Gentlemen:

One of the conditions of approval of your water Permit No. 67-7056 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Sackett:

Referencing your letter of June 7, 1971, please forgive the delay in responding; however, your assignment from Douglas and Lucille McGinnis to The Travelers Insurance Company had to be reviewed by our staff attorney to determine if we could accept the assignment. Several problems have existed, but have apparently been clarified. We will accept and record the assignment referenced above, and at this time, you are now the applicant under Permit No. 67-7056.

The only way Mr. McGinnis would be able to function in connection with this permit is for you to either re-assign the permit to Mr. McGinnis and yourself or submit a formal power of attorney for Mr. McGinnis to function in your behalf. We understand from Mr. Don Reed, your Field Representative, that either of these solutions may be desirable as he stated that the assignment was prepared for security reasons only and he was not aware that the assignment set the company up as the applicant.

We would suggest the company submitting a supplemental statement in support of the assignment advising this office that the assignment was taken as security purposes only, in as much as our records now state that Travelers must qualify as an applicant under Section 42-202 of the Idaho Code. The Department will issue the advertising phase in connection with this application in order to assist you in this matter.
