Dear Mrs. Wagner:

Our records show that the City of Cambridge has a filing in the form of a valid License No. 67-2306 and Permit No. 67-7377. Both rights are from a groundwater source for municipal use. The lands identified in your letter of March 4, 1983, in which you identify well No. 1 corresponds with License No. 67-2306 and well No. 2 corresponds with Permit No. 67-7377.

Since these rights are on record with this Department in the form of a valid license and permit, it is not necessary to file a claim. A claim may only be filed for use of groundwater placed to beneficial use prior to March 25, 1963, and not already on file with this Department in the form of a valid permit, license, claim, or a right decreed in a court of law.

Enclosed is our leaflet entitled "Keep Your Water" which outlines the exceptions to filing. Also enclosed are copies of the license and permit. If you still have concerns regarding the possibility of water being used by the City of Cambridge which are not on record with this Department, please feel free to contact us.

Please remit \$1.25 for the copies.

Sincerely,

Roberta Garrett

Board of Trustees
City of Cambridge
Cambridge, Idaho 83610

Gentlemen:

In reviewing the Report of the Field Examiner, I find that some additional information is required before a Water License may be issued.

I need to determine the volume of water used annually by your city, both from the well specified on the above referenced permit and all other wells used by the city. Please inform me as to the number of water users and the total number of people served. Also, would you please provide a listing of water used by any large water users, stating the annual use and the months used (a monthly breakdown if there is much variation). We must, also, have the amount used for irrigation of parks and public lands.

If recorded data is not available, estimates of the volume of water used each month will suffice. If estimates are submitted, please state your method of arriving at these estimates. Also, provide any facts and figures that would help to substantiate these estimates.

If you will provide this information, we shall continue to process your permit. If we can be of any assistance, please advise.

Very truly yours,

Dennis Timoskevich

Dear Mr. Dopf:

We acknowledge receipt of the depositions and affidavit of publication in the
News-Reporter submitted as proof of com-
pletion of works and beneficial use on Permit G-30873.

Before a certificate and license of water right can be issued, a field
examination must be made by a representative from this department. We
cannot tell just when this examination will be made, but our field examiner
will try to contact you at the time he makes the examination so that you
may show him the system.

Very truly yours,

Gentlemen:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than January 8, 1968.

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces and sign the form authorizing us to publish the notice at your expense and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.
