AFFIDAVIT OF PUBLICATION

STATE OF IDAHO, }
County of Washington } ss.

Ellen Kiser, being duly sworn,
deposes and says:

That he is the Chief Clerk of
THE WEISER SIGNAL, a weekly newspaper published at
Weiser, in the County of Washington and State of Idaho; that
said paper has been and is in general circulation in the county
aforesaid, and in the vicinity of Weiser; that the advertise-
ment, a copy of which is attached hereto, was published in
said newspaper once a week for four consecutive weeks
in the regular and entire issue of said paper during the period
and time of publication, and was published in the newspaper
proper and not in a supplement; that said paper has been
established and regularly published for more than seventy-
eight consecutive weeks prior to the date of first publication
of said advertisement.

Such notice was published in the issue beginning with
August 8, 1957, and ending
with the issue of August 29, 1957.

Fees, \$ 15.40

Subscribed and sworn to before me this 13th day
of Sept., 1957.

Mark R. Kulp
Notary Public, Residing at Weiser, Idaho.

PUBLIC NOTICES

No. 2629

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00
A. M. on the 14th day of September,
1957, at Weiser, County of Washing-
ton, State of Idaho, before Goldie M.
Jones, Notary Public, proof will be
submitted of the application to benefi-
cial use of 1.6 cubic feet per sec-
ond of the waters of Warm Springs
in accordance with the terms and
conditions of Permit No. 26421 here-
tofore issued by the Department of
Reclamation of the State of Idaho.

The name and postoffice address of
the person holding said permit is
William W. Winegar, Route No. 1,
Weiser, Idaho.

The use to which said water has
been applied is irrigation.

The amount applied to beneficial
use is 1.6 cfs.

The place where said water is used
is E $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 16 and SE $\frac{1}{4}$ SE $\frac{1}{4}$,
Sec. 9, all in Twp. 11 N., Rge. 6 W.

The name of the canal or ditch or
other works by which said water is
conducted to such place of use is
Winegar pipeline.

The right to take water from such
works is based upon Permit No. 26421.

The source of supply from which
such water is diverted is Warm
Springs Creek fed by waste water
from Weiser Irrigation District Canal.

The date of priority which said
user is prepared to establish is July
6, 1956.

APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 34328
PERMIT No. 26421
DISTRICT No.

William E. Winegar
Route # 1
Weiser, Idaho

1. Name of Applicant: WILLIAM ^{W.}~~E.~~ WINEGAR

Postoffice address: Route # 1, Weiser

County: Washington

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: one and six/tenths (1.6) cubic feet per second.

3. Source of water supply: Warm Springs Creek which is a tributary of Snake River

4. Location of point of diversion: On the East Half of the Northeast Quarter of Section 16, Township 11 North of Range 6 West of the Boise Meridian. feet distant from the corner of Section , T. , R. , B. M., and is in the ~~SE 1/4~~^{NE 1/4} of Section 16 , T. 11 N. , R. 6 W. , B.M., County of Washington

5. Water is to be used for sprinkler irrigation.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B.M., in the of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 6,000.00

8. Kind of works: pipes.

9. Height of dam none feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

a head gate will not be used. A hole will be dug and a sump pump installed.
10. Size of headgate: Width / pump out of a sump. feet; height feet.

11. Ditch: Width at bottom None / feet; width at water line feet; depth of water feet; dimensions of flume:

Diameter of pipe 6 inches; length of conduit 3/4ths miles.

Average grade per mile 50 feet.

12. The time required for the completion of such work is one years.

13. The time required for the complete application of the water to the proposed use is none additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? **No.** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

WILLIAM W. WINEGAR

Applicant.

By

Agent.

REPORT OF ENGINEER

Permit No. 26421This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant William W. Winegar2. Source of water supply: Warm Springs Creek3. Location of point of diversion: Is in the SE 1/4 of Section 16T. 11 North R. 6 West County of Washington4. Describe works as they exist, giving dimensions and capacities of same: 20 hp. G.E. hor.

motor, mtd on end. Cornell centrifugal pump 6" x 4" mtd
over a concrete head box on N. bank of stream. 6 x 900'
of steel pipe buried across pasture. He has another
farm and shifts his sprinkler systems to suit the
irrig. requirements. Plenty of sprinkler equipment

5. Water is used for: Irrigation6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

ENE 1/4, Section 16 and SE 1/4, Section 9, all in Township 11 North, Range 6 West.

He has bored many of nozzles to a larger size
but is gradually going to a 3/16" single jet.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

Actually the water he uses in irrigation season
is the tail water from the Halloway Canal, the
end of which is just across the county road
from Mr Winegar's pump.

This examination was made on the 14 day of March, 19 58

Re: Permit No. 26421

Mr. William W. Winegar,
Weiser, Idaho

Dear Mr. Winegar:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Weiser Signal, all submitted in proof of application of water to beneficial use on Permit No. 26421.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Wense Ida. Sept 4 1957

Dear Mr. Culp.

You will please find enclosed papers
of proof of application of water I filed
on. To beneficial use.

I hope every thing is in order and will continue
to improve the use of water I have filed on.

With kindest regards.

William W. Vinegar.
Rt. 1. Wense Ida.

Permit No. 26421

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. William W. Winegar, Weiser, Idaho, farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 26421, July 13, 1956, July 15, 1956

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Warm Springs Creek, Southeast Quarter of the Northeast Quarter, Section 16, Township 11 North, Range 6 West Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Pumping plant and pump with pipeline and sprinkler system. The discharge of the pump is one second foot and determined from inquiry of the manufacturer and estimated by the amount being pumped. The pump operates under about forty pounds of pressure and the sprinkler system has sixty nozzles, 5/32 of an inch in diameter.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Twenty acres in the Northeast Quarter of the Northeast Quarter } Sec. 16, 11N-6W.
Twenty acres in the Southeast Quarter of the Northeast Quarter }
About twenty acres in the Northeast Quarter of the Southeast Quarter.
The above figures are approximate. Additional lands will be brought under cultivation and irrigation.

P.S. Most of this land is seeded to alfalfa.

W.W.W. - 26421

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. No other purpose

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. fifty to eighty miners inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This land was irrigated with a sprinkler system in the fall of 1956 and has been irrigated almost continuously during the irrigating season of 1957.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water is diverted to or used in the irrigation of these lands.

(Sign)

William W. Winegar

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Weiser, County of Washington,

Department of ReclamationPERMIT NO. 26421**Proof of Application of Water to Beneficial Use****Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Sim Baker, 61, farmer and stock raiser, Weiser, Idaho

Ques. 2. Are you acquainted with William W. Winegar, the holder of Permit No. 26421? How long have you known him and where does he reside?

Ans. yes two years, Weiser Flat

Ques. 3. Have you read or heard read said Permit No. 26421, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Warm Springs Creek, on the Southeast Quarter of the Northeast Quarter of Section 16, Township 11 North, Range 6 West Boise, Meridian. Pumping plant and pipeline

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. one to one and a half second feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation. The land is cultivated and has been seeded to crops and a sprinkler system installed thereon for irrigation.

26421

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is doby hill land and requires one miners inch of water per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Practically every day during the irrigating season of 1957 I have seem water sprinkled on the land through this sprinkler system.

Dear Mr. Winegar:

We are in receipt of a letter from the Commissioner of Reclamation to the effect that the hearing on your application for a Water Permit has been set for September 14th at ten o'clock A. M., before Goldie M. Jones, a stenographer in this building.

You are requested to bring along with you two witnesses who are familiar with the work done on your place. Their testimony and your testimony will all be taken. I am enclosing the blank forms that you will use. Be careful not to lose these forms.

You should bring the witnesses to this office on some date before the 14th so we can go over their testimony and see whether they have the qualifications required as witnesses.

Yours very truly,

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 14th day of September, 1957,
at Weiser, County of Washington, State of Idaho, before
Gladie M. Jones, Notary Public, proof will be submitted of the
application to beneficial use of 1.6 cubic feet per second of the waters of Warm Springs
in accordance with the terms and conditions of Permit No. 26421
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person ~~or corporation~~ holding said permit ~~is~~ is

William W. Winegar, Route #1, Weiser, Idaho

The use to which said water has been applied is irrigation

The amount applied to beneficial use is 1.6 cfs

The place where said water is used ~~(if for irrigation, give full and accurate description of the land irrigated)~~

Block, Sec. 16 and SE 1/4, Sec. 9, all in Twp. 11 N., Rge. 6 W.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

Winegar pipeline

The right to take water from such works is based upon Permit No. 26421

The source of supply from which such water is diverted is Warm Springs Creek fed by waste

water from Weiser Irrigation District Canal

The date of priority which said user is prepared to establish is July 6, 1956

MARK R. KULP

State Reclamation Engineer.

Re: Permit No. 26421
William W. Winegar

Donart & Donart
Idaho First National Bank Building
Weiser, Idaho

Dear Mr. Donart:

We enclose the following:

Application for Amendment to Permit No. 26421 which has changed the list of lands as listed in the original permit to read as follows: E $\frac{1}{2}$ NE $\frac{1}{4}$ Section 16; SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9; Township 11 North, Range 6 West B.M. This amendment has been approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 93 of Permits at page 26421. It should now be attached to the original permit to which it refers and of which it becomes a part.

Certificate of Completion of Works issued under Permit No. 26421 for the diversion of 1.6 second feet of the waters of Warm Springs Creek with the point of diversion in SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16; Township 11 North, Range 6 West B.M. with the lands to be irrigated described as E $\frac{1}{2}$ NE $\frac{1}{4}$ Section 16; SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9; Township 11 North Range 6 West B. M.

Departmental Receipt No. 26836 for \$5.00 issued as receipt of payment of the fee for the Certificate of Completion of Works.

Very truly yours,

Permit to appropriate the Public Waters
of the State of Idaho, No. 26421

JUN 5 1957
Department of Reclamation

Comes now William H. Winegar, and represents to the State Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 26421, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

A portion of the East Half of the Northeast Quarter of Section Sixteen
(16) and the Southeast Quarter of the Southeast Quarter of Section
Nine (9) in Township Eleven (11) North of Range Six (6) West of the
Boise Meridian.

, making a total of eighty acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Weiser, Idaho, this 4th day of June, 19 57.

William H. Winegar

Date of receipt at office of Department of Reclamation June 5, 1957

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 26421. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Mark R. Kulp

State Reclamation Engineer

Permit No. 26421

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Washington

ss.

William W. Winegar, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 26421, and that his postoffice address is Weiser

State of Idaho

Second: That the name of the stream from which said water is to be diverted is

Warm Springs Creek

Third: That the point of diversion of said water is In Southeast corner of Southeast Quarter of the Northeast Quarter of Section Sixteen (16), Township Eleven (11) North of Range Six (6) West of the Boise Meridian.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by July 13, 19 57.

Fifth: That the use for which said water is intended is irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (~~or were not~~) fully completed and consisted of the following:

I. Kind of works: pumping plant and pipeline
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit pipe width at bottom $\frac{1}{2}$ feet, width at water line $\frac{1}{2}$
(State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe 6 inches, average grade per mile is $1\frac{1}{2}$ feet. Length of conduit is $\frac{1}{2}$ miles.

Seventh: That said works are capable of conducting to the place of intended use 1.6 second feet of water.

Eighth: That water appropriated under said permit is available for eighty

A portion of the following described lands; situate in Washington County, Idaho: The East Half of the Northeast Quarter of Section 16 and the Southeast Quarter of the Southeast Quarter of Section 9, Township 11 North of Range Six West of the Boise Meridian.

Ninth: Remarks: That the diversion works are completed and the water can now be turned on and used for the irrigation of the entire eighty acre tract.

Re: Permit No. 26421
William W. Winegar

Donart & Donart, Lawyers
Idaho First National Bank Building
Weiser, Idaho

ATTENTION: Mr. George Donart

Dear Mr. Donart:

This acknowledges receipt of the affidavit of holder of Proof of Completion of Works together with the Notice for Publication for said proof on Permit No. 26421.

We return herewith the affidavit of holder for additional information. Please answer the "Third" paragraph by giving the point of diversion. In the original permit, it is described as the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 11 North, Range 6 West, B.M.

Regarding paragraph "Eight" - the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9 is not included in the land list of the original permit, therefore, if this 40-acre subdivision has been added it is necessary that the permit be amended to include it. We enclose "Application for Amendment" for this purpose. Also, we note that in the Notice of Publication the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 9 is included along with the E $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 16, Township 11 North, 6 West, B.M.

Upon return of the affidavit, the notice will be sent for publication accordingly. The fee for a Certificate of Completion of Works is \$5.00 which you remit at the same time.

Very truly yours,

RE: Permit No. 26421

FOISE

May 1, 1957

Mr. William E. Winegar
Route #1
Weiser, Idaho

Dear Sir:

Under the terms of your permit No. 26421 you are required to complete your diversion works and make proof of beneficial use on or before July 13, 1957.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is July 13, 1957, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP

RECEIVED
AUG 13 1956

Department of Reclamation

Dear Mr. Culp:

Just a few lines regarding my
filing on Warm Spring Creek on
1.6 second feet of water. I got my
cancelled check with my bank statement
but I have been waiting for authorization
to use the water. It is getting late
in the season. I have planted 4 acres
to barley & alfalfa and would really
like to start watering as soon as possible.

Our first correspondence was July 5, 1956
if I haven't met all requirements I
would like to do what I should to have
the right to go ahead. I realize my problem
is not all you have to worry about, and
will thank you in advance for a reply.

Respectfully

William M. Winegar

Honorable Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

ATTENTION: Mr. Thompson

Dear Mr. Thompson:

Re: Application of William E. Winegar for
Permit.

We have corrected the Winegar application in accordance
with your suggestions. He has drawn his map in duplicate
as he was requested but he is not much of a draftsman but
I believe it is apparent what he intends to do.

If there is anything further desired please advise me.
If not, please send us the necessary papers so that we can
go ahead with our publication.

Thanking you, we are,

Yours very truly,

DONART & DONART

RE: William E. Winegar,
Application for Permit.

Messrs. Donart & Donart
Idaho First National Bank Bldg.
Weiser, Idaho

ATTENTION: Mr. George Donart

Dear Mr. Donart:

Relative to the enclosed Application for Permit in the name of William E. Winegar of Route # 1, Weiser, Idaho, we are returning same for correction.

Under question 14 on the second page of the application it is stated that Applicant intends to irrigate 80 acres of land.

Under question 2 (Quantity of Water Claimed:) your Application states 2 cubic feet per second. As Applicant only intends to irrigate 80 acres of land it will be necessary that the amount under question 2 be reduced to 1.6 cubic feet per second as the maximum allows one inch per acre.

Under question 4 of the application state the location of point of diversion within a 40 acre subdivision. You will observe that you state that the point of diversion is in Township 16 North, Range 6 West and on your sketch map you state Township 11 North, Range 6 West.

Please furnish sketch maps in duplicate on Form No. 0 enclosed herewith showing lands to be irrigated and point of diversion according to Section, Township and Range.

We acknowledge receipt of Mr. Winegar's check for \$5.25 which we will hold until corrected application is returned.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Kulp:

Re: William E. Winegar

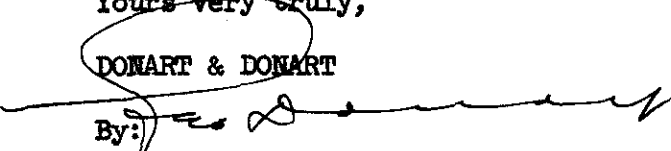

We are enclosing the application of William E. Winegar for permit to appropriate water from Warm Springs Creek and a check for \$5.25 covering the estimated charge.

This is a simple project, he will merely install a pump on his own land and pipe this water about a quarter of a mile across the Weiser Irrigation District Canal and apply it to a beneficial use on the land above the irrigation district canal.

If there is any further information desired please advise.
On hearing from you further we will comply with your directions.

Yours very truly,

DONART & DONART
