Dear Mr. Dale:

One of the conditions of the approval of your Permit No. 67-7014 was that proof of application of the water to beneficial use be submitted to this office on or before November 1, 1970.

Enclosed is an affidavit form which must be used to submit proof of beneficial use. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended.

Either the proof affidavit or a request for extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

On October 1, 1968, the Department of Reclamation forwarded a letter to you requesting that the above referenced application be re-advertised at your expense as the compass direction of the range had been omitted.

However, with the enclosures of this letter we included the original affidavit and the original bill rather than copies of the affidavit. Please return the original affidavit of publication to this department as it is needed as proof of the advertisement of the entire application.

The department will also require an affidavit of publication of the correction notice. As originally stated, the correction notice will be at your expense.
