Re: Permit No. G-27413
George A. Dusenberry

Mr. Frank H. Joseph
Attorney At Law
Suite 1, Center Building
Weiser, Idaho

Dear Mr. Joseph:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-27413 shows that the well is capable of conveying 2 miners inches (.04 c.f.s.) of water for domestic use and irrigation of 2 acres.

Upon receipt of the statutory fees, totaling $7.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (two dollars) confirming the right with priority of June 5, 1958, to the use of .04 second foot of subterranean water, with point of diversion and place of use in the NE¼SE¼ of Section 4, Township 10 North, Range 5 West, BM.

Very truly yours,

Dear Mr. Dusenberry:

We acknowledge receipt of the Deposition of Holder and two Witnesses, also Affidavit of Publication in the Weiser Signal, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-27413.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. George A. Dusenberry, R.R.#3, Weiser, Idaho. Mgn. of Weiser office of Boise-Payette Lumber Co.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-27413, June 20, 1958. June 5, 1958

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled well. NE¼SE¼ ~~Twxx1@Marxhx~~ Sect. Four Twp 10N. R5WBM

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing, and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. This is a well and water is conducted by pipe for domestic use in house and pipe and sprinkler system to the pasture. The well is 187 feet deep; eight inch casing full depth and has one hundred forty (140) feet of water. The house yard is underground sprinkler and has eight heads; the pasture has five heads. Pump wil discharge in excess of eighteen gallons per minute

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For house and to irrigate two acres of pasture all in the NE¼SE¼ Sect. 4, Twp. 10 N. R5WBM. This is planted pasture and lawn and garden. Allhave been put in as a direct result of this water system.

27413P

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.04 cubic feet per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ----

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. For house since 1951. For pasture started in the 1957 season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) Geo Duisenberg

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in ~~Washington~~ Weiser, County of Washington, State of Idaho, on this 20th day of October, A. D. 1958,

Notary Public for Idaho,
Residing at Weiser, Idaho

My commission expires March 1, 1961

BOISE, IDAHO

RECEIVED
OCT. 22 1958
Department of Reclamation

Permit No. G-27413

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J. L. McIntyre. age 38 years. Weiser, Idaho. Partner of Weiser Hardware Co., Weiser. Address Pioneer Road. Weiser, Idaho.

Ques. 2. Are you acquainted with George A. Dueenberry, the holder of Permit No. G-27413? How long have you known him and where does he reside?

Ans. Yes. Have known him for some ten years. He lives about two miles south and east of Weiser, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-27413, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. This water is pumped from a well and conveyed by pipe and sprinkler system. Well is located close to his house.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. In excess of 0.04 cubic feet per second.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. In excess of 0.04 cubic feet per second. At the time of the installation I was the field representative of the Parma Water Lifter Co. and made the installation and made the measurements when testing plant.

IDAHO

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and irrigation. I am advised that the well and property are located in the NE¼SE¼ of Sect. 4 Twp. 10 North R5WBM. There is about two acres including the house yard and pasture. Lawn has been planted as well as pasture and of course it is used for house and stock purposes.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. None

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Appears to be a light sandy soil. Would require at least 0.04 cubic feet per second.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I installed the pump (Sta-Rite) and ran the tests. I frequently go past the place in the course of my business and have observed the improvements many times.

(Signed) D. L. McIntyre

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~Cultivated~~ Domestic and for irrigation. It is in the NE¼ of the SE¼ of Sect. 4, Twp. 10N. R5wbm. The land is cultivated, and consists of approximately two acres including the yard and garden. The rest is in pasture. The lawn, pasture and garden are all the result of the irrigation system.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. By pressure system into the house for domestic purposes.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land sandy loam and will require not less than 0.04 cubic per second.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I helped install the water system and have checked it to determine the manner in which the system has worked.

Mr. Frank A. Joseph
Attorney At Law
Suite 1, Center Building
Weiser, Idaho

Dear Mr. Joseph:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-27413, in the name of George A. Dusenberry. Final proof is to be made before you, as Notary, on the 20th day of October at 10:00 A. M., at Weiser, Idaho.

As of this date we have mailed the Notice to the Weiser Signal, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Dear Mr. Joseph:

We enclose Permit No. G-27413, in the name of George A. Dusenberry, in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the Deputy State Reclamation Engineer.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proofs at any time you are prepared to do so within that time.

We also enclose departmental receipt No. G-3362, which was issued covering payment in the amount of $5.00, for the filing fee of the above mentioned permit.

Very truly yours,
