Examination for Completion of Works
 and Beneficial Use
 Washington
 County

S.34 - 11N - 5W

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

PUBLIC NOTICES

No. 2186

NOTICE OF PROOF OF COMPLETION OF WORKS

and

APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at
two o'clock P. M., on the 7th day
of April, 1953, at 31 West Idaho
St., Weiser, County of Washington,
State of Idaho, before Frank H.
Joseph, Notary Public, proof will
be submitted of the completion of
works for the diversion of 1.12
cubic feet per second of the waters
of subterranean water, from a well
in W $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 34, Twp. 11 N.,
Rge. 5 W., B. M. and of the appli-
cation to beneficial use of said
water, in accordance with the
terms and conditions of Permit
No. G23256 heretofore issued by
the Department of Reclamation of
the State of Idaho.

1. The name and postoffice ad-
dress of the person or corporation
holding said permit are Claude C.
and Ruby A. Carpenter, Route 2,
Weiser, Idaho.

2. Said works of diversion will
be fully completed on the date set
for such completion, and the
amount of water which said works
are capable of conveying to the
place of use, in accordance with
the plans accompanying the ap-
plication for such permit, is 1.12
cubic feet per second.

3. The use to which said water
has been applied is Irrigation pur-
poses, and the amount applied to
beneficial use is 1.12 cubic feet
per second.

4. The place where said water is
used is in W $\frac{1}{2}$ of the NE $\frac{1}{4}$ of
Section 34, Township 11 North,
Range 5 W, in Washington Coun-
ty, Idaho.

5. The date of priority which
said user is prepared to establish
is August 20, 1952.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31028
Permit No. G- 23256
District No.

1. Name of Applicant: CLAUDE C. and RUBY A. CARPENTER
Postoffice address: Rt. 2, Weiser County: Washington State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 1.12 or Idaho
Miners' inches 56 or gallons per minute. 503
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: A well (subterranean flow)
4. Location of point of diversion or well is in the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 34
Twp. 11 N. , Rge. 58 W. , B. M., County of Washington
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B. M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B. M.
7. Kind of works: Well and pump with pressure spraying system
8. Estimated cost of works: \$ 5,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is
Completed and in use
years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash onhand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 7 acre feet from Galloway
Ditch, but not used
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

WATER RIGHT
DATA ENTRY LOG

[illegible]

November 9, 1953

RE: Permit No. G-23256

Mr. Claude C. Carpenter
Route 2
Weiser, Idaho

Dear Mr. Carpenter:

We enclose Certificate of Completion of Works, also License and Certificate of Water Right issued under Permit No. G-23256, confirming your right to the use of 35 inches, or 0.7 second foot of water from a well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 11 North, Range 5 West, B.M., with priority of August 20, 1952, for irrigation of land in the W $\frac{1}{2}$ NE $\frac{1}{4}$ of said Section 34.

We also enclose departmental receipt No. 26317 for the \$9.00 fees paid in connection therewith.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

November 5, 1953

RE: Permit No. G-23256

Mr. Claude C. Carpenter
Route 2
Weiser, Idaho

Dear Mr. Carpenter:

The report of our field engineer on examination for completion of works and beneficial use on Permit No. G-23256, shows that your well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 11 North, Range 5 West, B.M., will deliver 35 inches of water and that you have irrigated 50 acres in the W $\frac{1}{2}$ NE $\frac{1}{4}$ of said section.

Certificate of Completion of Works and License can therefore be issued for 35 inches, or 0.7 second foot, of water from said well. The statutory fees amount to \$5.00 for Certificate of Completion of Works and \$4.00 License fee or a total of \$9.00.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-23256

Mr. Claude C. Carpenter
Route 2
Weiser, Idaho

Dear Mr. Carpenter:

We have received from Mr. Frank H. Joseph, Notary Public, the depositions of yourself and two witnesses, also affidavit of publication in the Weiser Signal, all submitted in proof of completion of works and beneficial use on Permit No. G-23256.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at two o'clock P. M., on the 7th day of April, 1953, at 91 West Idaho St., Weiser, County of Washington, State of Idaho, before Frank H. Joseph, Notary Public, proof will be submitted of the completion of works for the diversion of 1.12 cubic feet per second of the waters of subterranean water, from a well in W 1/4 NE 1/4 Sec. 34, Twp. 11 N., Rge. 5 W., B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 62456, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Claude C. and Ruby A. Carpenter, Route 2, Weiser, Idaho.
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit is 1.12 cubic feet per second.
3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 1.12 cubic feet per second.
4. The place where said water is used is in W 1/4 of the NE 1/4 of Section 34, Township 11 North, Range 5 W., in Washington County, Idaho.
5. The date of priority of said user is prepared to establish is August 20, 1952.

MARK H. KULP,
State Reclamation Engineer

Permit No. G-23256

Proof of Application of Water to Beneficial Use
Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Claude C. Carpenter and Ruby A. Carpenter Rt. 2, Weiser, Idaho
Farmers

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-23256 August 20, 1952.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean Water by well. NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 34, Township 11,
North of Range 5, W. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Sprinkling system. 1.12 cubic feet per second. Well approximately
50 feet deep. 4 $\frac{1}{2}$ feet x 4 $\frac{1}{2}$ feet Depth to water 43.5 feet. Pump 3
inches measured on inside of pipe at smallest opening.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigating land in W $\frac{1}{2}$ NE $\frac{1}{4}$ Section 34, Township
11, North of Range 5, W. B. M. in Washington County, Idaho. Land
is cultivated, rolling land.

823256

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Does not apply

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.12 cubic feet per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Owners

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Season of 1952 using 42 sprinklers with an output of approximately 500 Gallons per minute to irrigate 50 acres.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Seven acre feet from Galloway Ditch but not used.

Claude C Carpenter
(Sign) *Ruby A Carpenter*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Weiser, County of Washington, State of Idaho, on this 7th day of April, A. D. 19 53,

Frank H. Joseph

BOISE, IDAHO

Permit No. G-23256

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Willis Lee Rea, 43 P. O. Box 143, Weiser, Idaho, Teacher.

Ques. 2. Are you acquainted with Claude G. and Ruby A. Carpenter, the holder of Permit No. G-23256? How long have you known him and where does he reside?

Ans. Known them for two years. They reside at Rt. 2, Weiser, Washington County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-23256, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground water. Use of a 30 hp electric pump and sprinkling system to irrigate.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1.12 cubic feet per second.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. About 500 gallons per minute. Pump was at full capacity. According to the curve of the pump the pump delivers 500 gallons per minute using 42 sprinklers which delivered about 12 gallons a minute per sprinkler.

23256

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. It is used for irrigation. The ground is in the W $\frac{1}{2}$ SE $\frac{1}{2}$ Section 34, Township 11, North of Range 5, W. B. M. There are approximately 50 acres under irrigation. The land is cultivated.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Does not apply.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Soil is sandy loam with rolling contour. Around 500 gallons per minute are needed.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Employed in digging well and in installing pump and irrigation system. The 50 acres were under irrigation during the season of 1952. Helped with irrigation the first three weeks. Irrigation was commenced August 20, 1952.

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Robert Muir, age 23 years, Reside at Rt. 1, Weiser, Idaho.

Ques. 2. Are you acquainted with Claude C. and Ruby A. Carpenter, the holder of Permit No. G-23256? How long have you known him and where does he reside?

Ans. Four years. Rt. 2, Weiser, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-23256, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Underground water. Use a 30 hp electric pump and sprinkler system to irrigate.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 504 gallons per minute. 1.12 cubic feet per second

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Approximately 500 gallons per minute. Pump was pumping at full capacity and according to the pump curve pump delivers about that amount. Also 42 sprinklers were running using about 12 gallons per minute per sprinkler.

J 23256

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation Ground is in the W $\frac{1}{2}$ NE $\frac{1}{4}$ of
Section 34, Township 11, North of Range 5, W. B. M. About 50 acres
are irrigated. Ground is cultivated.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Does not apply.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Ground is a sandy loam type of soil with a rolling topography.
About 500 gallons per minute are needed.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Helped dig the well and install the complete irrigation system.
Also rented the ground and farmed it for one season. The full amount
of irrigable land is irrigated. Irrigation was commenced August 20, 1952.

DEAR SIR:

completion of works and

I enclose herewith the following forms to be used in connection with proof of/beneficial use of water under Permit No. G-23256

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On April 7, 1953, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Weiser, Idaho before Frank H. Joseph, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

RE: Permit No. G-23256

Weiser American
Weiser
Idaho

Gentlemen:

We have checked the notice of proof of completion of works and beneficial use on Permit No. G-23256, contained in your issue of March 11, 1953.

However, the correction mentioned in our letter of March 11, only related to the place of use as described in Paragraph 4, and not to the location of the well as described in the first paragraph, which should read NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 11 North, Range 5 West, B.M., and not W $\frac{1}{2}$ NE $\frac{1}{4}$ of said section.

Will you please make this correction in subsequent issues.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Carpenter:

We acknowledge receipt of duplicate notice for proof of completion of works and beneficial use on Permit No. G-23256, to be made April 7, 1953, before Frank H. Joseph, Notary Public.

However, in checking this notice, we note that you describe the place of use as the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 34, Township 11 North, Range 5 West, B.M., whereas the permit also includes 15.58 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$.

Was this additional land omitted from the notice by error? If so, we can correct the notice before sending it to the newspaper for publication upon authorization from you to do so.

Very truly yours,

RE: Permit No. G-23256

Mr. C. C. Carpenter
Weiser
Idaho

Dear Mr. Carpenter:

It is difficult to fully discuss your questions in a letter. The following discussion may give you the information you desire.

Q. Will rights in a well be jeopardized by use of the water on adjoining lands not owned by owner of well?

A. Your Permit No. G-23256 is a contract between you and the State of Idaho regarding the development and use of water. In it you have stated that the water will be used on certain lands. In order that it may mature into a license, it must be used on those lands or the land list must be amended. At the time of inspection for beneficial use proof if it is not being used on the land stated in the permit it cannot be license.

If it is used on that land and on additional land, only the land list in the permit will be considered, and a license will be issued for the amount of water being used upon the said land up to one inch per acre, or less if less than one inch is being used.

However, if water from your well is used continuously for five years or longer on the adjacent land, it is probable that a court might feel that water had been so dedicated and grant a right due to the continued use.

Q. Could the owner of the land compel us to furnish water indefinitely?

A. Not unless you included his land in your permit; or through long use of the water on his lands by your renter, a court would grant him a right as mentioned above.

23256

December 29, 1952

Q. What protection is afforded if a well is drilled close by and depletes our water supply?

A. At present your only recourse for damage is through the courts. If your well filing is dated prior to his well filing, and you can definitely prove that pumping his well affects your supply, you should have little trouble in getting redress through the courts.

The law of Idaho holds that first in time is first in right so far as the appropriation of public water is concerned.

Very truly yours,

August 20, 1952

Mr. Claude C. Carpenter
Route 2
Weiser, Idaho

Dear Mr. Carpenter:

We acknowledge receipt of the application of yourself and Ruby A. Carpenter to appropriate 600 gallons per minute of water from a well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 11 North, Range 5 West, B.M., accompanied by your check for \$5.00.

We note that your land description gives an acreage of 55.58 acres for which you could be allowed a maximum of one inch per acre, and not 600 gallons per minute which equals between 66 and 67 inches.

If you wish to apply for this maximum, the fee will amount to \$5.25, or an additional 25 cents, being at the rate of \$5.00 for the first 50 inches and 25 cents for each additional 50 inches or fraction thereof.

We shall hold your application awaiting your further advice.

APPLICATION FOR WATER TO
BENEFICIAL USE

Notice is hereby given that at two o'clock P. M., on the 7th day of April, 1953, at 31 West Idaho St., Weiser, County of Washington, State of Idaho, before Frank H. Joseph, Notary Public, proof will be submitted of the completion of works for the diversion of 1.12 cubic feet per second of the waters of subterranean water, from a well in W $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 34, Twp. 11 N., Rge. 5 W., B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G23256 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Claude C. and Ruby A. Carpenter, Route 2, Weiser, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 1.12 cubic feet per second.

3. The use to which said water has been applied is Irrigation purposes, and the amount applied to beneficial use is 1.12 cubic feet per second.

The place where said water is used is in W $\frac{1}{2}$ of the NE $\frac{1}{4}$ of Section 34, Township 11 North, Range 5 W, in Washington County, Idaho.

The date of priority which said user is prepared to establish is August 20, 1952.

MARK R. KULP
