BEFORE THE DEPARTMENT OF WATER ADMINISTRATION
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 67-7104)
IN THE NAME OF LEE ALDER)

ORDER OF REINSTATEMENT

WHEREAS, on May 23, 1972, Lee Alder filed with the Department of Water Administration an application for permit to appropriate 0.2 cubic feet per second of water from a ground water source within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, Twp. 10N, Rge. 5W, B.M., Washington County, to be used for irrigation purposes; and,

WHEREAS, on July 25, 1972, the Department approved said application and issued Permit No. 67-7104 with the condition that proof of construction of works and application of water to beneficial use be submitted to the Department on or before August 1, 1973; and,

WHEREAS, on June 1, 1973, the Department notified the permit holder by certified mail that proof of beneficial use was due and instructed the permit holder as to the steps to be taken to make said proof; and,

WHEREAS, on August 7, 1973, the Department notified the permit holder that Permit No. 67-7104 had lapsed for failure to submit proof of beneficial use of water; and,

WHEREAS, on August 21, 1973, the Department received the required proof of beneficial use of water; and,

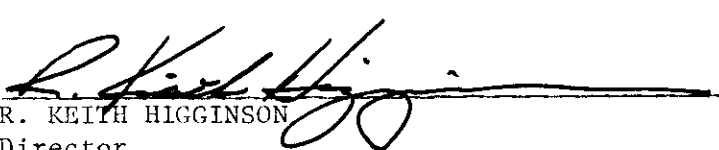

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within 60 days from the date of the notice of lapsing; and,

WHEREAS, the permit holder has provided a reasonable showing as to why said permit should be reinstated;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 67-7104 be REINSTATED and the priority advanced to June 12, 1972.

Dear Mr. Alder:

A representative of this Department has made an examination of the works covered by your Permit No. 67-7104 and has found the following:

Quantity of water diverted: 0.20 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.192 cfs

The maximum quantity diverted shall not exceed 44 acre feet per year.

Beneficial use: For irrigation of 9.6 acres within the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 9, Twp. 10 N, Rge. 5 W

Point of diversion: SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 9, Twp. 10 N, Rge. 5 W, B.M.

Priority date established: June 12, 1972

The point of diversion found by our field examiner differs from that listed under your permit, therefore, it will be necessary for you to amend the permit before a water license can be issued. We are enclosing a partially completed application for amendment for your use. Please sign the application and return it to this office with a \$10.00 filing fee within 20 days of the date of this letter in order that we may issue a water license as set forth above.

If you do not concur with these findings or have any questions, please contact this office within the 20 day period.

Dear Mrs. Alder:

We have received your letter of July 27, 1973, in connection with the above referenced permit.

Please be advised that before the Department can issue a water license, it is required that the permit holder submit proof of beneficial use. We forwarded a proof affidavit to you by certified mail on June 1, 1973. The proof affidavit is merely a notarized form stating approximately the amount of water you are using and an estimate of the acreage.

We are enclosing another proof affidavit for your use. Upon receipt of your proof, the Department will schedule a field examination to verify your use of water under this permit. A water license will be issued based upon the findings of our examiner.

We wish to remind you that proof was due on or before August 1, 1973, and, therefore, you must make proof within 60 days in order for the Department to reinstate the permit. Also, enclosed you will find a notice of lapsing for this permit.

If you have any further questions regarding this matter, please do not hesitate to contact us.

Sincerely,

R. KEITH HIGGINSON
Director

Department of Water Administration

Dear Sir,

In regards to your letter about our filling out another water permit no. 67-7104, what do you need from us for proof of construction of works etc.

We have copy of application for permit which ~~was~~ Approved stamped on it. Which you sent back to us last year. What more is needed.

Everything is ^{still} the same as was on the original application.

Thank you,
Mrs Lee Alder

P.S. This is our third summer of using well for crops.

Dear Mr. Alder:

One of the conditions of approval of your water Permit No. 67-7104 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Alder:

We are returning your Application for Permit and personal check #92-285, in the amount of \$25.00. We find in reviewing your application that there are several questions that need clarification before we could process it.

Under item #3a, you have indicated the Range to be the S W. In further reviewing the application, we would assume this to mean Range 5 W. You have also made this same error under item #3b.

We also wish to advise you that under normal conditions, the maximum quantity of water that the Department could approve the application for would be one miners inch, or 0.02 cubic feet per second, per irrigated acre. In this case of ten acres, the maximum quantity that we could approve would be 0.2 cubic feet per second.

Item #7a should also be completed, listing the number of years required for the completion of this water development. We can allow up to five (5) years for this period of time. We also wish to call your attention to the signature on page three (3) of the application. It should appear in the exact manner as the name of applicant under item #1, page one.

Please make the necessary corrections and return it to this office as soon as possible, so that we may continue with its processing.

Very truly yours,

Dorian Clay
