RE: Water Right Nos. 67-04042 & 67-07182

Dear Mr. Mellon:

I recently received a 'New Property Owner Notice of Change of Water Right Ownership' form on the above referenced licensed water rights.

In Idaho, decreed, licensed, and claimed water rights are considered real property; therefore, proof of owning the land is proof of owning the water rights unless extenuating circumstances exist. Water right statute does not provide a means for changing owner of record for licensed water rights; although, I have placed your correspondence in each of the water right files.

If you have any questions, please feel free to contact me directly at 327-7944.

Sincerely,

FROM: KAY WALKER *KW*

RE: RECOMMENDED RATE OF DIVERSION AND VOLUME FOR LICENSING

DATE: 3-JAN-1989

In reviewing this permit for licensing, it was determined that even though the cattle are drinking directly from the stream we should follow through with our standard process of determining the rate of flow and volume to be licensed.

Since this permit will have to be amended to add additional points of diversion and place of use prior to licensing, I recommend that we also include a change in the nature of use on the amendment that will change the permitted amount of 200 cattle to the amount the examiner found using the source (i.e. 300 to 500 head). No irrigation use was found under this permit, therefore, an amendment to add an additional 300 head of cattle would not cause an expansion of the permit.

To determine the rate of diversion and volume of water that the cattle consume we followed the guidelines in Administrator's Memorandum #3 dated April 7, 1975.

$Q = 500 \text{ head} \times 0.00022 = \underline{0.11 \text{ cfs}}$
 $V = 500 \text{ head} \times 0.0134 = \underline{6.7 \text{ afa}} < 79.6 \text{ afa (below)}$
or $0.11 \text{ cfs} \times 1.9835 \times 365 \text{ days} = 79.6 \text{ afa}$

Re: Permit 67-7182

Dear Mr. Williamson:

After reviewing the field exam information and pertinent water right procedures, I will recommend licensing the above permit for stockwater use, 0.05 cfs, along Sheep Creek as follows: T. 13 N., Sec. 34, W 1/2 of SW 1/4; T. 12 N., Sec. 3, E 1/2 of SW 1/4. This is the stretch along the creek that you indicated was your property, with the area between the two owned by the Carr's and the stretch below held by the BLM. Although no diversion works are in place, Idaho Code 42-113 allows licensing such in-stream use. The area listed above exceeds the permit description but will be approved as long as the same number of stock are present (not to exceed 500 head as you stated during the exam). Under these circumstances, an expansion of the total consumptive water use will not occur.

The irrigation permit for Mann and Deer Creeks (67-7189) will be examined in the next irrigation season if time allows. If you have any questions or comments, please contact this office.

Sincerely,

Steve Lester

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

The pump that I have will pump up to 350 gal. per. min. If additional money is needed, let me know how much. I have 1243 acres there and can use all the water I can get, from Sheep creek. When the spring runoff is over the creek reaches a low of about 15." At this time all of the water is coming from springs on our place. INSTRUCTIONS FOR REQUEST FOR EXTENSION OF TIME

If you are planning to submit a Request for Extension of Time in which to submit proof of beneficial use of water under your permit, please read the following:

Under the provisions of Section 42-204, Idaho Code, only one extension of your proof due date can be granted and then only if you can demonstrate that you have been pursuing development of the permit with due diligence.

The Request for Extension of Time form requires that you indicate the extent of development that has occurred, the cost, and the reason(s) the work has not been completed. This information must be provided in enough detail to show due diligence. Examples of work performed are: land leveled, well drilled, pump installed, 10 acres now irrigated, fish propagation ponds constructed, sprinkler system purchased, etc.

If no work has been accomplished, the statutes provide that the Request for Extension of Time must be denied. Lack of financial resources cannot be considered adequate reason to allow an extension of time.

Exceptions

The proof due date for a permit that has not been developed for one of the following reasons may receive one or more extensions of time even though no work has been accomplished:

1. If there is a lack of approval from a federal government agency (evidence of delay must be submitted with request). i.e. right-of-way, or land classification such as Desert Land Entry or Carey Act.
2. If litigation has prevented development of the permit (evidence must be submitted with the request).
3. If the water project is of a large size--storage of more than 200,000 acre-feet, or diversion of more than 25,000 acre-feet in one season for an irrigation project of at least 5,000 acres.
4. If the permit is held by the United States of America.

A filing fee of \$15.00 must be submitted with the Request for Extension of Time form. This fee is not refundable.

Note that in no case should a Statement of Beneficial Use postcard and a Request for Extension of Time be submitted at the same time. If your water development project is completed, then the postcard should be filled out and returned. If the project is started but not completed, then the Request for Extension of Time should be filled out and returned in compliance with the guidelines above. If the project has not been initiated and does not fit into one of the exceptions listed above, then neither form should be returned and the permit will lapse and be of no further force or effect. A new application will then need to be submitted to the Department if water right development is still planned.

PROOF DUE NOTICE

AUGUST 31, 1983

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF YOUR WATER PERMIT NO. 67-7182 WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE NOVEMBER 01, 1983. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST). ENCLOSED IS A POSTCARD WHICH MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER THE BENEFICIAL USE POSTCARD OR A REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

Dear Mr. & Mrs. Williamson:

One of the conditions of approval of your water Permit No. 67-7182 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
