No. 24
NOTICE FOR PUBLICATION

NOTICE OF PROOF
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that on the 14th day of October, 1966, at Boise, County of Ada, State of Idaho, before Norwood C. Borsvold, proof will be submitted of the application to beneficial use of 13.1 cubic feet per second of the waters of an unnamed dry wash — tributary of Crane Creek in accordance with the terms and conditions of Permit No. R-1138 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and post office address of the person or corporation holding said permit Bureau of Land Management, Department of the Interior, 230 Collins Road, Boise, Idaho. The use to which said water has been applied is stockwatering & wildlife habitat. The amount applied to beneficial use is 13.1 acre feet. The point of diversion of said water is Unnamed dry wash — tributary of Crane Creek. A tributary of Weiser River.

The place where said water is used: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 29; T. 11 N., R. 1 W., B.M., Idaho, County of Washington.

The date of priority which said user is prepared to establish is July 10, 1963.

LICENSE OF WATER RIGHT

License of Water Right No. 67-2387 Priority 10-15-62 Amount 13.1 acre feet

THIS IS TO CERTIFY, that Bureau of Land Management
of Boise, Idaho, has complied with the terms and conditions of Permit
No. 67-2387 issued pursuant to Application for Permit dated 10-15-62,
and has submitted proof to the Department of Water Administration on 10-14-66,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 13.1 acre feet, and that the water has in fact been applied to a
beneficial use; a right to the use of water from an unnamed dry wash tributary of Crane Creek
tributary of Weiser River, is hereby confirmed in the following amounts:
Amount 13.1 A.F. for Stockwater & Wildlife from Jan. 1 to Dec. 31 (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Subject, however, to the condition that no more than 13.1 acre feet of water be diverted at
any one time, said waters to be diverted within the _____

NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 29, Twp. 11 N., Rge. 1 W., B.M.

in the county of Washington; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 13.1 acre feet per year or _____
N. A. acre feet per acre.

APPLICATION FOR PERMIT

To Construct a Reservoir and Appropriate and Store
The Public Waters of the State of Idaho

Application No. R 38844
Permit No. R 1138

Bureau of Land Management
230 Collins Road
Boise, Idaho

1. Name of Applicant: Bureau of Land Management

Post office address: 230 Collins Rod., Boise

County

Ada

State Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of Capital Stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the corporation are:

(a) Cash on hand: \$

(b) Treasury Stock: \$

(c) Bonds to be issued: \$

(d) Other resources:

2. Quantity of water to be stored: 13.1

acre feet per annum.

3. Source of water supply is unnamed dry wash - / tributary of Crane (Creek) (River) (Spring), a tributary of Weiser River.

4 The outlet of the proposed reservoir is located 1700 - N 35° 45' W. / South Quarter corner of Section 29 , Township 11 N , Range 1 W. , B.M. and is in the NE ¼ of SW ¼ of Section 29 , Township 11 N , Range 1 W , B.M. County of Washington

5. Fill out either (a) or (b).

(a) The reservoir is located in the channel of unnamed dry wash - tributary of Crane

(Creek) (River)

(b) The reservoir is to be filled through a feeder canal, the point of diversion for which is located

feet distant from

the corner of Section , Township , Range , B.M., and is in the

(bearing)

¼ of

¼ of

Section , Township , Range , B.M.; width at bottom

feet, width at top

feet, depth of water

feet; average grade per mile

feet; Capacity

cubic feet per second

6. (a) The area of the high water line of the reservoir is

2.42

acres.

(b) The reservoir capacity is

13.1

acre feet.

7. Height of reservoir dam 15 feet, length at top 385 feet, length at bottom 80 feet, size of outlet 2.0 inch dia. ~~xxxx~~

~~xxxx~~ The dam is to be constructed of materials as follows: earth fill placed with cat and carryall in uniform layers under supervision of engineer in charge, in accordance with specifications incorporated in contract (If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

8. (a) Will water stored in reservoir be diverted to canal or aqueduct, thence to land to be irrigated without commingling with natural flow of

(Creek) (River)? No

(b) Water stored in reservoir will be carried in the channel of

(Creek) (River) a distance

of miles to point of diversion located

feet, distant from the

corner of Section

(bearing)

Township , Range , B.M., and in the

¼ of

¼ of Section

Township , Range , B.M.

9. (a) Area of watershed above dam site

0.37

square miles.

(b) Estimated maximum flow of stream

167 (for 25 year frequency storm)

cubic feet per second.

10. Water is to be used for stockwater and wildlife

purposes.

11. If for mining, milling, power or manufacturing purposes give:

(a) Point of use of water 1730 N 35° W. / South ¼ Corner of Section 29 , Township 11 N , Range 1 W. , B.M., and is in the NE ¼ of SW ¼ of Section 29 , Township 11 N , Range 1 W , B.M.

(b) Amount of power generated:

H.P., under

feet head.

(c) Water is to be returned to

(Creek) (River) (Spring) at a point

feet

distant from the

corner of Section , Township , Range , B.M. in

(bearing)

the ¼ of ¼ of Section , Township , Range , B.M.

, Township , Range , B.M.

, Range , B.M.

12. Water stored in accordance with this Permit will be carried to place of use through a canal heretofore constructed under the terms of Permit No. ,

which is hereby referred to and made a part hereof.

13. Kind of diversion works:

(Dam, canal, flume, pipe, etc.)

14. Height of diversion dam:

feet, length at top

feet, length at bottom

feet. The dam is to be constructed

of materials as follows:

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

15. Size of headgate: Width	feet, Height	feet.
16. Diversion Canal: Width at bottom	feet, width at water line	feet, depth of water
Diameter of Pipe	inches; Length of Conduit	feet, Dimensions of Flume
		miles. Average grade per mile
17. Estimated Cost of Works: Storage Works: \$2,700		feet.
18. Time required for completion of work	2	years.
19. Time required for complete application of water to proposed beneficial use is	2	years.
20. The land to be irrigated is described in the following tabulation:		

(Give Irrigable acreage in each 40-acre subdivision.)

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$

DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF EXAMINER

Permit No. R-1138

This proof is for Beneficial Use In Water District No.

1. Name of applicant Bureau of Land Management

2. Source of water supply: unnamed dry wash tributary of Crane Creek

3. Location of point of diversion: Is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 29
T. 11 N R. 1 W County of Washington

4. Describe works as they exist, giving dimensions and capacities of same:

B.L.M. Project No. I-1-R-315

5. Water is used for: stockwater & wildlife

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

stockwater and wildlife in NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 29, T. 11 N, R. 1 W, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Talked to Mike Bowman of B.L.M. to verify use and existence. The water is used to water livestock and wildlife which are grazing in that area. Water source is the spring runoff of snow which is collected in a small reservoir. Because of the difficult access to these reservoirs, I recommended that this permit be license without actual presence.

This examination was made on the 16th day of Oct, 1979

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Department of the Interior
Bureau of Land Management
230 Collins Road
Boise, Idaho

Gentlemen:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the ~~Weiser American~~ all submitted in proof of completion of works and beneficial use on Permit No. R-1138.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

M. Russell Bosch

Edward C. Booker, District Manager
Bureau of Land Management
230 Collins Road
Boise, Idaho

Dear Mr. Booker:

This acknowledges the Notice of Proof ~~of Completion of Work and~~
Application of Water to Beneficial Use under Permit No. R-1138.
The proofs are to be made ~~xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx~~ on the 14th
day of October, 19 66, before Norwood C. Borsvold
Notary Public.

As of this date, we have mailed the Notice to the Weiser
Signal American, with instructions to publish it once a week for four
consecutive weeks prior to the date set for final proof then mail the
Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you
and two disinterested witnesses who are familiar with the terms of the permit
and the work done thereunder, at the place, on the date, and at the time and
before the Notary, as advertised. It is very important and necessary that
each question be answered in detail.

In returning the depositions to this office, be sure that all
copies have been signed, the Notary's seal has been placed on each and that
all depositions, (holder and two witnesses) are being returned. Also be
sure to enclose the AFFIDAVIT OF PUBLICATION

Very truly yours,

M. Russell Bosch
Office Manager

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

DEPOSITION OF HOLDER

Ques. 1. State your name, residence occupation and postoffice address: _____

Department of the Interior, Bureau of Land Management

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf: _____

Ques. 3. State number, approval date of permit, and date of priority: _____

Permit No. 1138, approved 10/17/62, Priority date 7/10/63

Ques. 4. State source of water supply: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 29; T. 11 N., R. 1 W.
Give location of point of diversion, showing subdivision, section, township and range

Ques. 5. Describe your works of diversion: storage reservoir

_____; state amount of water they are capable of conveying from point of diversion to place of use: 13.1 Acre ft.; Give name of canal or ditch or other works by which water is conducted to such place of use: dry wash tributary of Crane Creek; if a well, state depth of well _____; depth and size of casing _____; depth to water _____; if pump is used, state discharge of pump: _____; tell how it was measured or determined _____; if sprinkler irrigation, give number and size of nozzles and operating pressure: _____

Ques. 6. State for what purpose water is used: stock water
(If for irrigation, name each subdivision in which used and number of acres in each subdivision that have actually been irrigated with said water: _____

R-1138

State nature of all improvements which have been made as a direct result of said use:

Wildlife habitat improvement, erosion control, flood control

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: _____

Ques. 7. If for other than irrigation purposes, show full legal description of place of use and state purpose for which water is used:

NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 29; T. 11 N., R. 1 W., B.M., Idaho used for stock water

Ques. 8: If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder:

Quest. 9: State when and in what amount the water diverted under above mentioned permit has been first used: July 10, 1963 - Time used since first use:

13.1 acre feet for stock water

Ques. 10. Describe all other water rights appurtenant to same place of use: _____

(sign)

Orval J. Rallison

Orval J. Rallison, District Engineer
Bureau of Land Management, Boise District

I hereby certify that the foregoing testimony was read to the above subscribed, before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in

PERMIT NO. _____

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. E. Dwain Nelson, age 35 - 2816 East Boise Avenue, Boise, Idaho --

Range Conservationist

Ques. 2. Are you acquainted with Bureau of Land Management, the holder of Permit No. 1138? How long have you known him and where does he reside?

Ans. I have been employed by the Bureau of Land Management for a period of three years.

Ques. 3. Have you read or heard read said Permit No. 1138, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 29; T. 11 N., R. 1 W., B.M., Idaho - structure is a storage reservoir.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Structure will safely impound approximately 13 acre ft. of water.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. To provide water for domestic livestock and wildlife

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. On two separate occasions during the summer of 1966, I saw from 20 to 35 head of cattle in the vicinity of the reservoir. Approximately 150 head are licensed to use the area. I also know of several bands of sheep which water at this reservoir.

(Signed)

E. Duane Nelson

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Re: Permit No. R-1138

Date:

Aug. 1, 1966

Bureau of Land Management
230 Collins Road
Boise, Idaho

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. R-1138 is due not later than **Oct. 17, 1966**. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated -- by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Very truly yours,

Carl E. Tappan

July 31, 1964

Bureau of Land Management
230 Collins Road
Boise, Idaho

Dear Sir:

Under the terms of your Permit No. ^{R-1137} ~~R-1138~~ you are required to complete your diversion works on or before October 17, 1964. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

State Reclamation Engineer
