D. REMARKS

This transfer of diversion was made necessary due to an objection from Hubert Ward and Francis Phipps when I tried to put in a buried pipeline from my own point of diversion along the county road right-of-way. I had all the proper permits that were required to do that job. This was in 1983.

I hereby assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge.

I understand that any willfull misrepresentations made in this application may result in voiding its approval.
