Dear Mr. Williams:

A representative of this Department has made an examination of the works covered by your Permit No. 32352/67-2331 and has found the following:

Quantity of water diverted: 2.24 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.74 cfs

The maximum quantity diverted shall not exceed 172 acre feet per season.

Beneficial use: Irrigation of 43 acres within the NE $\frac{1}{4}$ NW $\frac{1}{4}$ (33.5), NW $\frac{1}{4}$ NW $\frac{1}{4}$ (4), SE $\frac{1}{4}$ NW $\frac{1}{4}$ (5.5), Sec. 17, Twp. 13N, Rge. 3W, B.M.

Point of diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17, Twp. 13N, Rge. 3W, B.M.

The priority date established is: May 3, 1965

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Our field examination also indicates that your rate of diversion exceeds that authorized by your permit. Unless you have another valid permit for other grounds to be irrigated from this same source or other beneficial uses of this water, you must reduce your rate of diversion to that allowed by law. If you have any questions regarding this matter, please contact us.

Dear Mr. Williams:

We are in receipt of the affidavit of beneficial use submitted in connection with the above referenced permit.

Please be advised that there are a few discrepancies in your affidavit. In item 4b, you have listed two points of diversion in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17, T. 13 N, R. 3 W. On your permit there are two points listed, one in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, and one in the SE $\frac{1}{4}$ NW $\frac{1}{4}$. In item 9, you have listed all 43 acres to be irrigated in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17, T. 13 N, R. 3 W. Your permit lists 10 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, 13 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, and 20 acres in the SE $\frac{1}{4}$ NW $\frac{1}{4}$.

If the discrepancies are merely errors, please advise and we will correct them. If you wish to change the permit, however, you will be required to file for an amendment to the permit. An amendment form is enclosed for your use in this matter.

We are also enclosing the receipt for payment and suggest that you keep it for your records.

Very truly yours,

Donald W. McEldowney

Re: Permit No. 32352 (New No. 67-2331)

Lee L. Williams
Midvale, Idaho

Dear Mr. Williams:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit ~~and are now submitting proof of beneficial use~~. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney
