Re: Permit No. G- 27074
Harry C. Young

Date: July 2, 1962

Eric Osterborg
Boise Loan & Realty
Box 1744, Boise, Idaho

Dear Mr. Osterborg:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 27074 are due not later than September 26, 1962

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Dear Mr. Young:

Returned herewith are the two Forms 36 and one Form 11. The answer under 5 indicates that you are irrigating, not over 40 acres of land. Your permit claims irrigation of the SE 1/4, S 1/4, Sec. 2, T. 9 N., R. 5 W.

Kindly show the description of the land being irrigated and return promptly.

Dear Mr. Young:

Enclosed is form to amend the land list. Your permit shows irrigation of portions of SE 1/4 (Lot 2) and SE 1/4 which includes NW 1/4 (Lot 3) of Section 2, T. 9 N., R. 5 W. The permit does not include any land in Lot 1 (NE 1/4), and the description of the land on the legal notice does not show that you own any land in Lot 1.

If you wish to show irrigation in Lot 1, you must complete the amendment form and return to this office with the \$1.00 fee for recording any amendment.

We can delete Lot 1 from the legal notice of intention to make proofs and send it to the papers.

Kindly advise promptly

Payette, Idaho.

Dear Mr. Young:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G- 27074. The proofs are to be made at 10:00 o'clock A.M., on the 4th day of September, 19 62, before R. C. Whiting, Payette, Idaho, Notary Public.

As of this date we have mailed the Notice to the Independent Enterprise, Payette, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Re: Harry C. Young---Permit No. G-27074

Dear Mr. Thomas:

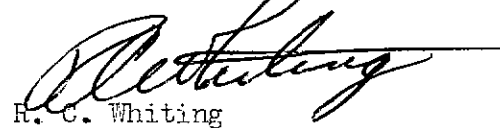

In answer to your letter of September 5, 1962 to Mr. Young we wish to advise that the reason the notary was different for the witness is because I was one of the witnesses and I did not think that you would appreciate or that it would be legal for me to notarize my own signature.

I have known Mr. Young's farm for years and felt that I could give you this information as well as anyone.

I can not see why it would make any difference whether I was the notary or Mr. McCarroll as long as he is a certified notary public. I hope this will clear the matter up to you and you will see your way free to give Mr. Young his final certificate.

Yours very truly,

Dear Mr. Young:

This will acknowledge receipt of your application for permit to appropriate the subterranean waters from a borrow pit located in Section 2, Township 9 South, Range 5 West.

From the description given on your application, you state that the borrow pit is located in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 2. Your land to be irrigated is in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ and the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 2. And as you did not place the location of the well on the sketch map which was furnished with the application, we are in doubt as to where the borrow pit is located.

We are therefore enclosing a copy of your sketch map which was enclosed with the application and will request that you show the location of the borrow pit on the sketch map and return to this department as soon as possible.

Very truly yours,

Dear Mr. Young:

This will acknowledge receipt of your application for permit to appropriate the subterranean waters from a borrow pit located in Section 2, Township 9 South, Range 5 West.

From the description given on your application, you state that the borrow pit is located in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 2. Your land to be irrigated is in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ and the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 2. And as you did not place the location of the well on the sketch map which was furnished with the application, we are in doubt as to where the borrow pit is located.

We are therefore enclosing a copy of your sketch map which was enclosed with the application and will request that you show the location of the borrow pit on the sketch map and return to this department as soon as possible.

Very truly yours,
