

6756

State of Idaho
License and Certificate of Water Right

Water License No. 23934

Water District No.

Amount 1.4 c.f.s.

Priority March 24, 1953

THIS IS TO CERTIFY that P. A. LEGG
of Cambridge, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated March 24, 1953; that Permit No. 23934
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3.2 second feet, was issued thereunder on March 10, 1958, showing that said works
were completed on the 26th day of February, 1958; and that on the 2nd
day of May, 1958,
P. A. LEGG

of Cambridge, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Little Weiser
River, a tributary of Weiser River, for the purpose of Irrigation, domestic &
stock water, under Use Permit No. 23934 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 6597, on the 22nd day of January, 1959;
The right hereby confirmed dates from March 24, 1953;
The Point of Diversion is located
in the SE 1/4 SW 1/4, Sec. 13, Tp. 14 N, R. 3 W., B. M. County Washington
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.4 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
14 N.	3 W.	13	SE 1/4 SW 1/4 SW 1/4 SW 1/4	40 40	30 40
Total number of acres irrigated - - -				70	

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

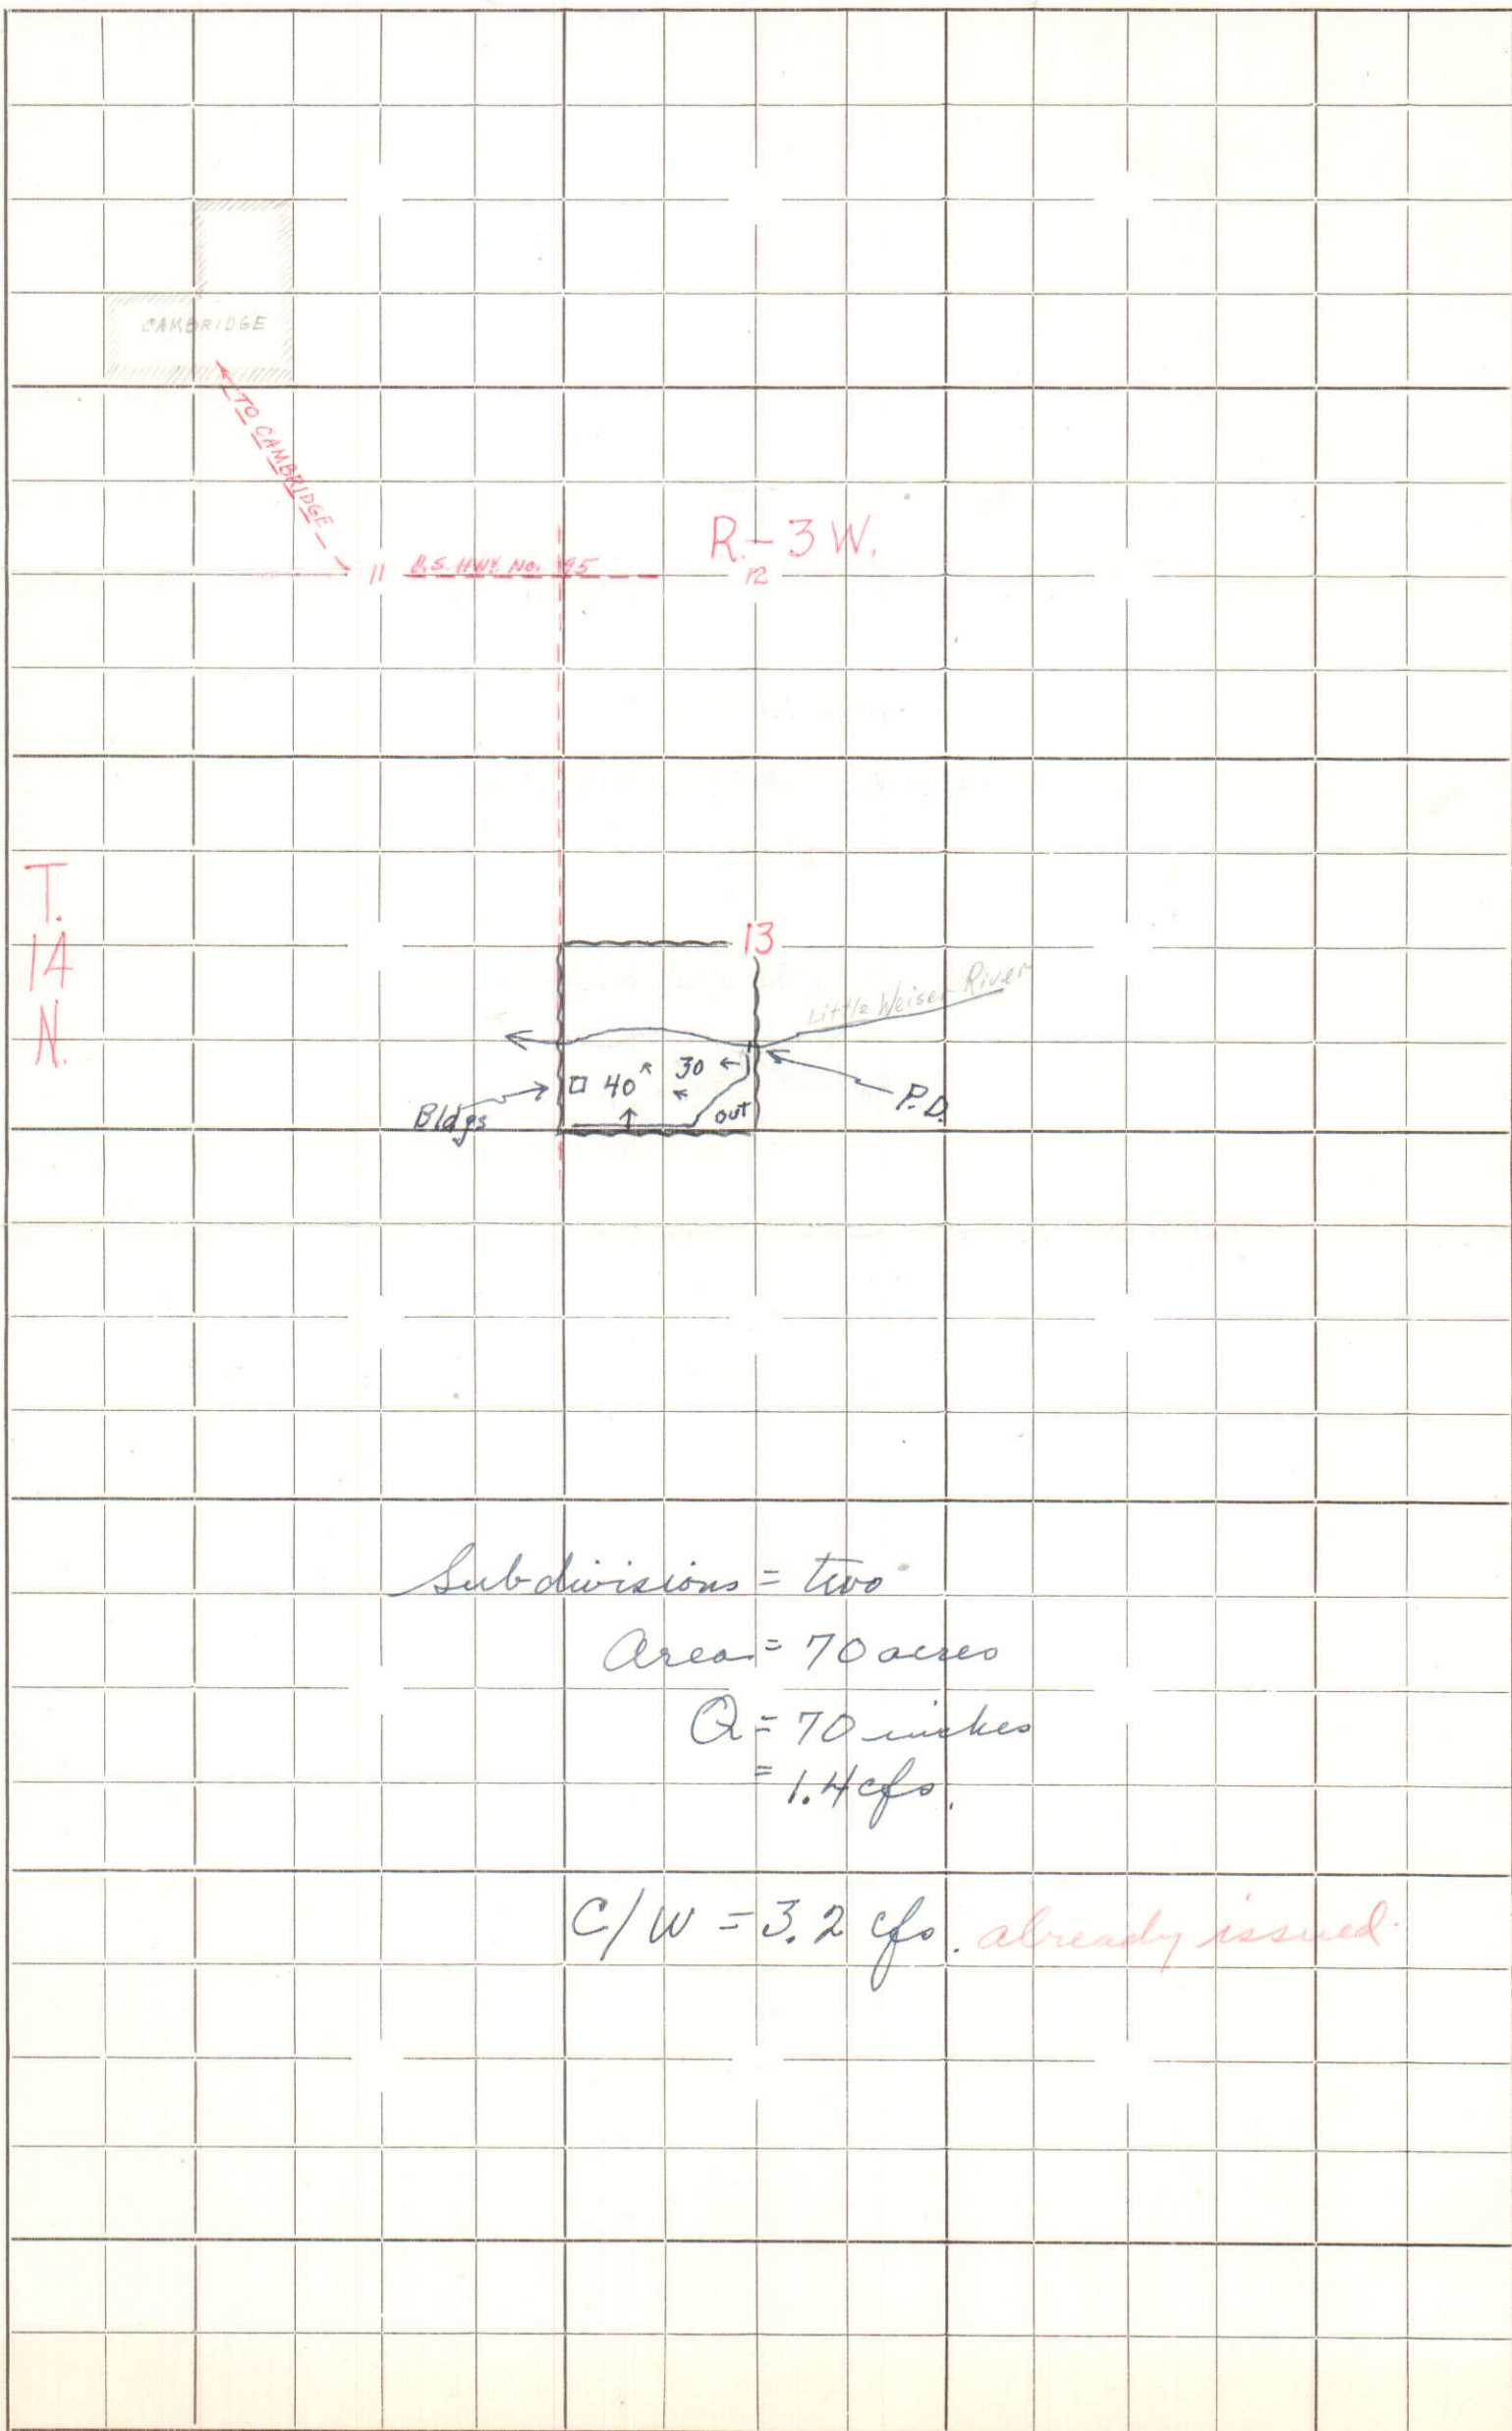

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
22nd day of January, 1959.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 9:00 A. M. on the 2nd day of May, 1958, at Cambridge, County of Washington, State of Idaho, before May Collins, Notary Public, proof will be submitted of the application to beneficial use of 3.2 cubic feet per second of the waters of Little Weiser River in accordance with the terms and conditions of Permit No. 23934 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person holding said permit is P. A. Legg, P. O. Box No. 4, Cambridge, Idaho.

The use to which said water has been applied is irrigation, domestic and stock water. The amount applied to beneficial use is 3.2 cfs. The place where said water is used is SW $\frac{1}{4}$ Sec. 13, T. 14 N., Rge. 3 W. B. M.

The right to take water from such works is based upon Permit No. 23934. The source of supply from which such water is diverted is Little Weiser River in SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 13, Twp. 14 N., Rge. 3 W. B. M.

The date of priority which said user is prepared to establish is March 24, 1953.

MARK R. KULP
State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 31715
PERMIT No. 23934
DISTRICT No.

1. Name of Applicant: **P. A. LEGG,**

Postoffice address: **P.O. Box # 4, Cambridge**

County: **Washington**

State: **Idaho**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: **3.2** cubic feet per second.

3. Source of water supply: **Little Weiser River** which is a tributary of **Weiser River**

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B. M., and is in the **SE $\frac{1}{4}$ SW $\frac{1}{4}$**
of Section **13** , T. **14 N.** , R. **3 W.** , B.M., County of **Washington**

5. Water is to be used for **Irrigation, domestic and stockwater purposes.**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ **3,500.00**

8. Kind of works: **Pump, pipe-line, ditches. 292' X 15" pipe. 13 $\frac{1}{2}$ ' lift.**

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom **2** feet; width at water line **4** feet; depth of water **1** feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is **Five(5)** years.

13. The time required for the complete application of the water to the proposed use is **Six (6)** additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **No record rights**

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Dear Mr. Legg:

Our field engineer's report on his inspection of the beneficial use of water under the terms of Permit No. 23934 shows that you have put 70 miners inches (1.4 c.f.s.) of water to use for irrigation of 70 acres.

Upon receipt of the statutory fee of \$4.00 (fee is based at the rate of two dollars for each 40-acre subdivision) we will issue the License and Certificate of Water Right confirming the right with priority of March 24, 1953, to the use of 1.4 second foot of water from Little Weiser River, with point of diversion in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 13, for irrigation of 70 acres in the S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 13, Township 14 North, Range 3 West, B.M.

Re: Permits No. G-23933 and 23934

Mr. P. A. Legg
Cambridge
Idaho

Dear Mr. Legg:

On March 24, 1953, Permits No. G-23933 and 23934 were approved and sent to you with our letter of May 16, 1953. The following is to advise you of the status of these permits:

Permit No. G-23933 - filed on 5 miners' inches (.1 c.f.s.) of subterranean water (well), with point of diversion in NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 11, Township 14 North, Range 3 West, County of Washington, for irrigation of 5 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 11. On February 3, 1958, a letter notifying you that proof of completion of works and beneficial use was to be submitted on or before April 2, 1958, which were the terms under which the permit was issued. Your February 16, 1958, letter stated that you were irrigating only half of land under Permit No. G-23933 and that other work would have to be done to complete and ask what you should do. Our letter of February 20, 1958, in answer, explained that at the time the permit was issued the maximum time, by statute, was allowed and that an extension of time could not be granted but that you could prove up on the work which was completed at that time. Since you did not make proof, a pre-cancellation notice was sent to you May 21, 1958, which notice allows sixty days for proof to be submitted, after which, if proof is not submitted the permit is cancelled.

Permit No. 23934 - Certificate of Completion of Works was issued for 3.2 second feet of water from Little Weiser River to irrigate the 160 acres in the SW $\frac{1}{4}$ of Section 13, Township 14 North, Range 3 West, B.M. Deposition of Proof of Beneficial Use states that you are irrigating 80 acres in the S $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 13. This proof is acceptable and license under this permit is pending inspection by the field engineer from this department. You may, whenever you wish, file application for another permit to develop a system to irrigate the N $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 13, for which proof was not made at this time.

Very truly yours,

GEO. N. CARTER

July 7, 1958

AMB

State Reclamation Engineer
Department of Reclamation
Boise, Idaho

Dear Sir:

After receiving your letter of June 18, I am confused as to the two permits which it seems must be on record for me, with numbers G-23933 and ~~G~~-23934. I have in my possession only permit No. G-23934. It was applied for to cover 160 acres of land, and I have completed the work to irrigate the two south forties of the SW $\frac{1}{4}$ of Section 13, Township 14 N. Range 3 WBM.

If the proofs which I have submitted will be approved under this permit, I am willing to let the proof for the other 80 acres go and file another application for a new permit for those acres. However, as I stated in my letter of June 6, if necessary in order to complete proof under permit G-23934, I will purchase a pump and put the water to use on these 80 acres, also.

I am at a loss to know just what the permit No. ~~G~~-23933 has been given for, what lands are to be irrigated, and from what source the water would come. There must be some error in these numbers. I want to be sure that there is no error which will keep me from getting the right to use the water for the 80 acres which the work has been completed for.

Very truly yours,

W. L. Legg

Re: Permit No. G-23933 & Permit No. 23934

Mr. F. A. Legg
Cambridge, Idaho

Dear Mr. Legg:

In reply to your letter of June 6, 1958, stating that you have approximately 80 acres under irrigation, upon which works are completed and you are in readiness to make Proof of Completion of Works and Beneficial Use.

We would suggest in this case, that you make Proof on the 80 acres or whatever you can at the present time and then refile on the balance by filing an application for a new permit.

We do not think that it will be possible for anyone from this department to be in your territory very soon to look over the situation.

We wish to say that on Permit No. 23934, you have submitted Proofs to this office and this permit is waiting the examination of the field engineer, which will be made sometime during the coming summer, however on Permit No. G-23933, Proofs were due on April 3, 1958, so you had better take immediate action in making partial proof on this permit.

Very truly yours,

S. N. HUMPHREY
Deputy State Reclamation Engineer

RECEIVED
JUNE 18, 1956
Department of Reclamation

Application for Amendment

LAND LIST

Permit No. G-23492

Comes now Willard Cranney

and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-23492, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

T. 12 S., R. 22 E.B.M., S. 32, NE $\frac{1}{4}$: S. 33, NW $\frac{1}{4}$: S. 28, E $\frac{1}{2}$ SW $\frac{1}{4}$

The reason for this request is that a mistake was made on the original
Application for Permit.

making a total of 400 acres.

Signed at Burley, Idaho this 16th day of June
56
1956.

/s/ Willard Cranney

Date of Receipt at office of Department of Reclamation June 18, 1956

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-23492. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Re: Permit No. 23934

Mr. P. A. Legg
Cambridge,
Idaho

Dear Mr. Legg:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the News-Reporter, all submitted in Proof of Application of Water to Beneficial Use, on Permit No. 23934.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
MAY 7 1953
Department of Reclamation

Permit No. 23934

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. ✓ P. A. Legg Cambridge, Idaho Farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. ✓ No. 23934 Date ✓ April 2, 1953 . Priority date March 24, 1953 ~~April 2, 1949.~~

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. ✓ Little Weiser River. Point of Diversion NE corner of SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 13, T. 14 N R. 3 WBM, Washington County.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Pump is used to lift water from above a dam in the river, and is conveyed by underground cement pipe, 15", to open ditch, a distance of 292'. The water is used from the open ditches, gravity flow.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation and stock water. Acres irrigated are 80, all of the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 13, T. 14 N R. 3 WBM. Part was in cultivation, dry land, and part was brush land, unprofitable to clear and farm without the use of water. All of the acres have been improved by the use of the water.

23934

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water has been used to the fullest extent each summer since 1949 as the land has been ready for it.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in _____ Cambridge _____, County of _____ Washington _____, State of Idaho, on this _____ 2nd _____ day of _____ May _____, A. D. 1958.

PERMIT NO. 23934

Proof of Application of Water to Beneficial Use

Deposition of Witness

refer to front

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Raymond L. Clure Age 49. Farmer. Cambridge, Idaho

Ques. 2. Are you acquainted with P. A. Legg, the holder of Permit No. 23934? How long have you known him and where does he reside?

Ans. Yes. I've known him 20 years and he resides at Cambridge, Idaho

Ques. 3. Have you read or heard read said Permit No. 23934, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Out of Little Weiser River, at a point in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 13 T14N, R3W.
Water is pumped from behind a dam placed in the river, and carried in pipe
underground 292 feet to open ditch and is used from the open ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Between 3 and 4 second feet of water can be safely conducted to place of use and I have seen the water being so conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and stock water. Is used on the S $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 13, T 14N R 3 WBM. Part of this land had been cultivated and the rest of the acreage has been added to cultivation since the water has been used.

23934

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land reclaimed was brush land, and unprofitable to put into cultivation
without water to used. It will require at least an inch per acres of water to
irrigate.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I've watched the full use of the water diverted under said permit every
summer since he has completed the ditches.

(Signed) Raymond L. Blum

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Richard R. Higgins Age 26 Cambridge, Idaho Farmer

Ques. 2. Are you acquainted with P. A. Legg, the holder of Permit No. 23934? How long have you known him and where does he reside?

Ans. Yes. I have known him 15 years and he resides at Cambridge, Idaho

Ques. 3. Have you read or heard read said Permit No. 23934, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Little Weiser River, in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 13, T 14 N R 3 WBM, Washington Co.
Electric pump placed in river above a dam to hold the water, and carried in
pipe underground 292 feet to open ditch where it is used from the open ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. At least 3.2 second feet, and I have seen the water being conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and stock water. S $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 13, T 14 N R 3 WBM is all
being irrigated. This was dry farm land, but has been improved by the
use of the water, and a little more of it is farmable.

23934

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land was just dry land, unprofitable to farm without water. It requires
at least an inch per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. The last several summers I have witnessed the full use of the water
diverted under said permit.

RECEIVED

FEB 28 1958

Department of Reclamation

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 9:00 A.M., on the 2nd day of May,
1958, at Cambridge, County of Washington, State of Idaho,
before May Collins, Notary Public, at (address) Cambridge,
Idaho, proof will be submitted of the completion
of works for the diversion of 3.2 ☒ cubic feet per second of Little Western River
water from a well, and of the application to beneficial use of said water,
in accordance with the terms and conditions of Permit No. 23934 heretofore
issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit are P. A. Legg ^{PO BOX 4-} Cambridge, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use is 3.2 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic
and stock water purposes, and the amount applied to beneficial use is
3.2 cubic feet per second.

4. The point of diversion of said water is SE 1/4 Sec. 13, T 14N, R 3W
Washington County

5. The place where said water is used is SW 1/4 Sec. 13, T 14N, R 3W
Washington County

6. The date of priority which said user is prepared to establish is

RE: Permit No. 23934

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

P.A. Legg
P.O. Box #4
Cambridge, Idaho

Boise, Idaho **February 3, 1958**

Dear Sir:-

Under the terms of your permit No. 23934 you are required to complete your diversion works on or before April 2, 1958. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
State Reclamation Engineer

RE: Permit Nos. G-23933 and 23934

Mr. P. A. Legg
Cambridge, Idaho

Dear Mr. Legg:

We enclose Permit Nos. 23933 and 23934, and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. 25710 for the \$10.75 filing fees.

Since Permit No. 23934 is to take the place of Permit No. 20650, we enclose a form of relinquishment for Permit No. 20650 which please sign and have witnessed, and return to this department, in order to clear our records.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NAME OF APPLICANT P. H. Legg

Form No. 0

SCALE: 2 Inches Equal 1 Mile. Draw Plan In Ink.

23934

NOTICE OF PROOF APPLICATION OF PERMIT TO BENEFICIAL USE.

Notice is hereby given that at 9:00 A. M. on the 2nd day of May, 1958, at Cambridge, County of Washington, State of Idaho, before May Collins, Notary Public, proof will be submitted of the application to beneficial use of 3.2 cubic feet per second of the waters of Little Weiser River in accordance with the terms and conditions of Permit No. 23934 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person holding said permit is P. A. Legg, P. O. Box No. 4, Cambridge, Idaho.

The use to which said water has been applied is irrigation, domestic and stock water. The amount applied to beneficial use is 3.2 cfs. The place where said water is used is SW $\frac{1}{4}$ Sec. 13, T. 14 N., Rge. 3 W. B. M.

The right to take water from such works is based upon Permit No. 23934. The source of supply from which such water is diverted is Little Weiser River in SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 13, Twp. 14 N., Rge. 3 W. B. M.

The date of priority which said user is prepared to establish is March 24, 1953.

MARK R. KULP
State Reclamation Engineer.
