No. 926
NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE
Notice is hereby given that at 9:00
A. M. on the 20th day of September,
1957, at Cambridge, County of Wash-
ington, State of Idaho, before Mrs.
May Collins, Notary Public, proof
will be submitted of the application
to beneficial use of 3.2 cubic feet per
second of the waters of Little Weiser
River and slough in accordance with
terms and conditions of Permit No.
25066 heretofore issued by the State
Reclamation Engineer of the State
of Idaho.
The name and postoffice address
of the person holding said permit is
Charles C. Clelland, Route No. 1, Box
6, Cambridge, Idaho.
The use to which said water has
been applied is irrigation.
The amount applied to beneficial
use is 3.2 cubic feet.
The place where said water is used
is NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$
NW $\frac{1}{4}$, all in Sec. 15, Twp. 14 N., Rge.
3 W.
The name of the canal or ditch or
other works by which said water is
conducted to such place of use is
portable pump and sprinklers.
The right to take water from such
works is based upon Permit No. 25066.
The source of supply from which
such water is diverted is Little Wei-
ser River.
The date of priority which said
user is prepared to establish is July
21, 1954.

APPLICATION FOR PERMIT 67-2243
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 32894
PERMIT No. 25066
DISTRICT No.

1. Name of Applicant: CHARLES CLELLAND
- Postoffice address: Cambridge County: Washington State: Idaho
- I. If applicant is a corporation, give:
- (a) Date and place of incorporation:
 - (b) Amount of capital stock:
 - (c) Amount paid in:
 - (d) Names and addresses of directors:
- II. The financial resources of the applicant are:
- (a) Cash on hand:
 - (b) Treasury stock:
 - (c) Bonds to be issued:
 - (d) Other resources: 1.6 from slough (Unnamed old channel of Little Weiser River)
2. Quantity of water claimed: 1.6 c.f.s. from Little Weiser River cubic feet per second. Total 3.20 c.f.s.
3. Source of water supply: Little Weiser River and Skough which is a tributary of Weiser River
Various points in SE $\frac{1}{4}$ NW $\frac{1}{4}$ and S $\frac{1}{2}$ NE $\frac{1}{4}$ from Little Weiser River, and various points from Skough in NE $\frac{1}{4}$ NW $\frac{1}{4}$ & N $\frac{1}{2}$ NE $\frac{1}{4}$
4. Location of point of diversion: / feet distant from the
corner of Section , T. , R. , B. M., and is in the
of Section 15 , T. 14 N. , R. 3 W. , B.M., County of Washington
5. Water is to be used for Irrigation
6. If for mining, milling, power or manufacturing purposes, give:
- (a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.
7. Estimated cost of works: \$ 1,500.00
8. Kind of works: Portable pump and sprinkler system.
9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam:
10. Size of headgate: Width feet; height feet.
11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;
dimensions of flume:
Diameter of pipe inches; length of conduit miles.
Average grade per mile feet.
12. The time required for the completion of such work is Five (5) years.
13. The time required for the complete application of the water to the proposed use is None additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.
15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 82 $\frac{1}{2}$ miners inches from Weiser River

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

CHARLES CLELLAND

Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 2:30 P. M. July 21, 1954

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 25066

Recorded in Book 89 Page 25066 Approved July 22, 1954

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before **September 22, 1954** and to continue diligently and uninterruptedly to completion,

unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **January 22, 1957**

The whole of said work to be completed on or before **July 22, 1959**

Beneficial use of water appropriated in accordance herewith, to be made on or before **July 22, 1959**

WITNESS My hand this 22nd day of July, 1954

MARK R. KULP

State Reclamation Engineer.

REMARKS: The channel of the Little Weiser has been changed for approx. 1½ miles above its mouth. Applicant intends to provide a portable pump and sprinkler system and pump water from the Little Weiser River which after the high water season consist mostly of waste water and seepage water. From the old river channel, which is designated herein as a slough, collects seepage and waste water which the applicant intends to pump on land by portable pump using sprinkler system. This filing is supplemental to existing water rights.

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 25066

This proof is for Beneficial Use

In Water District No.

1. Name of applicant Charles C. Clelland

2. Source of water supply: Little Weiser River and Slough

3. Location of point of diversion: Is in the SE NW $\frac{1}{4}$ & S $\frac{1}{2}$ NE $\frac{1}{4}$ from Little Weiser River and NE $\frac{1}{4}$ NW $\frac{1}{4}$ & N $\frac{1}{2}$ NE $\frac{1}{4}$ from slough Section 15

T. 14 N., R. 3 West County of Washington

4. Describe works as they exist, giving dimensions and capacities of same: 15 $\frac{1}{4}$ H.P. G.E. Motor and 4"x3" Pacific Centrifugal Pump with on planks set on concrete base on north bank of Little Weiser R. (the reconstructed channel.) 6" suction pipe down into river. Oil barrel with screened slots over the intake. 5" portable Al. Main line to North. 4" and 3" lateral with 35" sprinklers

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE NW $\frac{1}{4}$
All of the NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$; all in Section 15, Township 14 North, Range 3 West

Started to irrigate with a tractor and a portable pump, didn't like it so bought more pipe and put in a permanent set up on the river bank with an electric motor.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Last year he bought more main line, more lateral lines and 21 more sprinkler heads.

He is well pleased with results of his irrigation.

Also claims stock water for same source.

This examination was made on the 4 day of March, 1958

(Signed) E. M. Humphrey Examiner.

Dear Mr. Clelland:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Weiser American, all submitted in Proof of Application of Water to Beneficial Use on Permit No. 25066.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

No. 926
NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE
Notice is hereby given that at 9:00
A. M. on the 20th day of September,
1957, at Cambridge, County of Wash-
ington, State of Idaho, before Mrs.
May Collins, Notary Public, proof
will be submitted of the application
to beneficial use of 3.2 cubic feet per
second of the waters of Little Weiser
River and slough in accordance with
terms and conditions of Permit No.
25066 heretofore issued by the State
Reclamation Engineer of the State
of Idaho.
The name and postoffice address
of the person holding said permit is
Charles C. Clelland, Route No. 1, Box
6, Cambridge, Idaho.
The use to which said water has
been applied is irrigation.
The amount applied to beneficial
use is 3.2 cubic feet.
The place where said water is used
is NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$
NW $\frac{1}{4}$, all in Sec. 15, Twp. 14 N., Rge.
3 W.
The name of the canal or ditch or
other works by which said water is
conducted to such place of use is
portable pump and sprinklers.
The right to take water from such
works is based upon Permit No. 25066.
The source of supply from which
such water is diverted is Little Wei-
ser River.
The date of priority which said
user is prepared to establish is July
21, 1954.
MARK R. KULP,
State Reclamation Engineer.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
SEP 23 1957
Department of Reclamation

Permit No. 25066

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Charles C. Clelland Cambridge, Idaho Farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 25066 Date--July 22, 1954 Priority date--July 23, 1954

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Little Weiser River and Slough (unnamed old channel of Little Weiser River)
At a point on the Weiser River in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$, Sec. 15, Twp 15 N R 3 WBM.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Pump and sprinkler system. Twenty-two size 30 nozzles and thirty-five
size 40 nozzles, operating pressure 40 to 50 lbs.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation, sub-irrigation and stock water. 53 A. in NW $\frac{1}{4}$,
101 A. in NE $\frac{1}{4}$ and 6 A. in SE $\frac{1}{4}$ Sec 15, Twp 14 N Range 3 WBM. Most is cultivated
land on which crop has been improved by use of water. Part is newly cleared
land which can now be irrigated and have been planted to grasses.

NE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$; 15 Sec. 16 & Sec. 5, 14 N - 3 W.

25066

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Dam on Slough holds water together for cattle. Slough water is seepage water.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately 1500 gallons daily.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 16 acres irrigated the summer of 1954, the rest of the acreage added in 1955, and the full 160 acres have been irrigated each summer since.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

PERMIT NO. 25066

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. E. L. Alexander Age 58 Manager Idaho Power Cambridge, Idaho

Ques. 2. Are you acquainted with Charles G. Clelland, the holder of Permit No. 25066? How long have you known him and where does he reside?

Ans. Yes. Known him about eight years. He resides at Cambridge, Idaho

Ques. 3. Have you read or heard read said Permit No. 25066, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Little Weiser River, at a point in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$, Sec. 15, Twp 14 N Range 3 WBM. Pump and sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. System will handle about 2.5 c.f.s. and I've seen it in operation.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on cultivated land, located as follows, 53 A. in NW $\frac{1}{4}$ 101 A. in NE $\frac{1}{4}$, 6 A. in SE $\frac{1}{4}$, Section 15, Twp 14 N. Range 3 WBM. Pump and associated equipment permanently installed. 17 A. of land cleared, land leveled, and now under crop rotation, hay, grain and pasture.

25066

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation and stock water

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Very productive land, and approximately 1 inch of water per acres
required for profitable cultivation

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Personal observation each year, electrical sprinkler system.

(Signed) E. L. Alexander

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Cambridge,

PERMIT NO. 25066

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Melvin Dotson Age 46. Farmer Cambridge, Idaho

Ques. 2. Are you acquainted with Charles C. Clelland, the holder of Permit No. 25066? How long have you known him and where does he reside?

Ans. Yes. I've known him 25 years. He resides at Cambridge, Idaho.

Ques. 3. Have you read or heard read said Permit No. 25066, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Little Weiser River, at a point in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$, Sec. 15, Twp 14 N Range 3 WBM. Pump and sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. System will handle approximately 500 gallon per minute and I've seen it so used.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation, on cultivated land. 53 A. in NW $\frac{1}{4}$, 101 A. in NE $\frac{1}{4}$, 6 A. in SE $\frac{1}{4}$, Sec. 15, Twp. 14 N Range 3 WBM. Land improved by the use of irrigation and the crop yield greatly increased.

25066

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Good dry land which needed only water for its profitable cultivation.

The amount presently used thru irrigation system is apparently the amount of water needed.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Harvest crops for the owner every fall and have witnessed the use of the water.

(Signed) Melvin Dotson

STATE OF IDAHO

ss.

County of Washington

Charles C. Clelland

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 25066, and that his postoffice address is Cambridge, State of Idaho.

Second: That the name of the stream from which said water is to be diverted is Little Weiser River and Slough (unnamed old channel of Little Weiser River).

Third: That the point of diversion of said water is at a point on the Weiser River in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ Sec. 15, Twp. 14 N. R. 3 W.B.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by July 22, 1959.

Fifth: That the use for which said water is intended is irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Pump and sprinkler system
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line
(State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use

3.2 second feet of water. 500 to 600 gallons per minute.

Eighth: That water appropriated under said permit is available for 160 acres of land described as follows: 53 A. in NW $\frac{1}{4}$, 101 A. in NE $\frac{1}{4}$ and 6 A. in SE $\frac{1}{4}$ of Section 15, Twp. 14 N. Range 3 W.B.M.

Dear Mr. Clelland:

In reply to your letter of August 7, 1955, we enclose a form of application for permit to appropriate the public waters of the State of Idaho together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of Completion of Works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such Beneficial Use. The additional time required for making this proof should be stated under Question 13 of the application.

December 11, 1954

RE Permit No. 25066

Mr. Charles C. Clelland
Cambridge
Idaho

Dear Mr. Clelland:

I have your letter of December 7, 1954, on Permit No. 25066.

There seems to be no apparent reason why you can not conduct legally appropriated water to a central point for pumping.

The only requirement would be that it would not interfere with existing rights.

Proof of Completion of Works should be made by executing Form 6 before a Notary Public and returning to this department with the statutory fee of \$5.00.

Before making proof of Beneficial Use, the law requires publication once a week for four weeks in the county where the water is located. This notice should be made in duplicate on Form 10 setting the time and place and naming the Notary Public before whom the proof is to be made. The time must be set far enough ahead to allow for four weeks publication and the proof may be made at any place convenient for you and your two witnesses.

Both copies of Form 10 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at you expense in the designated county newspaper.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Sir:

I'm ready to prove up on
the water I have filed on.

Application 32894 - Permit
no 25066. I installed a portable
pumps and sprinkler system
on July 24 and used water
from then until in October.
What else do I have to do now
to prove up on it?

Could I divert the water
from Little Weiser River
into the Slough (the unnamed

25066

old channel of Little Weiser
river) by way of a small
channel? - (all on my own
place) The reason for this
is that I want to set up
one central pumping point.
Sincerely,

Charles C. Clelland
