NOTICE OF PROPOSED CHANGE OF WATER RIGHT NO. 67-0428

Notice is hereby given that Dave Veselka of Indian Valley, Idaho has applied to the Department of Water Resources for a change of the place of use of the water of the Little Weiser River. The right sought to be changed is evidenced by The Muir et al. vs. Allison et al. decree and is recorded as follows:

Amount: .09 cfs Priority: 6/1/1875
Point of Diversion: SE 1/4 NW 1/4, Sec. 36, Twp. 14N, Rge. 1W
The water is used for irrigation purposes for 80 acres within the S 1/2 SW 1/4, Sec. 14, Twp. 14N, Rge. 1W.

TO BE CHANGED AS FOLLOWS
The water will be used for irrigation purposes within the SW 1/4 - NE 1/4, Sec. 23, Twp. 14N, Rge. 1W.

Any protest against approval of the proposed change of water right application must be filed with the Department of Water Resources, 92 South Cole Road, Boise, Idaho 83709 on or before December 10, 1979.

A. DESCRIPTION OF RIGHT AS RECORDED

1. Right evidenced by:
- a. Decree to Cora Hutchison #67-0428 (Name)
in case of John T. Muir et al. vs William Allison et al.
dated 6/20/1921 in 7 Judicial District county of Adams
(Name of court)
- b. License No. _____ issued by the Idaho Department of Water Resources
- c. Claim No. _____ on file with the Idaho Department of Water Resources
2. If applicant is not the original holder of this right, explain how it was acquired and attach a copy of the deed or other evidence of ownership of the land to which the right is appurtenant _____

3. Source of water Little Weiser tributary to Weiser River
4. Date of priority ~~6/1/1875~~ 6/1/1983
5. Water is used for the following purposes:
amount 0.09 for irrigation purposes from 4/1 to 10/31
amount _____ for _____ purposes from _____ to _____
amount _____ for _____ purposes from _____ to _____
(month/day - both dates inclusive)
6. Total amount of water under right: a. 0.09 cubic feet per second
&/or
b. _____ acre feet per annum
7. Location of original point of diversion is SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 36
Township 14N Range 1W, B.M., in Adams County
Additional points of diversion, if any _____

8. Lands irrigated or place of use:

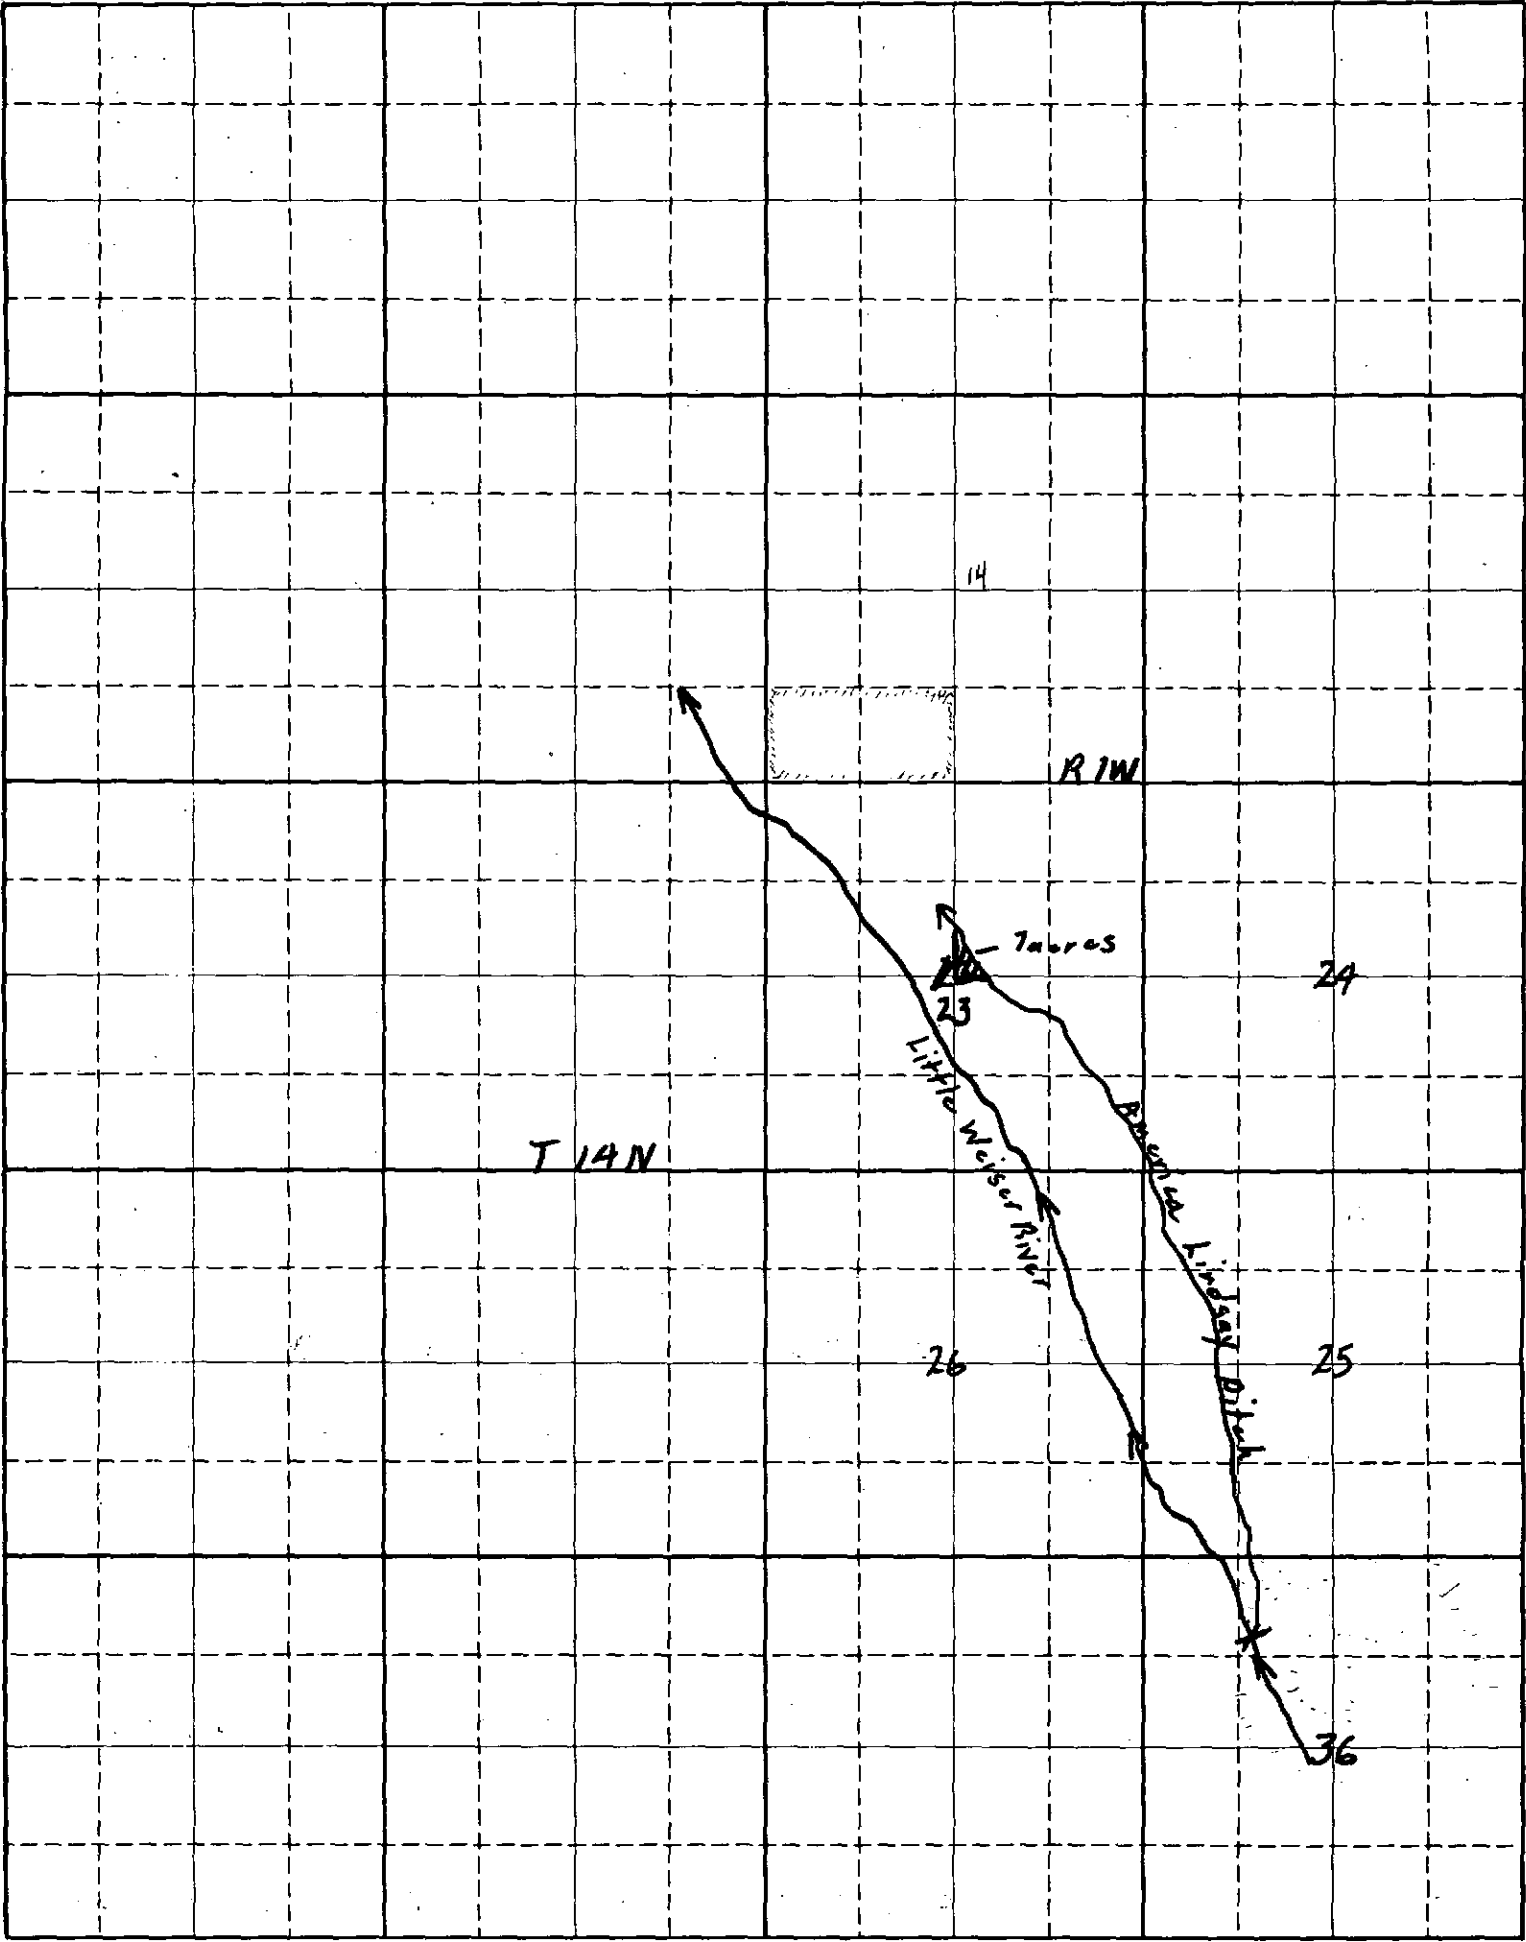

TWP.	RANGE	SEC.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				TOTALS
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	
14N	1W	14											40	40					80

Total number of acres to be irrigated 80

9. Describe any other water rights used for the same purposes as described above _____

MICROFILMED

3. Draw a map indicating the new point(s) of diversion and/or the new land to be irrigated. Show clearly the land involved by section, township and range number.

SCALE: 2 inches equal 1 mile. Draw plan in ink.

4. Remarks _____

I hereby assert that no one will be injured by such change and the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge.

Dave Veselka

My commission expires April 1 - 1980.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Transfer of Water Rights No. 67-0428 and said application is hereby approved, subject to the following limitations and conditions:

(1) A measuring device of a type approved by the Department shall be permanently installed and maintained as part of the diverting works. (2) Use of water under this permit is subject to control by the watermaster of State Water District 67-A Little Weiser River. (3) No storage water shall be used on the seven (7) acres of land within the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 23, Twp. 14N, Rge. 1W, to be irrigated by this transfer unless the boundaries of the irrigation district are properly modified to include these lands. (4) When the natural flow available in this reach of the Little Weiser River is no longer adequate to supply a water right with a 6/1/1875 priority no water shall be diverted or used under this right. (5) The SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 14, Twp. 14N, Rge. 1W, shall no longer be irrigated by existing water rights.

Witness my hand this 25th day of February, 1980.

Dear Mr. Trenner:

Enclosed is a copy of Transfer 2368 for water right 67-0428, filed by Mr. Dave Veselka. Since you are the owner of the property that this right is now appurtenant to, you need to be aware of a correction made to the priority date.

Please note Item 4 on the first page and Condition 4 on the last, the correct priority date is 6/1/1883, rather than 1875. The watermaster for Water District 67-A is also being notified of this correction and will be directed to administer the right based on the 1883 priority.

If you have any questions regarding this correction, please feel free to contact me.

Sincerely,

G. L. SISCO
Senior Water Resource Agent

VI.

That all of the above described lands are irrigated from a common source, to-wit, from the Little Weiser River, one of the public streams of the state of Idaho and a tributary of the Weiser River; that all of said lands now have as appurtenances thereto either an adjudicated water right or flood right entitling them to be irrigated from said Little Weiser River, but the natural flow of the Little Weiser River is insufficient to furnish an adequate water supply for the irrigation of said lands during the entire irrigation season of each year, and there is not sufficient water contained in the natural flow of the Little Weiser River to supply the said lands adequate water for the irrigation thereof after the 15th or 20th of July of years when the Little Weiser River has an average run-off, and after said time of year a portion of said lands have an inadequate water supply for the irrigation thereof and the remainder have no water whatever for irrigation or other purposes from said River;

VII.

That the objects and purposes for which your petitioners desire the creation of the Little Weiser Irrigation District is to provide an adequate and supplemental supply of water for the irrigation of all of said lands during that portion of each and every irrigation season when the natural flow of the Little Weiser River is insufficient for such purpose, and the plan of operation by which they intend and expect to furnish said water supply is by the construction of a storage reservoir in which to store waters during the flood season of each year;

VIII.

That the proposed location, plan of construction, capacity and plan of operation of said proposed reservoir is as follows: Said reservoir is to be constructed in what is known as "Anderson Gulch" south of the Little Weiser River and upon lands situate in Sections 34, 35, 26 and 27 in Township 14 North of Range 1 West of Boise Meridian; that the plan of construction is to place a concrete and earth dam across a natural depression known as Anderson Gulch through which a

1
2
3
4 natural water course flows into the Little Weiser River; that the dam will be
5 constructed at a point in the Northwest Quarter of said Section 27, which dam
6 will be approximately sixty (60) feet in height and one hundred (100) feet in
7 length at the bottom and one thousand two hundred seventy (1,270) feet in
8 length at the top of said dam;

9 That the storage capacity of said proposed reservoir is approximately seven
10 thousand seven hundred eighty seven (7,787) acre feet; that the proposed plan
11 of operation of said reservoir is to store therein during the flood season
12 waters of the Little Weiser River which are to be conveyed into said reservoir
13 from a feeder canal hereafter to be constructed and leading from the Little
14 Weiser at a point on the southerly side thereof near the center of Section 36
15 in Township 14 North of Range 1 West of Boise Meridian, which canal will be so
16 constructed as to have a carrying capacity of 5,000 Miner's inches or 1,000
17 second feet of water and will be approximately one mile in length;

18
19 That the plan of operation of said proposed reservoir is as follows: The
20 waters stored therein during the flood season will be allowed during the latter
21 part of the irrigation season of each year to flow from said reservoir down
22 Anderson Creek into the Little Weiser River and each landowner within the
23 boundaries of said district will be permitted to divert from said Little Weiser
24 River, through irrigation ditches or canals already constructed or such as they
25 may hereafter construct, his proportionate share of said storage water in pro-
26 portion to the benefits to be assessed and charged against his respective lands;

27 That it is not contemplated or intended that said district shall construct any
28 canals for conveying said waters from said Little Weiser River for distribution
29 upon the various lands of said district for the reason that all of the land-
30 owners living in said district have heretofore constructed and now own adequate
31 ditches and canals for the diversion and distribution of said stored waters;

32

1
2
3
4 That a portion of the lands embraced within the boundaries of said proposed Dis-
5 trict are not susceptible of irrigation from waters stored in said proposed re-
6 servoir, by reason of their location and elevation, but all of such lands are
7 so situate that a full and adequate water right for the entire irrigation sys-
8 tem sufficient for the proper irrigation thereof, can be obtained by diversion
9 of waters from said Little Weiser River at a point above the location of said
10 reservoirs, and if the owners of said lands are permitted to divert such water as
11 they may need for the irrigation thereof from the Little Weiser River, which
12 waters, except for the construction of said reservoir and storage of water
13 therein, would not be available for said lands, but would be required under
14 the terms of the decree adjudicating the waters of said river to be permitted
15 to flow on down the course of said river for use by prior appropriators, they
16 can and will obtain the same benefits from the construction of said reservoir,
17 which they would have obtained if such lands were susceptible of irrigation from
18 waters stored therein;

19
20 That the proposed plan of operating said reservoirs and furnishing equal bene-
21 fits to all of the lands embraced in said District contemplates that the owners
22 of the lands not susceptible of irrigation from said reservoir in lieu of di-
23 verting waters from said reservoir for use thereon, shall be given the right to
24 divert waters from the Little Weiser River in the low water season, sufficient
25 fully to irrigate their lands and premises, which waters would otherwise be-
26 long to prior appropriators, either in whole or in part, and to replace said
27 waters which they so divert for use on their said lands, by their proportionate
28 share of the waters stored or to be stored in said reservoir.

29
30 And the undersigned petitioners and organizers of said District hereby con-
31 sent to and ratify said proposed plan, and authorize their Board of Directors
32 when selected by appropriate by-law or otherwise, to carry out the terms and
provisions of said plan;

IX

That for the purpose of election of directors as provided by Section 42-109 I. C. A., said District shall be divided into three divisions.

X

That attached hereto and marked "Exhibit A" is a map of the proposed District showing the location of said reservoir and feeder canal, the boundaries of said district and the legal subdivisions of the lands therein described; and attached hereto, marked "Exhibit B" is a map showing cross-sections of said proposed reservoir and all dams and embankments and the proposed feeder canal; and attached hereto and marked "Exhibit C" is an estimate of the cost of such work, certified to by a well known and competent irrigation engineer;

XI

That the average flow of the Little Weiser River in cubic feet per second of water during the period of time when the waters thereof would be used for filling said reservoir is in excess of three hundred (300) second feet;

XII

That the said district intends as part of the work of constructing said reservoir to construct at its own expense an outlet canal leading from a point on the Little Weiser River above the head of what is known as the Lindsay Ditch so as to enable certain lands now irrigated from what is known as the Gray Creek Ditch to obtain water from said Reservoir;

Dave Veselka
Indian Valley, ID 83632

RE: Transfer of Water Right Application No. 67-0428

Dear Mr. Veselka:

In reviewing an application for transfer, the Department of Water Resources must consider the following two questions:

1. Will the proposed transfer injure existing water rights.
2. Will the proposed transfer result in an enlargement of an existing water right.

Your transfer requests to remove $4\frac{1}{2}$ inches of water from 80 acres and use that $4\frac{1}{2}$ inches of water on the 7 acres of new land. In order to properly answer the above questions, the Department must know what your intentions are for the 80 acres from which this water is being removed. If you can provide me with this information, in detail, I believe the Department will be ready to take final action on your application for transfer.

If you have questions, or would like to discuss this, please feel free to contact me.

Yours truly,

DAVID B. SHAW
Western Region Supervisor

RE: Application for Transfer of Water Right No. 67-0428
In the Name of Dave Veselka

Dear Mr. Walker:

I have received your letter of January 16 concerning Mr. Veselka's proposed transfer and the concerns of the Little Weiser Irrigation District. The Department is also concerned that the proposed transfer may result in an expansion of the water rights presently held by Mr. Veselka. In order to resolve that matter, I have contacted Mr. Veselka and expect to be getting additional information from him to be considered in the Department's evaluation of his transfer.

A copy of the application for transfer is enclosed for your information. The Department does not plan to conduct a hearing on this transfer since no protests have been filed against it. If, however, you have additional information which may show that the approval of this transfer would result in an expansion of the water right, please submit that information so the Department may consider it in reaching a decision on the transfer.

If you have other questions or would like to discuss this transfer, please feel free to contact me.

Yours truly,

DAVID B. SHAW
Western Region Supervisor

NOTICE OF OBJECTION TO WATER TRANSFER

Department of Water Resources
92 South Cole Road
Boise, ID 83709

RE: Little Weiser Irrigation District

Gentlemen:

Please be advised that I represent the Little Weiser Irrigation District concerning the status of their water rights, distribution rights and their control over the C. Ben Ross reservoir water rights.

We understand that Mr. Dave Vasselka has sold a 10-acre tract of land and is in the process of transferring some of his water rights onto this land which has not been irrigated prior to this date.

If that transfer is still pending I would hereby register this objection to the transfer on the grounds that such a transfer would cause an expansion of the water rights in the area and would jeopardize other land owners as to their status quo in the water rights.

I recognize that this transfer possibly can be worked out without causing such a burden on other lands but would register this objection to that transfer and request that a hearing be set or that peaceful negotiations be worked out between the parties prior to your office granting that request.

Would you please provide me with all documentation which I would need in order to properly assess in view of this request.

Your assistance in this matter would be greatly appreciated.

Sincerely,

Lary C. Walker *cs*

HOW TO REMIT YOUR TAXES

December 20 and June 20 Are Important

Dates Relative to Current Taxes.

1976

If you wish to pay your first installment, detach Stub No. 1 and mail with remittance. First installment tax payment becomes delinquent after the 20th day of December, 1976.

If you wish to make payment in full in December, detach Stub No. 3 and mail to Tax Collector with remittance covering the full amount of taxes due for 1976, on or before Dec. 20, 1976. After that date 1976 taxes will not be accepted until the fourth Monday in January, 1977.

Second installment taxes must be paid on or before the 20th day of June 1976, when they become delinquent. If not paid by that date, payment cannot be accepted until the fourth Monday in July, 1977. After taxes become delinquent, 2 percent penalty is added and interest at 8 percent per annum, computed from the first Monday in January, 1977.

Before paying taxes, see that the property described is yours and all noted and correctly described. Be sure the amount of your remittance corresponds with the amount shown on stubs. Receipts are issued subject to bank clearance of checks. Pin stubs to check.

Make all checks, drafts and money orders payable to:

APPLICATION FOR TRANSFER OF WATER RIGHT

NO. 67-0428

RECOMMENDATION OF WATERMASTER

I, Don Beigh, watermaster of Little Weiser R.,
of Water District No. 67 A, County of Adams-Washington, State of Idaho,
whose address is R1 Box 138 Cambridge Idaho
have read the attached copy of the application for transfer of water right for _____
Dave Veselka, and to the best of my knowledge believe the
(name)
application to be true.

A. I hereby endorse the above numbered Application for Transfer and recommend
that the Director of the Department of Water Resources approve the transfer subject to
the following conditions: Due to the decreed water right being
relinquished when the C Ben Ross water is turned on
The same would apply to the water transferred altho it is
not in the district. OR

B. I do not endorse approval of the above numbered Application for Transfer as re-
quested for the following reasons: _____

Dated at Cambridge, Idaho, this 10 day of December 19 79.

Don Beigh

MICROFILMED

INTER-DEPARTMENT MEMO — 1

FROM D. Shaw

DATE 12/19/79

TO Transfer file 67-0428

SUBJECT Ownership

I confirmed with the Adams Co. Assessor
that VESSELKA owns the property from which
the water is being taken.

0135

SIGNATURE

Charles Sale was in 12-17-79 to protest this application. By agreement in the past the river water is all put in C Ben Pass whenever they have to begin releasing storage water. This transfers ^{appl.} water that has been going to the reservoir after a certain period each year.

R.W.H.

Mr. Veselka called 12-18 and informed me that the transferred water would remain in the same ditch as before. The only change would be the place of use.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published on the dates indicated (once a week for two consecutive weekly issues) in your newspaper. We have allowed ample time for you to submit a galley proof to this office for review before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Your cooperation is appreciated.

Please send the affidavit of publication and publication billing to this office before DECEMBER 10, 1979.

Yours truly,

Karla Knecht
Secretary

Encl.
