Dear Mr. Branch:

The publication of the Jim Stippich permit is actually a Claim to a Water Right, numbered 67-4023 and will be treated as a use right. You can file an exception which will be put into the file along with the claim. When and if the right is decreed, all evidence in the folder will be considered. There is no time limit or fee involved.

I am sending a copy of the above referenced permit in the name of Andy Anderson. Proof of Application of Water to Beneficial Use has been made and the works need to be examined by a representative from this Department. Our examiners were there in 1969, but the well was not in use at that time. If you get power in, you might notify us and we will make the examination as soon as possible.

If you should have any questions in the meantime, or require assistance in any manner, please do not hesitate to contact this Department.

Very truly yours,

Robert W. Hamilton
