Dear Mr. Graves:

Enclosed are two Proof of Beneficial Use forms for well permits 67-7125 and 67-7126. Please review them for corrections and return them with proper notarized signature. Whoever signs must have Power of Attorney for the corporation, or be an elected official. After these forms have been returned ~~to this~~ to this office, I can complete the field exam reports and initiate licensing.

Champion Home Builders have one other unlicensed permit on file for a domestic well, permit No. 67-7124. The Proof of Beneficial Use is not due until 1978, so I suggest that you do not file proof at this time, but retain the permit for future domestic development.

There was another permit for fire protection (No. 67-7105) that lapsed because proof was not filed. You should therefore reapply for your fire protection well. Enclosed is a partially completed application form based on information from the lapsed permit. Please review this form for corrections and return it with proper signature and fee. The correct fee for this new application is \$35.00.

If we can be of any further assistance, do not hesitate to contact this office.
