NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2 P.M., on the 20th day of April, 1959, at Cambridge, County of Washington, State of Idaho, before Arthur Wilson, Notary Public, at Cambridge, Idaho, proof will be submitted of the completion of works for the diversion of 0.5 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G24917 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is G. H. Edmison, Cambridge, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is .12 cubic feet per second.

3. The use to which said water has been applied is irrigation, domestic and stockwatering purposes, and the amount applied to beneficial use is .12 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 2, Twp. 14 N. R. 3 W. B. M.

5. The place where said water is used is NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 2, Twp. 14 N. R. 3 W. B. M.

6. The date of priority which said user is prepared to establish is May 3, 1954.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 32735
Permit No. G- 24917
District No.

1. Name of Applicant: G. H. EDMISON
Postoffice address: Cambridge County: Washington State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 0.50 or Idaho
Miners' inches 25 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean flow (artesian well)
(338 ft. N. from S.W. corner and 134 ft. East)
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 2
Twp. 14 N. , Rge. 3 W. , B.M., County of Washington
5. Water is to be used for: Irrigation, domestic and stock watering purposes.
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Artesian well and probanly pump and sprinkler system.
8. Estimated cost of works: \$ 3,000.00
9. (a) Is reservoir to be used?
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Five(5) years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Approx. 4 inches from Rush Creek
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: Artesian well is now flowing approximately 6 inches of water; it is hoped by pumping that the well will produce around 25 inches.

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

REPORT OF ENGINEER

Permit No. G-24917

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant G. H. Edmison

2. Source of water supply: Subterranean flow from a well

3. Location of point of diversion: Is in the NE 1/4 of Section 2

T. 14 N. R. 3 W.B.M. County of Washington

4. Describe works as they exist, giving dimensions and capacities of same: Well = 25.5' x 6"

Cased 186' x 4" open delivery thru 4" pipe then a milk cooler.
There is a 1/2 hp domestic water system in the pump house.
Pump house is over well. Insulated concrete floor. 8' x 12' x 7 1/2' high.
A 3 hp Smithway motor and pump have been used to sprinkle
irrigate on the place. 6 nozzle sprinkler system.

5. Water is used for: Irrigation, domestic, and stock watering purposes

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NE 1/4 Section 2, Township 14 North, Range 3 West, B. M.

Pump and motor are also used to pump his ditch water
up onto the land above the ditch. Pump and
motor at that P.D. on this date.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Mr. Edmison along

Approx. one half pipe full (4" steel pipe) flows into
the milk cooler, then on three pasture for stock
water.

He is afraid to shut off the flow for fear his
well will quit.

This well is satisfactorily controlled.

This examination was made on the 12 day of April, 19 60

Re: Permit # G-24917

G. H. Edmison
Cambridge, Idaho

Dear Mr. Edmison:

Statutes requires a field inspection in connection with the proofs on Permit # G-24917 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Tuesday, April 12th,
in the morning, as soon as I can drive up from Boise.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-24917, May 3, 1954 5-14-54

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. from a well in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 2, Twp. 14 N. R. 3 W. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well, 255 feet deep with artesian flow. Gravity system used for
irrigation on elevations below the well. Pump and sprinkler system used
for irrigating higher elevations. 5 H.P. electric motor and pump capable
of throwing 24" of water. Only 6" available from well. Casing 4",
can lower water to about 22' below top of casing, as suction pump is used.
6 sprinkler heads used

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. household use, stock water, and for irrigation

Irrigate 5 acres. Cultivated. In NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 2, Twp. 14 N. R. 3 W.

G24917

JR

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Household and stockwatering

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 5000 gal for house, and 10,000 gal for livestock, per month.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Used daily for household use. Used daily and weekly for irrigation purposes during irrigation season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Water right for 12.5 inches on this forty used in connection with water from well. All lands in same subdivision.

(Sign)

G. H. Edmister

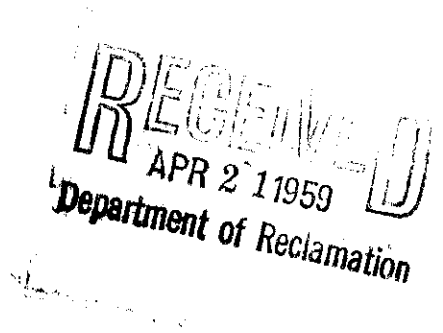

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Cambridge, County of Washington, State of Idaho, on this 20th day of April, A. D. 1959.

Permit No.

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Charles M. Sale, 35, Cambridge, Idaho, farmer

Ques. 2. Are you acquainted with G. H. Edmison, the holder of Permit No. G-24917? How long have you known him and where does he reside?

Ans. Yes. Known him 15 years, residing at Cambridge, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24917, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Artesian well, on the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 2, Twp. 14 N. R. 3 W.
Irrigation by gravity through 4" pipe, and when by pump he uses 6" sprinkles, Electric pump and motor.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Estimate up to 25" water. Have seen sprinkles covering about 12 acres land.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. enough to irrigate about 12 acres land.

24917

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. irrigation, on the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 2; for stockwatering and
in house. About 12 acres, cultivated.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Crop land needs about 1 $\frac{1}{2}$ in per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Two or three times each summer I witnessed the irrigation.

Permit No. G-24917

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lyle J. Clure, age 47, Cambridge, Idaho. Mechanic.

Ques. 2. Are you acquainted with G. H. Edmison, the holder of Permit No. G-24917? How long have you known him and where does he reside?

Ans. yes. About 12 years.

Ques. 3. Have you read or heard read said Permit No. G-24917, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. From artesian well, on NE 1/4 NW 1/4 Sec. 2, Twp. 14 N. R. 3 W.
Part is gravity, and part is pumping system

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Artesian flow is about 55 gal per minute. Pumps all of this, and possibly a little more.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Enough to operate 6 sprinkler heads, estimated at least 60 gal per minute.

Report of measured flow is 55 gal per min.

G 24917

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. used for irrigation on his place. (NE $\frac{1}{4}$ NW $\frac{1}{4}$), and for domestic purposes, including stockwatering. About 5 acres pasture land, and some affalfa land in addition.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Cultivated land, 1 to 1 $\frac{1}{2}$ in per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Saw the sprinklers working three or four times. Many times I saw the well flowing and irrigating lands in the irrigation season.

Mr. G. H. Edmison
Cambridge, Idaho

Dear Mr. Edmison:

We acknowledge the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24917. The proofs are to be made at 2:00 P. M. on the 20th day of April, 1959, before Arthur Wilson, Notary Public, at Cambridge, Idaho.

As of this date we have mailed the Notice to the News-Reporter, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. W. CARTER
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2, M., on the 20th day of April,
19 59, at Cambridge, County of Washington, State of Idaho,
before Arthur Wilson, Notary Public, at (address) _____
Cambridge, Idaho, proof will be submitted of the completion of
works for the diversion of .12^{0.5} cubic feet per second of underground water
from a well, and of the application to beneficial use of said water, in accord-
ance with the terms and conditions of Permit No. G 24917 heretofore issued
by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit is G. H. Edinison, Cambridge, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use is .12 cubic feet per second.

3. The use to which said water has been applied is irrigation, domestic,
and stockwatering purposes, and the amount applied to beneficial use is
.12 cubic feet per second.

4. The point of diversion of said water is well from the NE 1/4 of the
NE 1/4 NW 1/4 Sec. 2, Twp. 14 N. R. 3 W. B. M.

5. The place where said water is used is the NE 1/4 NW 1/4 Sec. 2,
Twp. 14 N. R. 3 W. B. M.

6. The date of priority which said user is prepared to establish is

RE: Permit No. G-24917

Date March 5, 1959

Mr. C. D. Edmison
Cambridge, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24917 are due not later than May 14, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

State Reclamation Engineer
