Dear Mr. Smith:

We have reviewed the field exam made for your Permit No. 67-7156 per our phone conversation of April 2, 1979.

It appears that our proposed point of diversion in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 4 was actually a point of re-diversion from a slough which is fed by the Galloway Canal. In checking our quad map, we find that the Galloway Dam is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 35, Twp. 11N, Rge. 4W. Therefore, we now propose to issue a license as stated in our previous letter only with the point of diversion in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 35, Twp. 11N, Rge. 4W, and also in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 4, Twp. 10N, Rge. 4W. In order to do this, however, an admendment must be filed to change the permit to correspond with these findings. The permit lists the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 35 rather than the NE $\frac{1}{4}$ NE $\frac{1}{4}$. We are enclosing a partially completed Application for Amendment form showing this change which must be signed and submitted within 30 days along with an admendment filing fee of \$20.00.

We hope this error in our first letter has not caused too much inconvenience. If you have any questions, please fell free to contact us.

Gentlemen:

A representative of this Department made an examination of the works covered by your Permit No. 67-7156 on May 12, 1977, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 1.38 cfs Source: Weiser River

The maximum quantity diverted shall not exceed 311 acre feet
per year.

Point of diversion: NE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 4, Twp. 10N, Rge. 4W, B. M.

Beneficial use: Irrigation of 69 acres within the SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$,
NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 4, Twp. 10N, Rge. 4W, B. M.

Priority date established: August 8, 1973

In order for the Department to issue the above license, it will be necessary for you to amend the permit to correspond with the findings of the field examiner. We are enclosing a partially completed amendment form for your use in this matter.

Please sign the amendment application and return it to this office along with a \$20.00 filing fee within 30 days in order that we might issue your license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 30-day period.

Dear Mr. Smith:

One of the conditions of approval of your water Permit No.'s 67-7156, 67-7157 and 67-7158 (see last page of your approved permits) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1974. Enclosed are affidavit forms which must be used to submit the required proof of beneficial use for these permits.

If you have not fully completed your projects, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable causes as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted on each permit.

Either the beneficial use affidavits or a request for extensions of time must be received by this Department on or before the above mentioned date, otherwise the permits will lapse and be of no further force or effect.
