about 14 gallons a minute this way.
Two Hydro cells which hold about
5 gallons each are used for storage.

One of the conditions of the approval of your Permit No. 67-7033 was that proof of application of the water to beneficial use be submitted to this office on or before October 1, 1970.

Enclosed is an affidavit form which must be used to submit proof of beneficial use. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended.

Either the proof affidavit or a request for extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Enc: Original permit application

67-7033

Dear Sir;

Aug. 9, 19

In answer to your letter about my permit no. 67-7033, I must have made a mistake on the application. I meant to put down .05 C.F.S. For my use either .04 C.F.S. or .05 C.F.S. will be adequate.

Thank you
Michael A. Fisk

Dear Mr. Fisk:

In reviewing your application, the quantity of water you have requested appears to be somewhat excessive. We normally allow, for a fully automated home, .02 c.f.s. as a maximum rate of diversion. However, we can understand that in some instances additional water could be required. We would suggest that your filing for domestic purposes be in the vicinity of .02 c.f.s.

Irrigation requirements of the State of Idaho, as outlined by statute, list .02 c.f.s. per irrigated acre. We realize that it is difficult to irrigate a small tract of ground with this quantity of water. Therefore, we would recommend that you request .04 c.f.s. for your .6 of an acre of ground. This would allow an adequate flow of water for your irrigation purposes.

The total appropriation request should be in the vicinity of .06 c.f.s. If this would be agreeable with you, please advise. If not, please supply justification as to the quantity of water you have requested.

Your assistance in this matter is appreciated.

Very truly yours,

Donald W. McEldowney
