Dear Mr. Gallant:

One of the conditions of the approval of your permit no. 67-7013 was that proof of application of the water to beneficial use be submitted to this office on or before October 1, 1969.

Enclosed is an affidavit form which must be used to submit this proof. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code Amended.

Either the proof or a request for extension of time must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

I suggest that we
Remove the measuring

The project is small
enough that we don't
need the device in order
to make the exam.

There probably isn't
any chance of a water
