Dear Mr. & Mrs. Downs:

We are in receipt of your claim submitted for irrigation & stockwater from a groundwater source. However before we can process the claim more information is needed.

Item #1 on date of priority needs to be completed. This would be the date that the water from your well was used for the uses you are claiming. Also, on item #3 the quantity should be listed in cubic feet per second rather than acre feet, unless you have a storage system i.e. pond or reservoir. You did list that the well can flow 55 gallons per minute & this would be 0.12 cubic feet per second. This would be the amount of water you could list.

Please complete the claim form as explained above & return to us for processing. If you have any questions, do not hesitate to contact us.

Sincerely,

JAN GROWER
Senior Water Resource Agent
