1974, the Department received a protest against approval of said application from Kenneth F. Skow.

The Department has set the matter of protest for conference and/or hearing for Wednesday, November 19, 1975, at 10:00 a.m., in the Washington County Courthouse, Weiser, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or protestant may allow the Department without prejudice to dismiss the protest or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Date this 27th day of October, 1975.

Re: Application for Permit No. 67-7225

Gentleman:

We have enclosed a copy of the protest filed against the issuance of a permit pursuant to your application No. 67-7225. You should be aware that the following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or government lands. Any right-of-way or easement must be obtained by the applicant through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for a conference and/or hearing to discuss the matters of protest. Legal counsel is not mandatory at any proceeding before the Department, although you may desire to employ an attorney in your behalf.

If we may be of any assistance, please contact us.

Very truly yours,

KENNETH H. FOIT, P.E.
Western District Engineer

Re: Application for Permit No. 67-7225 - Champion Home Builders

Mr. Kenneth F. Skow
Rt. 3, Box 206
Weiser, ID 83672

Dear Mr. Skow:

This is to acknowledge receipt of your protest to issuance of a permit pursuant to the above referenced application. The following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

The Department may reject an application and refuse issuance of a permit, partially approve the permit, approve the permit for a quantity of water less than applied for, or approve the permit subject to special conditions.

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-a-way over private or governmental lands. Any right-of-way or easement must be obtained by the individuals concerned through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for conference and/or hearing to discuss the matters of protest. If we may be of further assistance, please contact us.

Very truly yours,

KENNETH H. FOIT, P.E.
Western District Engineer

RECEIVED

DEC 2 1974

Department of Water Resources

Dear Sirs,

In Weiser paper Nov 14 and Nov 21, there is a notice of application for water permit No. 919.

Application No. 67-7225 for 1.55 cubic feet per second, by Champion home builders. I wish to protest this. Myself and a number of other farmers in this area feel that the means of storage is the factor to which we protest. We feel that it should be stored in a tank or other similar means. We feel that storage as they have now, which is a pond type, is not adequate. As it allows too much water to drain back, and where it is this close to the river, and there is a drain pipe close by, it would all go back to the river. This area has already felt the effect of the pumping of the berry plant, 101 full lot, Champion homes. As well as the many pumps for farming.

With that amount of water for fire protection, it seems it could be run straight off of a pump.

Sincerely,

Jenneth F. Skow

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

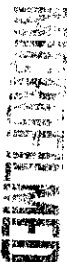

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
