RE: Claim to a Water Right No. 57-4150

Dear Mr. Sweet:

I am enclosing a copy of the attachment you submitted when you filed your Claim to a Water Right. We need additional information before we can advertise your claim.

In adding the acreages in Section 3, I came up with a total of 212 when actually it should have been 252. The total shown on your claim now reads 834.6 acres.

The water right used through the Mill Ditch (Aldrich Place) has no priority date given for the first use of the water. I have been unable to locate any cancelled permit for this right.

When all these acreages are added up they exceed the total of 834.6 by 11 acres. The SW1/4, Sec. 34, T. 11 N, R. 5 W, B.M. is shown on two places with a total of 44 acres. That leaves an acreage of 13 acres which I can't seem to locate. Will you please review the attachment acreages to see that they are correct?

Sincerely,

*Robert W. Hamilton*
