CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that Mann Creek Irrigation District

(Name of Claimant)
WEISER, IDAHO 83672 Telephone No. _____
(Mailing Address) (Zip Code)

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

(1) Date of priority: (When was the water first applied to a beneficial use) 3/29/1913

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

(2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

Mann Creek tributary to Weiser River

(3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

RE: Claim No. 67-4489

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Yours truly,

DAVID B. SHAW
Western Region Supervisor

REPROLINED

March 28, 1983

Gilbert R. Ball
Rt. 2, Box 88
Weiser, ID 83672

Dear Mr. Ball:

In further researching the Mann Creek decree, I found that on each decreed right for the regular irrigation season, there is also a flood water right decreed. I have gone through the printout and added in these flood water rights along with any corrections that need to be made. I am enclosing a copy of the original decree for your records. The total amount of flood water already decreed is 103.27 cfs or 5,163.5 inches. The total capacity of your ditches is 12,011 inches which minus the above amount leaves 6,848 inches or 136.96 cfs to be claimed.

In discussing your priority date it was decided the late date would be the most accurate. This would be the date by which all of the ditches were added on. The ditches, by name, have been designated as the points of diversion, however, the points of diversion by quarter-quarter, section, township, and range need to be indicated. These would be the points where the ditches divert the water out of Mann Creek. The place of use can be designated as those lands ~~designated~~ within the irrigation district boundaries.

If you have a map which shows these lands within the district and the location of each diversion for the ditches, please attach it to the claim; then sign and notarize the claim including your title as a legal representative of the irrigation district, and return it to us along with the \$30.00 filing fee.

If you have any questions, please contact us.

Sincerely,

JAN GROVER
Senior Water Resource Agent
