Mr. Ed Hausen

Dear Mr. Hausen:

We are in receipt of your claim to a water right and have begun the processing of the same.

In reviewing this claim, we note that you have listed a priority date as of April 1, 1965. As of March 25, 1963, the Department of Water Administration has been under a mandatory permit system on all ground water developments excluding those for domestic use. We would, therefore, have some question as to the validity of the claim listing a 1965 priority. It may be to your benefit to also file an application for permit which the Department could recognize. We are enclosing the application for permit form with a set of instructions for your consideration in this matter.

If you should have any questions in completing this form, please do not hesitate to contact this Department.

Very truly yours,

Dear Sirs

We purchased 15 acres along the Snake River. The land was ~~once~~ once a part of the Sunnyside Orchard Tract (which took in most of section 17 Township 10 Range 5.) We were told that back in the early 1900's when this ~~ten~~ tract was established that water rights were taken out. We were also told that that water right is still in force for the land that we bought, even though the Sunnyside Orchard tract has been sold into plot.

Could you verify if this is true. Do we have the right to pump water out of Snake River for this land.

Thank you 67 4016
