No. 2307
NOTICE FOR PUBLICATION
NOTICE OF PROOF
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at
10:00 A. M. on the 15th day of
April, 1954, at Weiser, County of
Washington, State of Idaho, before
E. W. Horner, Notary Public,
proof will be submitted of the ap-
plication to beneficial use of 0.04
cubic feet per second of the wa-
ters of un-named spring, tributary
to Dixie Creek in accordance with
the terms and conditions of Per-
mit No. 24110 heretofore issued
by the State Reclamation Engi-
neer of the State of Idaho.

The name and postoffice address
of the person or corporation hold-
ing said permit are Cora E. Butts,
Midvale, Idaho.

The use to which said water has
been applied is stock watering.

The amount applied to benefi-
cial use is 0.04 cubic feet.

The place where said water is
used is the Southwest quarter of
Section 33, Township 14 North,
Range 2 West of Boise Meridian.

The name of the canal or ditch
or other works by which said wa-
ter is conducted to such place of
use is not named.

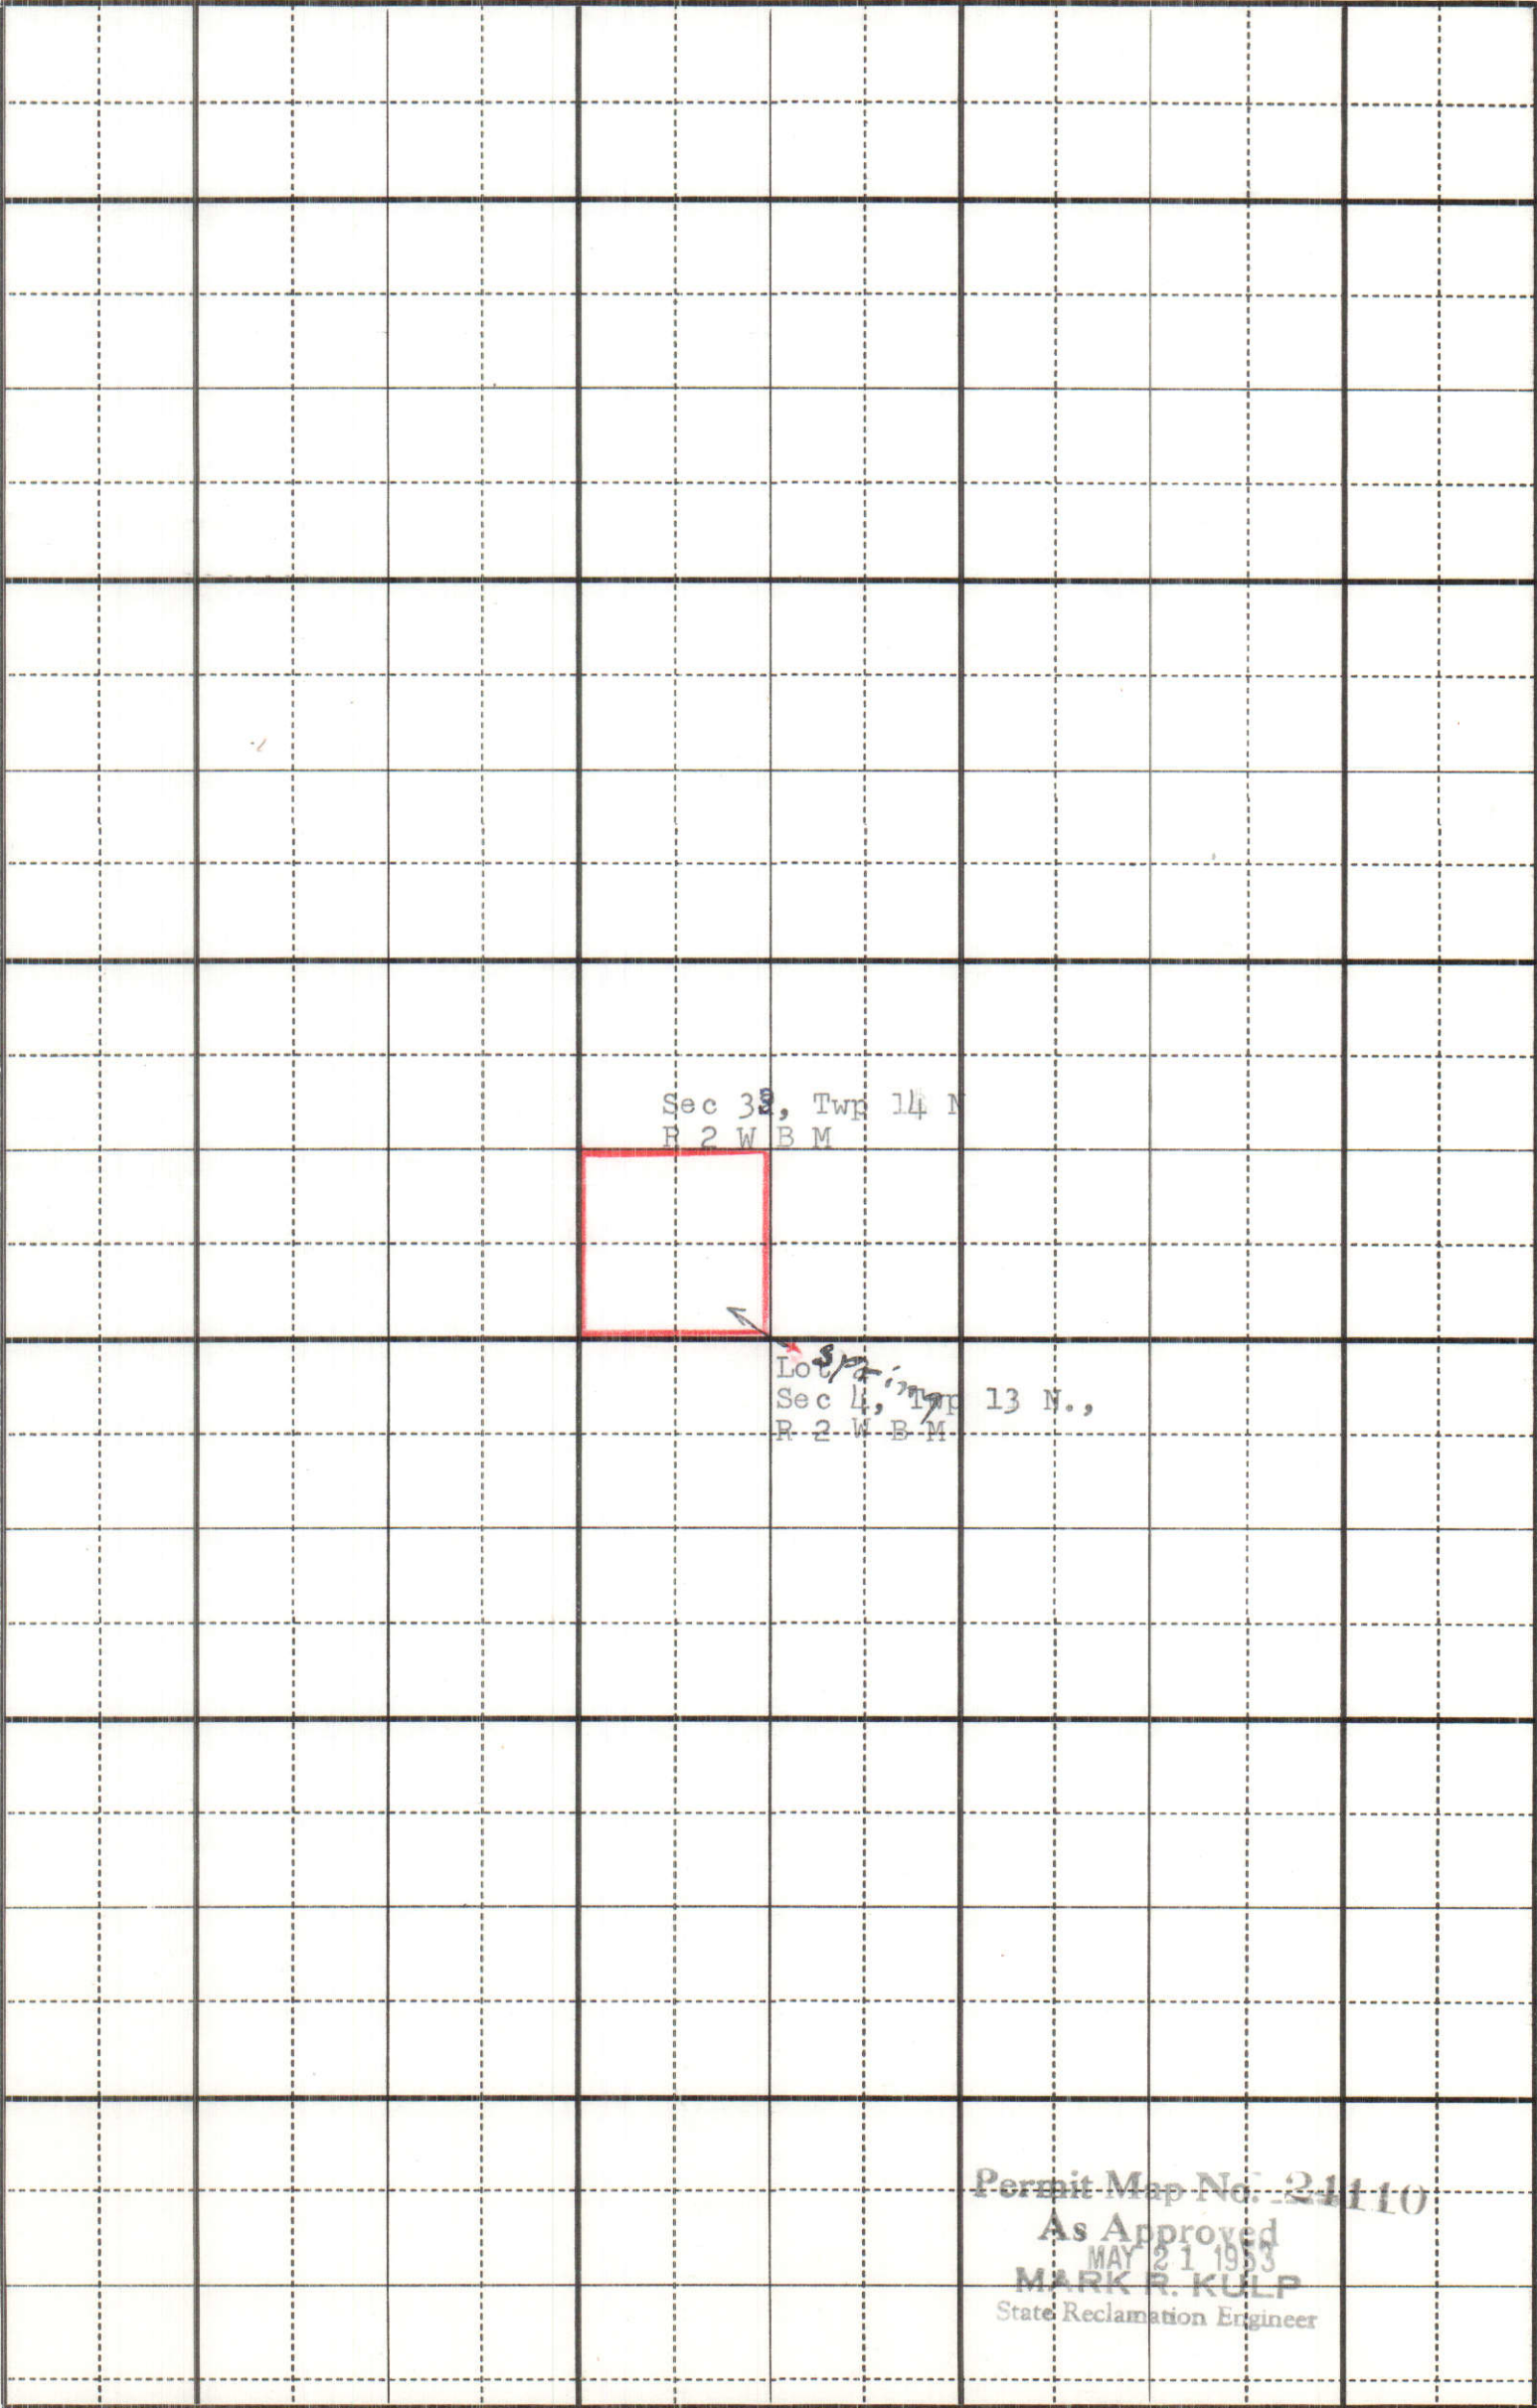

The right to take water from
such works is based upon Permit
No. 24110.

The source of supply from which
such water is diverted is un-named
spring.

The date of priority which said
user is prepared to establish is
May 5, 1953.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 31895
PERMIT No. 24110
DISTRICT No.

1. Name of Applicant: CORA E. BUTTS

Postoffice address: Midvale

County: Washington State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: Two (2) inches

cubic feet per second.

3. Source of water supply: unnamed spring

which is a tributary of Dixie Creek, Washington
County, Idaho

4. Location of point of diversion: 250

feet distant from the northwest

Lot 2

corner of Section 4, T. 13 N., R. 2 W., B.M., and is in the

of Section, T., R., B.M., County of Washington

5. Water is to be used for Stock water

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the

of Section, T., R., B.M.

7. Estimated cost of works: \$ 75.00

8. Kind of works: Metal pipe

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit 300 feet miles.

Average grade per mile feet.

12. The time required for the completion of such work is six months years.

13. The time required for the complete application of the water to the proposed use is additional years.

14. The land to be irrigated is described in the following tabulation: See remarks. No Irrigation

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

RE: Permit No. 24110

Mrs. Cora E. Butts
Midvale
Idaho

Dear Mrs. Butts:

The report of our field engineer on examination for beneficial use on your Permit No. 24110 shows that the spring in the NW corner of Lot 2 Section 4, Township 13 North, Range 2 West B.M. will produce .01 second foot of water which has been used for stock watering purposes on the SW $\frac{1}{4}$ Section 3, Township 4 North, Range 2 West B.M.

A license can therefore be issued for that amount upon receipt of the statutory fee of \$5.00.

Very truly yours,

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

REPORT OF ENGINEER

Permit No. 24110This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant Mrs. Cora E. Butts, Midvale, Idaho2. Source of water supply: An un-named spring, tributary to Dixie Creek3. Location of point of diversion: Is in the SW corner Lot 2 of Section 4T. 13 N. R. 2 W. County of Washington

4. Describe works as they exist, giving dimensions and capacities of same: At spring = 1 piece 36" x 27" of concrete tile on end with heavy concrete lid. 1/2" steel pipe line to stock water tank at place of use in corner of pasture. No control - over flow in center of tank.

5. Water is used for: Stock watering6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Place of Use: SW 1/4 Section 33, Twp. 14 N., Range 2 W., B.M.See map.

0.28 " flow measured with 1 gal. jug and stop watch
4 min. 32 sec.

Spring flows heavier in spring - mostly constant thru summer.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? none

Remarks:

This is a small spring rising in the County Road right of way on south side of road uphill approx. 100 yds. from the stock water tank. Mr. Butts said they had to get permission from County Comm.

Butts have sold and now live near Fruitland.

This examination was made on the 19 day of October, 19 54(Signed) E. N. Humphrey Examiner.

RE: Permit No. 24110

Mrs. Cora E. Butts
Midvale
Idaho

Dear Mrs. Butts:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Weiser Signal-American all in proof of beneficial use under your Permit No. 24110.

This completes the proof but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Meanwhile, we return your receipted bill for the costs of publication which you will doubtless wish to keep in your own files.

Very truly yours,

MARK R. KULP

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 24110, May 21, 1953

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Spring. Diversion point 250 feet from the Northwest corner of Lot 2, Section 4, Twp 13 N., Range 2 W. B. M., County of Washington State of Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Spring walled with 32" tile with concrete lid, and 300 feet of one-half inch galvanized pipe running to stock trough.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Used for stock water used in pasture in Southwest Quarter Section 33 Twp 14 North, Range 2 W.B.M.

24110

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Used for stock water. Gravity flow.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. .04 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been used since may 21, 1953 for stock water through pipe as described above.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 24110

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J. C. Larlile, 48, 156 E. Idaho, Cream station propr.,
Weiser, Idaho

Ques. 2. Are you acquainted with Cora E. Butts, the
holder of Permit No. 24110? How long have you known him and where does
he reside?

Ans. Yes. 5 years. She resides at Midvale, Idaho

Ques. 3. Have you read or heard read said Permit No. 24110, and are you
familiar with its provisions and conditions? Yes

Ans. _____

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Spring developed for stock water. Spring is walled with concrete
tile and piped through one-half inch pipe to pasture about 300 feet
from diversion point, which is in Northwest corner of Lot 2, Section 4,
Twp 13 North, Range 2 W.B.M. in Washington County, Idaho

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. .05 second feet, which is my estimate of water I have seen going
through pipe.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Stock water in pasture.

24110

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water used for stock water.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I saw the water being diverted in October, 1953 and again in
December, 1953.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mrs. Cora E. Butts
Midvale
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 24110 you are required to complete your diversion works on or before November 21, 1953. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

RE: Permit No. 24110

Mrs. Cora E. Butts
Midvale
Idaho

Dear Mrs. Butts:

We have your letter of July 31, 1953, and understand that you are prepared to make both proofs of completion of works and beneficial use on Permit No. 24110.

Completion of works proof should be made on Form 6 enclosed, and returned to this department with the statutory fee of \$5.00.

Before proof of beneficial use is made, the law requires publication of a notice once a week for four weeks in a county newspaper. This notice should be made on Form 10 enclosed, setting time and place and naming the Notary Public before whom proof is to be made. The time should be set sufficiently far ahead to allow for the four weeks publication and the proof may be made at any place convenient for you and your two witnesses.

Both copies of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used in making the proof.

Very truly yours,

**NOTICE FOR PUBLICATION
NOTICE OF PROOF
APPLICATION FOR WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 15th day of April, 1954, at Weiser, County of Washington, State of Idaho, before E. W. Horner, Notary Public, proof will be submitted of the application to beneficial use of 0.04 cubic feet per second of the waters of un-named spring, tributary to Dixie Creek in accordance with the terms and conditions of Permit No. 24110 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Cora E. Butts, Midvale, Idaho.

The use to which said water has been applied is stock watering.

The amount applied to beneficial use is 0.04 cubic feet.

The place where said water is used is the Southwest quarter of Section 33, Township 14 North, Range 2 West of Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is not named.

The right to take water from such works is based upon Permit No. 24110.

The source of supply from which such water is diverted is un-named spring.

The date of priority which said user is prepared to establish is May 5, 1953.

MARK R. KULP,
State Reclamation Engineer
