CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. Dear Mr. and Mrs. Ward:

On August 17, 1984, you phoned our office in regard to my letter dated August 3, 1984. At that time you stated two claims would be submitted. However, as of this date the claims have not been received.

These claims must be received within 30 days or the \$30 fee already paid will be refunded and no record will be established for your rights. Please remember to send an additional \$30 to cover the other claim you will be submitting. Another item you may consider is that if we do not receive the claims and additional fee and your \$30 is refunded, the filing fee to re-file is now \$200.00 per claim.

If you have any questions concerning these claims, please contact us.

Dear Mr. and Mrs. Ward:

On January 16, 1984, we sent you a letter requesting information concerning the claim received during our mandatory claim filing program. As of this date we have not received either the claim form or a letter from you.

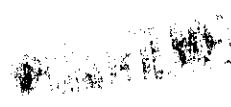

We requested you send either one claim with an 1899 priority date for both rights or two claims with an 1896 and 1899 priority date. Also, the acreage listed in the NW $\frac{1}{4}$, Sec. 34, Twp. 16 N., Rge. 3 W needs to be shown by quarter-quarter as to the number of acres being irrigated in each.

If you need any assistance or have any questions, please do not hesitate to contact us. In the case that we do not hear from you within two weeks, we will refund your \$30.00 filing fee and consider the claim as not being filed.

Sincerely,

Jan Grover

Dear Mr. & Mrs. Ward:

We are now processing the claims received during the June, 1983 mandatory claims program. However, before we can process your claim more information is needed.

When filing a claim only one priority date can be listed per claim. Therefore, if both priority dates need to be listed separately, the enclosed claim form must be completed for one priority date and an additional \$30 submitted with the claim. Another possibility is to file for both water rights for 4.0 cfs under the 1899 priority date, but the 1896 date would be lost. The acreage listed in the NW1/4 of Sec. 34, Twp 16N, Rge. 3W, needs to be shown by quarter-quarter as to how many of the 30 acres are being irrigated in each quarter-quarter. This is for easy clarification of your water right in case of future problems.

Please add the above requested information and return one or both of the claims to our office. If one claim is submitted, no further fee is required. If two claims are returned, an additional \$30 must also be submitted.

If you have any questions, please contact me.

Sincerely,

Jan Grover
