SUBJECT 67-4417

It is my feeling that when the Dept receives a claim that shows "cows drink from creeks" as a p.d., we should correspond with the claimant, ~~saying that~~ indicating that in Idaho cattle drinking from a stream is not considered to be a p.d. If the claimant insists on filing the claim, we can then accept the claim with this response from the Dept ^{made} clear in the file. over

SIGNATURE

On Claim 67-4417 the claimant has indicated that "cattle drink from creeks & also gravity ditches to pond & reservoir".

I think we need to require the claimant to describe the p.d.'s of the gravity ditches, and we need to inform him about the inadequacy of cattle as p.d.'s.

Would further correspondence from the regional office be appropriate?
