Dear Mr. Schlehuber:

In June, 1976, a representative of this Department made a re-examination of the works covered by your Permit No. 33183/67-2362 and found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 0.04 cfs Source: ground water

The maximum quantity diverted shall not exceed 0.5 acre feet per
year.

Point of diversion: SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 6, Twp. 14 N, Rge. 2 W, B.M.

Beneficial use: Stockwatering purposes within the NW $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$,
SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 6, Twp. 14 N, Rge. 2 W, B.M.

Priority date established: December 18, 1966

If you do not concur with these findings please contact us within 10 days, otherwise a
water license will be issued as set forth above.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

another irrigation.

If you have not already scheduled this
hope you can give me a little more
time as I have been unable to get this
irrigation ^{moved and} set up again, nor the
reservoirs filled like I did last year.

this means a lot to my place
and also it will help a lot to help
keep I dabo water here was it belong.

Please let me know the day you
plan to be here, as I must go back
to the mine tomorrow or next day as the
help is dependent on me to bring expression and
gravel, then should be free to reset
my irrigation.

Dear Mr. Schlehuber:

Your September 27, 1973, letter concerning the amount of water proposed for the licensing of Permit No. 67-2362, has been received.

This proposed license is primarily based upon, and is limited, by the beneficial use being made of the water. The examiner visited your project on June 28, 1972, which was only about seven months after your proof was filed. At that time, he found that the water was being used to water about ten (10) head of horses with no indication that the water was used for irrigation.

The examiner was unable to locate you at the time of the examination and, therefore, another exam will be scheduled for next week so that you may show him your project.

If you have any questions, please let us know.

Sincerely,

Dear Mr. Fleener,

I wish to protest your decision on
on permit # 33183/67 - 2362, and should
another inspection under more normal conditions.

Up till I filed proof I had a normal
flow record since some amount from the
artificial flow alone.

As you perhaps know this has been the
dryest yr. in history of this community, this together
with experimental pumpings on other wells has
appreciably lowered the water table. Also it is
possible some obstruction exists, as the well has
not been cleaned. Extra amount of

Prior to and at the time I filed proof water
was used under the irrigation part of said permit, as
I had no crop here this yr. this system was
moved to ~~another~~ other property where I need
it, so would like sufficient time to get things up
again.

I would very much appreciate it if you could set
a date with me for fall or next spring when it would be
possible to inspect under normal conditions.

Thanking you for your consideration

Dear Mr. Schlehuber:

A representative of this Department has made an examination of the works covered by your Permit No. 33183/67-2362 and has found the following:

Quantity of water diverted: 0.02 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.02 cfs

The maximum quantity diverted shall not exceed 0.2 acre feet per year.

Beneficial use: Stockwater purposes within the SW1/4SE1/4
Sec. 6, Twp. 14 N, Rge. 2 W, B.M.

Point of diversion: SW1/4SE1/4 Sec. 6, Twp. 14 N, Rge. 2 W, B.M.

Priority date established: December 18, 1966 (late proof)

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

IN THE MATTER OF Permit No. G-33183/)
67-2362 in the name of Wayne Schlehuber)

ORDER OF REINSTATEMENT

WHEREAS, on September 19, 1966, Wayne Schlehuber applied to the Department of Water Administration (formerly the Department of Reclamation) for a permit to appropriate 1.0 cubic feet per second of water from a ground water source within the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 6, Twp. 14 N, Rge. 2 W, B.M., Washington County, to be used for irrigation and stock-watering purposes; and,

WHEREAS, on September 23, 1966, the Department approved said application and issued Permit No. G-33183/67-2362 with the condition that the whole of said work be completed and proof of application of water to beneficial use be submitted to the Department on or before September 23, 1968; and,

WHEREAS, on October 10, 1968, the Department extended the time within which to submit proof of beneficial use to September 23, 1969; and,

WHEREAS, on October 20, 1969, the Department extended the time within which to submit proof of beneficial use to September 23, 1971; and,

WHEREAS, on July 1, 1971, the Department notified the permit holder that proof of beneficial use was due and instructed him as to the steps to be taken to make said proof; and,

WHEREAS, on October 5, 1971, the Department notified the permit holder that Permit No. G-33183/67-2362 had lapsed for failure to submit the required proof of beneficial use; and,

WHEREAS, on November 29, 1971, the permit holder requested additional time within which to submit the required proof of beneficial use; and,

WHEREAS, on December 9, 1971, the Department advised the permit holder that said permit could be reinstated if proof of beneficial use was submitted on or before December 21, 1971; and,

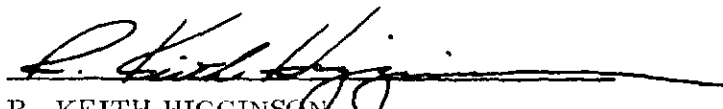

WHEREAS, the Department received the required proof of beneficial use; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause; and,

WHEREAS, the permit holder has provided a showing of reasonable cause;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. G-33183/67-2362 be REINSTATED and the priority advanced to December 18, 1966.

Dear Mr. Schlehuber:

We received your request of November 29th for an extension of time, but unfortunately we are prohibited by Section 42-204 of the Idaho Code from granting more than one extension of time.

However, you should complete the proof of beneficial use affidavit for the amount of water that you have used during the permit time, even though your motor is not working at the present time. The amount of water and number of acres may be estimated as closely as possible. By completing the proof affidavit, you can preserve the priority of this permit for the water you have used. The other alternative is to abandon this permit and make a new application. This must be done for any additional development you now make on your project.

Enclosed is another proof of beneficial use affidavit for your convenience. It must be completed and returned to this office on or before December 21, 1971. If you have any questions regarding this matter, please let us know.

Dear Sir:

Department of Water Administration

I would like to ask for a reinstatement of permit #67-2362 until early spring, pursuant to your letter of Oct. 5. Although I use the artesian part of this water all the time for domestic uses, some irrigation and filling reservoirs, and pump for more irrigation, but I am broke down again with my Deard to run the pump and have never gotten a measure of the water, and would need it in operation for measurement and irrigation.

I had planned to furnish proof by Dec. 5 if this mishap had not occurred.

Dear Mr. Schlehuber:

One of the conditions of approval of your water Permit No. G-33183/67-2362 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 23, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Sirs: Department of Reclamation Pertaining to Permit H.S. 3318.

On Sept. 13, I wrote for an extension of time of 6 or 8 months, as my water system had broken down before I was able to make measurements of the water, and that it would be impossible to get it repaired in the allotted time, and would be very doubtful that I could get it repaired ~~within~~ the grace period of 60 days, even.

This water means a lot to me, and presuming you may not have received this request, anyway I have not received an ans. to date, and waited till the mail came today, so am making a special trip receive mine of Sept 13.

Re: Permit No. G-33183

Wayne Schlehuber
Cambridge,

Dear Mr. Schlehuber:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney

Dear Mr. Schlehuber:

One of the conditions of the approval of your permit
~~G-33183~~ was that proof of application of the water to
beneficial use be submitted to this office on or before _____
Sept. 23, 1969.

Enclosed is an affidavit form which must be used to submit
this proof. You may request an extension of time provided the
delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received

Re G 33183, Wayne Schlehuber
Cambridge, Idaho

Dear Mr. McEldowney:

With this letter I am enclosing the application of Wayne Schlehuber, of Cambridge, Idaho for extension of time to submit proof of completion of work and application of ground water to beneficial use.

The work shown in the application for the above permit has been substantially completed by the drilling and casing of a 410 foot well and the construction of some small, storage ponds. Applicant desires to fully utilize the flow of the well by taking the water through approximately 1 mile of ditches and laterals to irrigate the lands shown in the application. Due to an rather serious accident sustained by applicant in the fall of 1967, he has been unable to do the ditching work, and has not had the money to hire the ditch work done. I am sure that by September, 1970, he can fully complete all this work and be in position to fully comply with all conditions of the Permit.

Very truly yours,

(Carl H. Swanstrom)

Dear Mr. Schlehuber:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than September 23, 1968.

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces on both forms, sign the form authorizing us to publish the notice at your expense, and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.
