"Dear Mr. S.

I have checked your land descriptions and places of irrigation quite carefully, both in the ASC office and in the County Court House.

I believe you are irrigating two forties ($SW\frac{1}{4}NE\frac{1}{4}$, $NW\frac{1}{4}SE\frac{1}{4}$ of Section 23) that are not included in your permit. Since you said you wanted to be sure that all your irrigated land is included in the license, I am sending you an application for amendment for you to fill out to include these forties.

Very truly yours,

E. N. Humphrey
Field Engineer"

Upon receipt of the amendment and the statutory fee of \$38.00 (based at a rate of \$2.00 for each 40-acre subdivision) we can issue you a License with a priority of Sept. 6, 1953, for the right to your use of .72 second feet of the water from Crane Creek and Spring Creek, with various points of diversion using a sprinkler system, irrigating the $NE\frac{1}{4}$ of Section 15; $SW\frac{1}{4}NW\frac{1}{4}$, $SW\frac{1}{4}$ of Section 14; $E\frac{1}{2}NW\frac{1}{4}$, $E\frac{1}{2}SW\frac{1}{4}$, $SW\frac{1}{4}NE\frac{1}{4}$, $NW\frac{1}{4}SE\frac{1}{4}$, $S\frac{1}{2}SE\frac{1}{4}$ of Section 23; $NW\frac{1}{4}NW\frac{1}{4}$ of Section 25; and the $NE\frac{1}{4}NE\frac{1}{4}$ of Section 26, all in Township 12 North, Range 1 W.B.M.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Frank A. Stephens

Boise, Idaho **August 3, 1954**

Midvale, Idaho

Dear Sir:-

Under the terms of your permit No. 22932 you are required to complete your diversion works on or before October 1, 1954. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
