Dear Mr. Probst:

One of the conditions of approval of your water Permit No. 67-7061 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Mr. Glen H. Probst
Post Office Box #394
Council, Idaho 83512

Dear Mr. Probst:

We are returning your application for permit and personal check #70-1928 in the amount of \$10.00.

We find in reviewing this application that the point of diversion listed under item #3a does not correspond with the map on page three. We also wish to advise you that the quantity of water as requested under item #4 appears to be somewhat excessive. Under normal conditions, the Department would consider 0.03 cubic feet per second of water to be a sufficient quantity for the domestic needs of one household.

Please clarify these issues and re-submit the application so that we may begin its processing.

Very truly yours,

Dorian Clay
Appropriation Examiner
