Dear Mr. Thorson:

Please be advised that on the 16th of May, 1968, the Department of Reclamation conducted a field examination of the lands and systems covered by this permit.

Results of the examination indicate that prior to the issuance of the license you will be required to file an application for amendment to the point of diversion. The permit lists the point of diversion as being located in the NE~~1~~NE~~4~~, Sec. 18; whereas, the examination indicates the point of diversion is actually located in SE~~1~~SE~~4~~, Sec. 7, T. 10 N, R. 4 W, B.M.

We are enclosing a partially prepared application for amendment. Please sign the amendment if you agree with its intent. Return the application for amendment with a \$5.00 fee. We are also enclosing the department's form 11, authorization for the department to publish the amendment at your expense. The law requires a two week publication of a correction notice of this nature.

Please sign the Form 11, returning it with an amendment and \$5.00 fee. Thank you for your assistance.

Very truly yours,
